#### FARMS NEED FOREIGN MARKETS IMMENSE GAINS FOR

The executive order formally authorizing the national recovery administration to investigate complaints about the importation of "cheap" foreign goods raises one of the most important questions that must be answered sooner or later in connection with the government's economic policy. How far is the new deal going to be permitted to interrupt what is left of this country's foreign trade in the interests of economic nationalism?

To be sure, the order that the President has just issued merely author-If a married man has a wreck, it izes an investigation, but it also imthe importation of certain foreign the waterway and related claims of goods if these are found, after invest the region are genuine, that they are A Denver writer says there was a tigation, to offer unfair competition feasible and in the public interest.

# THE MISSOURI VALLEY

The entire Missouri river project is receiving from the administration a degree of favorable attention that is deeply reassuring. A few days ago there was allotment of a fund that will bring early completion of the lower river channel. Now there is the assurance from President Roosevelt himself that funds sufficient for a year's work on the upper river and on the Fort Peck reservoir in eastern Montana shortly will be forth-
