While here he was a guest of Mike Tritsch, a boyhood friend from the days when they were both residents of the vicinity of Louisville and the event was one most pleasant for both of the gentlemen. OMAHA PARTIES MARRIED

The home of Judge A. H. Duxbury was the scene of a wedding Sunday of two Omaha young people, Miss Alice E. Lloyd and Granville E. Johnson. The young people were accompanied by Mr. and Mrs. Paul E. Burton who witnessed the ceremony. The marriage lines were read by Judge Duxbury in his usual impressive manner.

Threshers Notice a Big Difference

Bread Baked from Victor Flour Gives Men in Field More Energy.

"You can surely tell the difference in the work we turn out when we're well fed," one member of a threshing crew says. "A man out in the field uses up a lot of energy in a short time, and, unless he's had food that sticks to his ribs, he's worn out in a little while."

"That's why we always like to work at the farms where they bake with VICTOR FLOUR. The bread there is really good, and we don't get so hungry between meals. Another thing, bread from Victor Flour is so tasty that we always eat more. My wife says that doesn't make it more expensive tho, because she gets more loaves from a sack of Victor than from other flour, and it stays moist longer, so she can bake more at a time and not waste fuel. Yes, sir, we threshers like our bread with a lot of energy baked right into it."

Victor Flour gives this needed energy because it is milled from only the choicest, select wheat. It's "Not Accidentally Good, But—Made Good Always" by the Crete Mills, Crete, Nebraska. Try a sack today. You can buy it from any Better Grocer in Plattsmouth.

HEAR CONVENTION REPORTS

The local Rotary club was entertained Tuesday at their weekly luncheon by a very finely presented report of the International Rotary convention which was held this year at Boston. The speakers were H. R. Shepherd, secretary of the Omaha club, with "Pop" Marshall, manager of the Otis elevator company of that city.

The visitors had gained a wonderful insight into the convention proceedings and the various speakers who had attended the convention from clubs in all parts of the world, all bringing messages of international friendship from many peoples. The Omaha guests had a clever manner of taking the most detailed work of the great international gathering and presenting them in a manner that held the closest attention of the membership.

The meeting was under the leadership of Dr. P. T. Heinman, past president of the club.

PEIPING MODEL CITY

Peiping—Having forbidden Chinese girls to work in dance halls and cabarets as hired dancing partners under an order issued last month, Yuan Ling, Peiping's new mayor, furthered his crusade to make the ancient capital a model city decreeing it a penal offense for women to appear in men's clothes and other unusual dress in public places.

MAKE VISIT HERE

Mr. and Mrs. Francis Motter, of Calgary, Canada, who have been visiting at Marysville, Missouri, were here for a short time Sunday to visit at the home of Dr. and Mrs. O. C. Hudson. They were accompanied by Jess Novinger, brother of Mrs. Hudson, who will visit for some time in Canada with the relatives.

Sidney Rodeo to be Biggest and Best to Date

To Be Staged by American Legion Post August 15 to 18—Is the 10th Annual Rodeo.

The Sidney rodeo, recognized as one of the greatest genuine frontier contests of the central west, will be staged August 15 to 18. According to members of the Sidney American Legion post, owners and sponsors, the tenth annual rodeo will be much larger than the 1932 show which gained almost nationwide recognition last fall.

A number of new attractions have been added, including an amateur bronc riding contest. Brahma cows will challenge cowboy contestants in the wild cow milking contest each afternoon.

Due to the unusually large number of cowboys entered in the numerous events, the Sidney rodeo management has been required to select nearly 300 head of livestock, including horses, Mexican cattle, wild Brahmas, roping and riding calves and steers.

Sidney claims ownership of the "best" herd of outlaw horses in the country, including such famed animals as "Sun Dance," "Dakota Sue," "Cactus," and many others. One feature horse is "The Racketeer." This latter-named vicious horse has never been successfully contested during the four years of his wide and varied rodeo career. "The Racketeer" is a new horse to Sidney rodeo fans, having been purchased by the Sidney management in Montana last spring.

Champions will be featured in all lines, many of whom will be headed east to participate in the big world's fair rodeo at Chicago. Among the sixteen trick and fancy riders will be Florence Randolph of Ardmore, Oklahoma, champion lady trick and fancy rider of the world, and Buck Stewart of Fort Worth, Texas, who claims the same distinction in the men's division. Tin Horn Hank Keenan, famed rodeo clown of Hollywood, California, will be the outstanding clown—unless a Brahma steer should take him out of the race.

Last year previous records were shattered in all rodeo events when the official entry list disclosed 142 cowboys and cowgirls had signed to contest in the various events. Inasmuch as there are no conflicting dates, it is estimated that over 200 entries will be listed for the 1933 rodeo.
