Mrs. Petter is Called to Last Reward Last Night

End Comes at Close of Illness of Several Months Duration—Services at St. Luke's.

From Thursday's Daily
Last evening at the Clarkson hospital at Omaha Mrs. W. J. H. Petter of this city sank into the last long rest after an illness that covered several months, gradually growing weaker until the welcome relief came.

During the long weeks of the illness Canon Petter has been at the bedside of the wife and assisting in ministering to the comfort of the loved wife and companion.

Ethel May McIntyre was born in Woodstock, Ontario, Canada, where she spent her childhood years, later entering school work at Toronto, Canada, where she was graduated from Haverhill college. Later she removed to the north Pacific coast to spend several years and at Prince Rupert, British Columbia, in 1913 she was married to Canon W. J. H. Petter. They removed in 1925 to the United States and were located at Fort Worth, Texas, for some years.

Canon and Mrs. Petter came to Plattsmouth in 1931 to have charge of the St. Luke's parish of the Episcopal church of which Canon Petter is now rector.

In the residence of the family here Mrs. Petter made a large circle of friends and who will share with the husband the sorrow that the separation has brought.

She is survived by the husband, the mother, Mrs. C. C. McIntyre of Toronto, the only brother preceding her in death a number of years ago.

The funeral services will be held on Friday afternoon at 2 o'clock at the St. Luke's church and the interment will be at the Forest Lawn cemetery at Omaha.

W. F. M. S. MEETS

The Woman's Foreign Missionary society held their February meeting with Mrs. C. C. Wescott, on Wednesday afternoon.

"The True Light" was the devotional topic taken by Miss Ella Kennedy. "Woman and Progress" was the topic of the lesson discussion, led by Mrs. Frank Barkus. The lesson as given by several different people, brought out the nature of the leaders who were trained to help orient women; the widening sphere of these women who formerly had no interests but the home, and the outstanding national movements which are now being fostered by women. Short biographies of three leaders of the Eastern women were read and discussed.

At the conclusion of the study Mrs. Howland gave a short prayer, and Miss Margaret Yelick rendered a vocal solo which all appreciated very much.

Mrs. Wescott then surprised the members and their five guests by serving delicious refreshments. After a brief social time, the meeting was adjourned.

The alumni and former students of the University of Nebraska who are now residents of Plattsmouth and surrounding community, are planning on an observance of Charter day. The committee in charge of the event are arranging for a well known speaker from the state university faculty and other features that will bring back the days when the alumni were students at the state university.

W. G. Kieck has charge of the arrangements for the banquet and for which a fee of 50c will be charged.

IN SERIOUS CONDITION

Mrs. H. M. Study Center Students Win High Praise

Eleven Plattsmouth Students Have Papers Given Recognition at Lincoln.

The Plattsmouth Study Center, organized under the CWS, has been in operation at the high school for the past three weeks under Principal R. P. Patterson as counselor, and Miss Leona Hudson as director. Eleven students are enrolled in college courses in English, American History, Political Science, Chemistry, Psychology, and Home Economics. The first lessons were sent in to the extension division last week for correction. These were in American History and Political Science and the students in these subjects were very gratified to find their papers were marked ninety and above, and the comments of the readers, written in the margin, were complimentary to the work done by the Plattsmouth students. This is very interesting due to the fact that a general bulletin from the state director of this work two weeks ago announced that the lessons sent in at that time from other places over the state were uniformly poor. Plattsmouth has a very fine group enrolled, and all but two are recent graduates of Plattsmouth high school. That they are making an outstanding record in their college work is a tribute, not only to their ability and work, but also indicates that the Study Center organized here is very much worth while.

Those who are continuing the work at the present time are: George Adam, Agnes Brink, Greth Garnett, Aulton Rolland, Helen Woolcott, Marvin Tritsch, Albert Toman, Floyd Shanholtz, Elnora Hennings, Fay Hennings and Stuart Porter.

DEDICATE NEW CHURCH

Local interest is attached to the dedication by the fact that the pastor of the church is Rev. Thomas A. Truscott, pastor of the Plattsmouth Methodist church in 1917-18, later returning to the field in South America.

The dedication was attended by a very distinguished group which included the president of Uruguay, as well as Secretary of State Cordell Hull of the United States, who was at Montevideo attending the Pan-American congress.

R. H. Fitch is Victim of Most Unusual Mishap

From Friday's Daily
Large Hunting Knife Dislodged by Car Bumping Road Inflicts Deep Wound in Shoulder.

R. H. Fitch, employe of the BREX shops, was the victim of an unusual accident last evening and one that might easily have had fatal termination when he was accidentally stabbed.

Mr. Fitch with his son, Robert Fitch, Jr., county surveyor, were driving to Rock Bluffs where they were expecting to visit relatives, the car as usual carrying a part of the surveying equipment of Robert, among which was a large hunting knife in a case.

The car with the county surveyor driving, hit a large bump and the occupants as well as the equipment bounced around the car for a few seconds. With the jar the knife fell from the case and to the back of the seat of the car and in such a position that as Mr. Fitch fell back into the seat the force of his body drove the knife through his clothing and inflicted a wound of some depth on the left side of the shoulder, cutting the muscles and narrowly missing a vital spot.

The force of the knife can be judged from the fact that it penetrated through a fur coat, jacket, dress coat and shirt and into the body of Mr. Fitch.

The son as soon as the accident occurred, turned the car around and raced back to Plattsmouth, the father bleeding very profusely and it required some effort to stop the flow of blood and dress the wound.

Mr. Fitch is quite weak today as the result of the loss of blood and is required by his physician to keep very quiet and remain in bed for a few days until the wound heals.

SECURE AN ADDITIONAL ALLOTMENT FOR PARK

The athletic park civil works proposition in this city, one that was allotted some time ago, has received additional appropriations for the work. The sum of \$3,500 has been allowed on the park work as well as a material cost of \$500 which should make it possible to finish the park work and place the park in fine shape for the coming spring and summer.

The banks have been out away on the south and the dirt used in the filling in of the park, the result being that the park is now well above the level of Washington avenue.

The extension of the park will now make it a very fine baseball park as well as general athletic field as the park has been extended on the east and south to give a much more adequate outfield.

The first activity that will be featured at the park will probably be the spring track meet of the high school athletic department after the cinder track is placed and ready for service. This track will make possible setting some good records by the local sprinters which was almost impossible on the old uneven and slow dirt track of the park.
