**Medical Advice**  
If you want to  
... keep the bowel action regular and comfortable  
... make constipated spells as rare as colds  
... avoid danger of bowel strain  
—use a liquid laxative

Can constipation be overcome? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice and know.  
You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you can overcome this condition just by gentle regulation with a suitable liquid laxative.  
Dr. Caldwell's Syrup Pepsin has the average person's bowels just as regular as clockwork in a few weeks' time.

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward.  
The wrong cathartic may keep you constipated as long as you keep on using it!  
In buying any laxative, read the label. If it contains a doubtful drug, don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Drugstores have it, ready for use, in big bottles.

**TO HEAR CAPE COMPLAINTS**

Norfolk, Neb.—Five complaints which have been made to the Norfolk NRA compliance board will be heard by that body in a closed session to be held Tuesday evening.

An invitation will be extended to officers of the hotel and restaurant association of Norfolk to meet with the board. It is expected several restaurant owners will present their difficulties in complying with NRA agreements.

The compliance board, according to a telegram received by B. E. Adkins, Norfolk NRA general, from Frank Healy, Washington, D. C., chief of the blue eagle division, has the authority to grant exceptions in deserving cases. His telegram follows:

"Your telegram 7th mislaid by messenger just reached me. It is not intended anyone who wants to comply with president's re-employment agreement will have to take down blue eagles. If local compliance board will organize it will have authority to grant exceptions in deserving cases so that everyone who wishes may display the eagle. The same board will have authority to investigate chiseling and report for action to Washington. We are glad to make every effort to protect NRA members and the same effort to punish chiselers. Please urge everyone replace eagles and lay their cases before compliance board."
