

Nehawka

Mr. and Mrs. Earl Troop departed last Sunday evening for Lawrence, Kansas, where Mr. Troop will work with a road building crew.

Miss Gladys Wolfe was in Union last Monday, where she went to secure a load of ice for the cafe which is conducted by she and her father, Albert Wolfe.

William O. Troop, who has had a number of corn pickers busy for some time, completed the picking of his one hundred and twenty-five acre crop on Tuesday of this week.

Mrs. Alice Creamer, who has resided at Murray, has gone to Omaha to make her home for the present with her daughter, Mrs. Walter Sans.

Charles Atteberry, of Union, who is a member of the county grading force, was having his grading machine worked on, as one of the wheels of the machine had broken.

The home of Mr. and Mrs. Arthur Hill was made happy last Sunday, when the stork brought them a very fine daughter, who, with the mother are getting along very nicely.

Mr. and Mrs. A. A. McReynolds and daughter, Miss Lanna, were in Lincoln on last Monday, being called there to look after some shopping and as well to visit their relatives.

On Thursday of this week, Herbert Kuntz, the blacksmith, and the family, are departing for York, where they will visit until Sunday and where Mr. Kuntz will also enjoy hunting the festive pheasant before the season closes.

Grandmother Flemme, who has been rather poorly for some time, is confined to her bed and has been for some time. However, she is being cared for and given the best of attention and all are hoping she may be restored to good health.

George E. Hansen was a visitor in Plattsmouth last Sunday, where he went to attend the funeral of his old friend and distant relative, Hans Selver, which occurred on Saturday, but of which Mr. Hansen was not aware until after his arrival in the county seat.

Messrs William Gorder, of Plattsmouth, and Don C. Rhoden, of near Murray, left Friday for Hidden Timber, South Dakota, where they will visit their wives, who are employed as teachers in rural schools of that vicinity and will also engage in the popular sport of pheasant hunting.

Harry Spick and Albert Scutter went to Cedar Creek early this week, where they are cutting saw logs for the mill and as they are the fore-runners of this enterprise they have to get them and get the logs cut and allow them to be hauled to the mill site, so as not to have the mill waiting on them when they arrive.

George Paulus, section foreman for the Missouri Pacific, who has had but two men besides himself on the section during the summer, has recently been given five men, but is not allowed to work them all the time. However, he will be allowed to work them for a few days and then lay them off for a day. This arrangement will give a number of men an opportunity to work a portion of the time and thus earn something to live on.

A. L. Peters, of Sheridan, Wyoming, arrived in Cass county last Sunday and has been visiting with old time friends and relatives since then. He was over to Omaha Tuesday, having a few loads of lambs that he had shipped from his home in the west, to dispose of. Speaking of the weather in that part of the country, Mr. Peters said it had been some time ago that a six inch snow fell, and while in the open it had melted in a few days, in the foothills it was still there.

Made Best Jelly
Mrs. Forest R. Cunningham, who in a world-wide contest in the making of jelly, won good recognition as a jelly maker de luxe, was able to pull down a substantial prize for her work and last week received a good check through the mail for her culinary skill. Considering the fact that there were over five thousand glasses of very fine jelly to compete against, the showing made by Mrs. Cunningham in this nation-wide contest is most pleasing both to herself and to her many friends.

Sustains Slight Stroke
John Lloyd is feeling very poorly at this time as a result of the stroke which he sustained last week. He is kept to his home and bed by reason of the stroke, but is hoping that it will not be long before he will again be able to be out and about. His many friends are also hoping that his illness will be of short duration.

Injured when Gun Explodes
While Gilbert Ernunds was experimenting with a gun and had it loaded, the instrument exploded with

the result that Mr. Edmond's eyes were very badly burned. At the time of the explosion, a portion of the metal of which the gun was made, struck Mr. Edmonds, breaking his watch which was in his pocket. It was lucky that that flying piece of the gun barrel did not strike him in some unprotected place.

In Very Grave Condition
Mrs. J. J. Pollard, who has been at the hospital in Omaha for some time, where she is receiving treatment, and where she underwent two operations, still remains in a very precarious condition. Her friends are hoping the time will soon come when she may return home entirely cured.

Visited in Iowa Sunday
Stewart Rough and wife departed last Saturday for Iowa City, Iowa, where they went to visit with two of their daughters and families. They made the trip in their car and expected to return home Tuesday. During their absence, the business at the elevator was looked after by James Palmer, who is an experienced grain man.

Had a Very Good Sale
Harry Knabe held his sale on last Monday afternoon at the sale pavilion on the former E. M. Pollard home place, the same being attended by a large number of people from out of town, including some who came from adjoining states. The sale was conducted by Col. Thompson and Rex Young, the latter of Plattsmouth, and there were also on hand the field representatives of a number of farm and pure bred swine papers.

The forty boars and five gilts all brought very fair prices. One boar sold for an even \$100, that being the highest priced animal in the sale ring. Some of the others brought prices ranging around \$70, while the remainder sold for a somewhat lower price. In all it was a most successful sale as are all those conducted by Mr. Knabe, for he surely knows how to raise prize winners and those are the kind the buying public are looking for.

Will Move to Cedar Creek
Forest R. Cunningham will in a few days move his saw mill to near Cedar Creek, where he will saw up a grove of trees and later will move the outfit on to Plattsmouth where there is other timber land to be worked up. He has a market for all the lumber he can saw with the people who are making improvements on the Missouri river.

Plenty of Help Now
There is no lack of people to pick corn this year as there is a continuous stream of workmen in this line coming up from Missouri. Three carloads were in town last Monday, in addition to the large number who have previously been put to work on farms and those who have gone on to other points in quest of work.

Injured in Wreck
On last Sunday, while Mr. and Mrs. M. P. Fleming were driving north-west of Nehawka, going to visit with friends, they were struck in the side of their car by a car from Lincoln. The result was that both cars were more or less damaged. Mrs. Fleming was badly bruised and had her face and head cut badly by broken glass while Mr. Fleming had his back and legs badly injured. The man in the other car was not so badly injured as he had safety glass in his car.

The Rev. E. S. Pangborn, pastor of the Weeping Water and Nehawka Methodist churches was coming to Nehawka to conduct services here and chanced to be there just after the accident and brought Mrs. Fleming to Nehawka, where her injuries were attended to. Mr. Fleming was later brought to Nehawka and both of them were taken from here to their home at Plattsmouth.

The cars, or what remained of them, were brought to Nehawka by Clarence Hansen.

Miss Mildred Burton of Nehawka was a visitor on last Sunday with her friend, Miss Neva Lancaster, the young women enjoying a very pleasant day together and also attended the 41st birthday of the Christian church at Murray.

John Hobscheidt says there is nothing like having friends, for when they were in the northwest hunting the friends which they found there surely made it the more pleasant and John says he sure appreciated the matter of the friends where he went.

Earl Lancaster and family, Curtis Paris and family were guests for the day on last Sunday at the home of Mr. and Mrs. Dan Hoschar where all enjoyed the day and a very fine dinner which was served by Mrs. Hoschar, who is an accomplished cook and caterer.

Mr. and Mrs. A. G. Cisney were spending last Sunday, going Saturday and coming home the middle of this week, at and near Coleridge where they visited at the home of Mr. and Mrs. W. A. Lesis, parents of Mrs. Cisney, and how they did hunt pheasants and found many of them at that, and also found that they could dodge bird shot nicely.

Lon Cresser and Albert Jennings were out at Wood River over the week end where they went to visit at the home of Dora Cresser who is an uncle of Lon, and where they enjoyed a very fine visit. In order to protect themselves from the pheasants they took their guns along, and well they might for there were swarms and swarms of the birds who gave the boys no end of trouble of loading their guns after the pheasants had made a sally or two within range. Did they enjoy the trip? Just ask them. Their eyes fairly snapped when they related their experience.

Received Injury to Back.

While about some work at the home last week, Alfred Nickles found it necessary to step upon the table which overbalanced him and as he endeavored to catch himself to prevent falling, received a wrench in his back which made him lame for a time. He is getting along nicely now and is about as usual.

Showing Some Improvement.

John Paris, one of the very finest of American citizens and a good fellow besides all that, and who suffered a partial stroke some time ago, and who has been confined to his home following the stroke, is so he can sit up and be about the house and is

able to be placed in a rocker and pulled to the table for his meals. While he has not been able to get out of the house as yet, he is hoping that it will not be long ere he can.

Visited Relatives Here.

Mr. and Mrs. Ora Perry of Holbrook, Mrs. Perry being a sister of Mrs. H. C. Long, arrived in Murray last week for a visit with Mrs. Long, her daughter and husband, Mr. and Mrs. George E. Nickles, they arriving the middle of last week and remained until Monday when they returned to their home in the west. During the time they were here, they with Mr. and Mrs. George E. Nickles and Mrs. H. C. Long visited with friends in Lincoln and spent last Sunday at the home of Mr. and Mrs. John D. Kelsey of Shenandoah, where all enjoyed the visit very much.

Will Give Supper.

The ladies of the Presbyterian church of Murray will give a supper at the church in Murray the coming week on Thursday. You will see an announcement of the supper elsewhere in this paper.

Ladies Aid to Meet

The Ladies Aid of the Christian church of Murray will hold an all day meeting at the church Nov. 1st. The hostesses will be Mesdames Hanna, Leyda and Gruber. There will be a fine program as well.

Filling Crib With Ear Corn.

Font Wilson who conducts the elevator in Murray has a crib for ear corn and allows anyone to haul a load or as much as they desire of the corn as they pick it and store it in the crib, which Mr. Wilson pays for, and this is being taken advantage of by many of the farmers. John Hobscheidt was hauling on last Tuesday.

Enjoyed a Merry Time.

Superintendent of Schools James Marsell, of Union, W. G. Boedeker, president of the Murray State bank and his son, Charles Boedeker, Jr., the cashier of the bank and Gussie Brubacher, went to Hartington where they enjoyed a few days hunting, and how the pheasants did come and meet them half way, even daring them to shoot, but you know the boys would not take a dare, and a goodly number of the birds came home with the crowd of merry hunters. They all count the trip one of great sport and a worthwhile outing.

Got Their Pheasants.

John Hobscheidt and son, M. G. Churchill and Harry McVey and friend, made up a merry party who left Murray on last Saturday morning for the northwest where they expected to find some good shooting in the pheasant fields, and sure they did. But they were not so well acquainted with the birds as they should have been. There were plenty of pheasants in the neighborhood where they went, Coleridge, but they, too, knew firearms and were somewhat gun-shy. One of the hunters told the writer that he got three pheasants at one shot, but on cross examination, it developed that he shot 31 times before he was able to get the first pheasant. Now we are not telling just which one of the good shots this was, but if you ask him he will tell you.

Forty-one Years of Honest Work.

On the 22nd day of October, 1892, there was established a Christian church in Murray which has stood for the past 41 years and ever a friend to the needy, an encouragement to the discouraged and extending a helpful hand to the wayfarer, ever ready and working to lead all people to the Master that they might be saved, be made better for this life and saved to the life to come. Rev. Reed was the first pastor, and there now remain four of the members who were members of the church when it was organized, they being Mesdames Addie Hatchett, Lucy Sporer, Frank T. Moore and Mary Nickles. Three of the members were in attendance at the birthday party, and while Mrs. Nickles who was not feeling so well, could not come, sent \$10 as a birthday remembrance. Mrs. Mary McDaniels of Lincoln, was also a member and was present at the meeting. Many letters were received from people who had been members in the years gone by, were read, among which were letters from Mrs. John Thompson, Lincoln; B. A. Root and A. R. Root of York, also a letter from the Rev. Robert Hanson, former minister who now is located at Palmer.

The congregation of the Christian church of Plattsmouth were there. Col. W. R. Young and father, D. A. Young, Mr. and Mrs. Guy White. Dinner was served at the church and the day was greatly enjoyed by all those present.

RESIDENCE IS BURNED

From Wednesday's Daily
The residence on Wintersteen hill, known as the M. E. Manspeaker property, this morning was practically destroyed by fire that was discovered shortly after 9 o'clock. The roof was a mass of flames when discovered and its position gave full sweep to the strong wind and in a short time the building was gutted. The house was occupied by a family named Davis who have recently moved here from Omaha. The fire is thought to have been occasioned by sparks that ignited the roof and with the strong wind was soon whipped into a blaze.

SALE OF FARM IS HALTED

Wahoo.—Sheriff Mengel was restrained from completing a sale near here Monday afternoon of the Arnold Lusch farm of 160 acres a mile north of Swedeberg. The plaintiff was the federal land bank of Omaha. A protest was made to Washington at 10 a. m. Monday by Harry Parmenter of Yutan, state president of the Farmers Holiday association. Just as Sheriff Mengel was closing the sale at 3 p. m. he received a telegram from the plaintiff's attorney to cancel the sale notwithstanding that more than \$1,000 above the judgment had been bid.
