Give your membership in the Red Cross to Augusta Robb. Do not let this period from Armistice day to Thanksgiving day pass without enrolling in this organization that does so much to relieve suffering humanity. Help Liberty precinct make her quota of 50 members. Louisville has enrolled away over 150 and still going strong.

The Joy of Serving

Let it be our slogan to do, to give service, to lift up. Service is the greatest slogan in the world today. It is a builder of character, of friendship and American citizenship. We must all do more than our duty as Americans. There is more joy in serving than in being served.

Did you read the work of the Red Cross last year, as published in the Journal of last Thursday, November 15? If not, hunt it up and know what your Red Cross is doing. Then you will surely be willing and glad to enroll for this year, thus having a part in the great relief work this organization is doing. The roll call drive is to end Thanksgiving day.

If you are not solicited, you know your own Red Cross representative in your community—see him and join the Red Cross.

They are Thankful

Reports have it that Hon. W. B. Penning has been selected as the one to take charge of sealing the cribs of corn for the farmers who are securing a loan on their corn, and there could have been no better man selected to look after the interests of the farmer and the government than Mr. Penning. While this is so, Mr. Penning is qualified for far greater and more responsible positions than this, notwithstanding the responsibility it carries. He has tossed his hat into the ring and will run for governor next year, being the first to announce his candidacy for that position from either political party.

The November birthday meeting of the Methodist church will be held at the church on Thursday of this week, and all whose birthdays come during November are to be special guests at the party. L. R. Upton is leader and is arranging a special program for that day.
