EPWORTH LEAUGE ORGANIZES A DRAMATIC CLUB

Last Sunday evening the Epworth League of the Methodist church met after the devotional service and organized a dramatic club which will be known as the E. L. D. C. The purpose of this club is to develop dramatic talent among the youth of the church and also afford entertainment and inspiration in programs of this nature. Bible stories, Sunday school lessons, religious plays will be produced through drama and pageantry during the coming fall and winter months. Much dramatic talent is sure to be discovered in a large group of young people. All young people of the city who are not enrolled in young peoples societies elsewhere and who will enroll as members of the Epworth League are eligible and invited to join the club. You can have a great time this coming winter.

The officers elected last night were Alton Roland, president; Virginia Trively, secretary and treasurer. Lillian Solomon and Naomi Day form the cast and resolutions committee. The dramatic work of the club will be supervised by one who has had wide experience in the art of drama and pageantry.

LOUISVILLE LADY HEADS RELIEF

The state relief committee has issued authority thus far to county relief committees to buy \$62,000 worth of groceries, fuel or clothing. The additional counties, Pawnee, Dawes and Webster, have applied to the state committee for relief, making a total of fifty-four counties out of ninety-three.

A delegation from Hastings called upon Atkins late Saturday night stating that Adams county is not getting adequate relief.

Miss Edith Stander of Louisville, Neb., was appointed by State Relief Committee Chairman Biart to handle relief work in Dakota county as a direct representative of the state committee. The relief situation in Dakota county is the most acute in the state and it is for that reason that a special administrative agent has been appointed for that county. Relief arrangements were being completed by the state director in Cedar, Knox, Boyd and Holt counties and work will be immediately started in those areas.

NO OLD AGE PENSION LEVIES

The old age pension law, recommended by Governor Bryan and passed by the last legislature, officially went into effect Aug. 10, but promises to be a dead letter this year because of lack of levy by the county boards. State Tax Commissioner Smith said county boards are not required to report to him and he has no official knowledge that any county levied the fifty cent maximum tax upon adults to replace any funds taken from the county general fund to pay pensions.

County boards may make their levies anytime after Aug. 1, and most of them did this before Aug. 10 when the pension law became effective and many declined to levy pension funds on the ground that the law was not then in effect and for the further reason that they had no way of getting the names of adults from 21 to 50 years in a county.

Tax Commissioner Smith said a special form would be sent out next year and precinct assessors will take the names of adults. The pension law is also open to legal objections because of the age at which one is eligible to receive a pension was incorrectly enrolled in the bill as 65 years.
