Of course the code does not require that there be any certain closing hours, for the intent of the code is that all goods be sold possible and that as much of the goods as possible be bought from the wholesale houses that they in turn may buy more goods from the manufacturers and thus more people be employed. The business houses will be open as before and on Sunday for a limited time that people may be provided an opportunity to secure what supplies they need. The barber shops also will keep open during the week nights but not on Sunday and with plenty of hair cuts for sale at 25c.

Stairs Made Her Gasp For Breath

Although she has lost but 7 lbs. of her overweight, this woman finds that 7 lbs. has made a remarkable difference to her.

Her letter reads: "I am 53 years old and my height is 5 feet. Last year I weighed 154 lbs. I have been taking a half-teaspoonful of Kruschen Salts, making no change in my diet. Now I am less round the hips and only weigh 147 lbs. dressed. But I feel lighter and can now run up stairs, which before used to make me gasp for breath. Everyone says how well and fit I look!"—(Miss) J. H.

Kruschen is an ideal blend of separate salts which help body organs to function properly and maintain a splendid degree of health—it builds up energy and strength while you're reducing to normal weight.

Get Kruschen Salts at F. G. Pricke & Co. or any other live druggist in the world—a jar lasts 4 weeks and costs not more than 25 cents. G-6

Louisville Voters Turn on the Spigot

Election Tuesday on Question of Issuing Beverage Licenses Is Won by Wets.

The residents of Louisville and vicinity today are quaffing the foaming 3.2 beverage as the result of the mandate of the voters Tuesday when they carried the proposition of legalizing the sale of beer.

There were 497 of the voters out to cast their ballots, 149 of these being ladies. The result of the vote was that 293 voted to authorize the village board to issue licenses and 114 voted against the proposition.

With the close of the polls and the start of the count of the ballots, the village board assembled and after the returns were given as favorable to the beer cause, the board canvassed the vote and declared the election complete and that the board was authorized to proceed with the issuance of the licenses.

"On sale" licenses were issued to Henry Schoemann and Frank Johnson at once and their bonds accepted and all set for the foaming beverage. Within an hour after the result was declared and the license issued the 3.2 was available to those who wished it and the victors in the contest were able to enjoy the beverage that they had helped make legal.

Will Care for Their Trade
When the merchants, in order to comply with the urging for a Merchants' code, agreed to close their places of business at an early hour, they found that there was a loss of business suffered thereby, and also that the patrons were not able to secure the goods which they were needing on account of being busy in the fields during the day, so one of the merchants wrote to Washington for information and was told to keep open as long as he desired, so the stores will resume remaining open in the evening, as heretofore.
