

Nehawka

Ray Creamer was dressing a porker for the winter's meat last Monday at the farm home north of Nehawka.

Ray Atkins has been very sick with an attack of chicken pox but is some better at this time and hopes soon to be entirely recovered.

Miss Helene Mackey, of Murray, was a visitor in Nehawka last Friday and was enjoying the play which the Nehawka high school gave.

W. O. Troop was a visitor in Omaha on last Monday, going to look after some cattle which he is desirous of purchasing for feeding.

W. H. Kruger was looking after some business matters at Plattsmouth for a short time last Friday and was meeting with his many friends while there.

County Commissioner E. B. Chapman, of Union, was a visitor in Nehawka on Monday of this week, looking after some business matters for the county.

Roy Prince and wife were visiting in Nebraska City last Monday, where they were looking after some business matters for a short time, making the trip in their auto.

Miss Virginia Pollard, who is employed with the Federal Land Bank in Omaha, was a visitor for over the week end at the home of her parents, Mr. and Mrs. Raymond C. Pollard.

Stuart Rough was looking after some business matters in Omaha and was accompanied by Mrs. Rough. While they were away the elevator was looked after by James Palmer.

Herman Schumacher has been seriously ill for the past week, but is now reported as being somewhat improved, which is good news for the many friends of this estimable gentleman.

Frank E. Scott, of near Murray, was a visitor in Omaha last Monday,

going to look over the feeder market, with the intent of making purchase of some cattle to place in his feed lots.

Susanne Yeiser, who has been kept in by having the whooping cough at the home of her grandparents, A. F. Sturm and wife, was released from quarantine Tuesday and permitted to return to her home in Omaha.

George Sayles, Jr., of the County Clerk's office at Plattsmouth, was a business visitor in Nehawka on last Monday morning, looking after some matters connected with the CWA payroll, which is being handled through that office.

Charles Troop, of Plattsmouth, was a visitor at the farm north of town, where W. O. Troop resides and was also receiving corn from the farm where James Tigner resided, which Mr. Troop and brother will use for feeding cattle.

Thos. Plunkett, John Opp and wife and Gerald Opp were in Lincoln on last Sunday, where they were guests at the home of Mr. and Mrs. H. P. Opp and where they also visited with Miss Lena Opp, daughter of Mrs. John Opp, who is employed in Lincoln.

Parr Young and Victor Wehrlein were in Shenandoah last week, where they were attending the farmers' meeting which was called there to take steps to secure more equitable prices for cattle as the prices have been rather low on this product of the farm.

Supt. C. B. Stimbirt of the Nehawka schools, who is already a very proficient school man, seeks to become even better qualified and is pursuing a course of study at the University of Nebraska, which takes him to Lincoln each week end for class work. He was over last Saturday for that purpose.

Jerome St. John made the purchase of the sheller which was sold at the sale of Sam Baker south of Weeping Water last week. This will put Mr. St. John in position to shell his corn

at the most opportune time. With so many of the cribs being sealed and loans made on them it may be some time before there is a general desire to shell corn.

Many Attend the Operetta

The operetta which was given by the Nehawka schools last week was well attended, there being scarcely room for all who desired to attend. The reception accorded the play was most gratifying and all speak in highest terms of the quality of acting on the part of the cast. The large attendance shows a healthy interest in school affairs by the parents and taxpayers generally.

Entertained for Son

Harold Puls, the son of Mr. and Mrs. Otto Puls, was passing his birthday anniversary last Saturday night and the parents entertained in his honor, having a most delightful gathering at the Puls home. A large crowd of young people of the vicinity, friends of Harold, were there, and the evening was enjoyed with games and was climaxed with a very delightful luncheon that was served by Mrs. Puls and her clever assistants.

Library Matter of Much Interest

The matter of a library for Nehawka has been creating much interest and discussion for some time past. On last Saturday the members held a meeting and concluded that they would pass up the proposition of attempting to establish a library.

Later, there seemed to have been created a different sentiment and on Monday another meeting was called for Monday evening and the matter was much talked about on the street and in the business houses pending the holding of the meeting that night.

Considering a Water System

As there is an opportunity to secure considerable help in the establishment of a waterworks system for Nehawka, a meeting has been called at the auditorium, to be held Saturday night, December 30th, when there will be a discussion of the proposition and a vote taken to ascertain sentiment for and against.

The government will furnish part of the cost and this has created much interest in the matter.

Just what will be done about the matter is hard to forecast. All agree it would be nice to have the waterworks, the only sticker being whether or not the village can afford the expense thereof.

After the matter of costs, etc. is discussed at the meeting everyone will be able to determine what they think best in regard to it.

New Quarry Opened

The Tobin company, who have been operating a stone quarry here, have been busily engaged the past week or so in the opening of a second quarry for the securing of additional stone with which to fulfill their contracts for work on the river and elsewhere. As there is assurance of a great demand for stone this coming summer, they are endeavoring to get out as much of the needed materials this winter as possible. The new quarry is being opened northeast of town on land owned by Mrs. Mollie Burger.

TO THE PUBLIC

I have been besieged for appointments as Sealers for the corn loans. I have nothing to do with the appointments of any one, nor have I appointed any one as this duty belongs to the Railway Commissioners of Nebraska.

some thirteen thousand sacks of white, white cob seed corn making over thirty thousand bushels. Murray is pretty well pleased with this institution as one of its enterprises. There are a number of trucks hauling corn from the vicinity of Murdock, Greenwood, Ashland, Wann, Memphis and South Bend.

Rev. W. E. Goings Very Ill.

Word comes from Greenwood telling of the very severe illness of Rev. W. E. Goings, former pastor of the Christian church of Murray on account of acetate of lead poisoning. Rev. Goings has been very ill for weeks and much concern was had as to his recovery. It is thought he passed the crisis early this week and hopes are now entertained that he will recover. He would be pleased to hear from Murray friends. Better drop him a line.

CWA and Corn Loans Help.

With the corn loans available and the CWA checks each Saturday night this Christmas should mean much to this community. But, lest we forget, remember there is many lonely persons within our gates. Let us wake up to that. Grace Crowell's verse, "On Duty," has a beautiful thought, speaking of the wise men:

"They were awake, and the sky was filled with glory. They were awake, and the earth was drenched with light. They were first to tell the old sweet story on that first Christmas night."

I, too, would be on duty, would be keeping
A watch upon the hills tonight,
lest I
Should miss the Christmas song
if I were sleeping,
And miss the Christmas sky.

Hears Brother's Wife Dead.
