Oldest Druggist in Nebraska

Uncle David D. Adams, who was born January 1, 1853, at Brunswick, Canada, where he and his parents resided until David was thirteen years of age, removed with them to St. Louis in 1866, where they remained for two years, during which the lad was employed in a drug store and learned a lot about the drug business.

Their next move brought them to the frontier town of Brownville, Nebraska, where he engaged in the drug business for himself, continuing in business there for some time and going from there to Johnson, where he was engaged in business for thirty years before coming to Nehawka. He has now resided in this vicinity for about thirty years, and has a host of staunch friends.

A few years ago Mr. Adams united with the "Forty Year" Men's club, and during the past three years has received a present each year for being the oldest living druggist in Nebraska. The first was a pocket knife with one blade specially for use in the compounding of prescriptions, and a year ago he was given a special pair of shears. This year there came to him a bill fold with the compliments of the makers of Mentholatum. Uncle Dave is very proud of these remembrances and of his long years of service as a dispenser of drugs and compounder of prescriptions.

JAMES MILLER
Nehawka, Nebr.

and 5 days.

Etta grew up on the farm, attending country school, then attended Weeping Water Academy and Nehawka high school, graduating at Nehawka. She took teachers' training at Peru Normal school, where she graduated. Later, she attended summer school at the University of California.

She taught four terms in district schools near Nehawka, taught a year in the Nehawka schools, then obtained a school in the state of Wyoming, where she took up a government homestead and proved it up while teaching, riding horseback to work ten miles each morning, and back the ten miles each night to her homestead. These homestead years, she always said, were the happiest years of her life. Then she taught at Thermopolis, Wyoming, and, for seven years, in the schools at Sheridan, Wyoming.

She was a member of the Methodist Episcopal church, and a member of the Order of Eastern Star.

Henrietta Sofia Schwartz leaves her mother, Mrs. Christina Schwartz, residing at Nehawka; her half-sister, Mrs. Maggie Allgayer, of Weeping Water; her brothers, Adolph, of Merna, Nebr., Henry, of Nehawka, and Walter, of Petaluma, Calif., and her sister, Christina Schwartz Chappell, of Nehawka.

Pleasant of temper, Etta Schwartz made only friends. And she was brave enough to live alone in a cabin on the desolate Wyoming prairie. Industrious and dutiful, she came in from her homestead and her school work out in Wyoming to spend every vacation with her mother. Etta's chief trait was generosity. Always, she thought of everyone but herself. Especially, she thought of her mother, to whom she was devoted, and to whom she largely dedicated her life.

The funeral was held Saturday, January 20th, at 2:09 p. m., from the M. E. church, at Nehawka, conducted by Rev. W. A. Taylor, of Union, and Rev. Pangborn, of Weeping Water, pastor of the church. Hundreds were present to pay their respects to one now dead whom they had loved in life. Interment was in St. John's cemetery four miles northwest of Nehawka.

Sustains Broken Wrist

While working on the log cabin library building at Nehawka Wm. Obernault sustained a fracture of one of his wrists which has kept him from working and the place was taken by J. A. Scotton who is now superintending the work. Both gentlemen are most capable as foremen for the construction of such an edifice.

Four Thousand are Cut from the Pension Lists

Nebraska Totals Show That 2,879 Veterans Left on Roll for World War.

Lincoln, Neb., Jan. 21.—More than four thousand Nebraska world war veterans were dropped from the pension list under the amended policy adopted in Washington last year, a report from the veterans' administration showed here today.

On March 31, 1933, there were 6,995 world war veterans receiving pensions in some form in Nebraska. On November 30, 1933, with new rules in effect, the number dropped to 2,879.

This does not include veterans of other wars, nor dependents of world war veterans.

The government had paid the 6,995 veterans, \$177,046.97. The new pay roll was reduced to \$84,949.40.

The veterans' hospital is caring for more Nebraskans now than before the new rulings, the report shows. This includes both hospitalization and domiciliary care.

One hundred and eight veterans were receiving hospitalization on March 31. Of these, 95 cases were non-service connected.

On November 30, a census of the hospital showed 176 doughboys, and 160 of them were non-service cases.

The special review board in Nebraska studied 428 cases last year. They discontinued the pension of 293 cases, and continued 225.
