Mrs. E. H. Heitzhausen Dies at Portland, Ore.

Former Plattsmouth Resident Passed Away Friday Afternoon—Burial to Be in This City.

The message was received here today by relatives of the death at Portland, Oregon, Friday afternoon, of Mrs. E. H. Heitzhausen, 74, former Plattsmouth resident.

Mrs. Heitzhausen had not been in the best of health for the past two years and had gradually been growing worse and was compelled to undergo an operation some months ago.

The deceased lady was formerly Miss Cella Goss, daughter of Mr. and Mrs. Frederick Goss, early residents of this city and where Mrs. Heitzhausen grew to womanhood and was married in this city.

The family removed from here to the west coast some thirty-five years ago and have since resided at Portland, Oregon.

She is survived by the husband and one son, F. H. Heitzhausen, of Billings, Montana, as well as one brother and one sister, Henry F. Goss and Mrs. William Schmidtman, Sr., of this city.

The body will be brought to Plattsmouth for interment and the arrangements for the services will be announced as soon as further word is received from the family.

MRS. ALBERT WALTZ DIES

The funeral services of Mrs. Albert Waltz were held from the Christian church in this city on Monday afternoon at 2:30 o'clock. The services were conducted by Rev. George Morrill, pastor of the M. E. church of Norfolk, Nebraska, and was assisted by Rev. Baker of the Christian church.

The church was filled with sorrowing friends and relatives, who came to pay their last respects to this good woman.

Services were also held at Ft. Morgan, Colorado, at the Christian church on Sunday afternoon.

Following is the outline of her life: Maude Murray was born in Ohio, January 23, 1877, and moved with her parents near Weeping Water, Nebraska, in the early 80's, where in childhood she gave her life to Christ, and became a member of the Christian church.

Later they moved to a farm near Elmwood, where she was married to George Bird in December, 1900, he having passed away March 8, 1919. To this union two children were born.

On February 21, 1924 she was married to Albert Waltz and has lived in Ft. Morgan most of the time since, being active in church work and departed this life at her home at 322 S. 6th Ave., February 17, 1934, aged 57 years 25 days.

Beside a host of friends she leaves to mourn her departure, her husband, a daughter, Martha Wood of Elmwood, Nebraska, a son, Vincent Bird of Ft. Morgan, five grand children, a sister, Ida Reed of Plattsmouth, Nebraska.

Her body was laid to rest in the beautiful cemetery at Elmwood, Nebraska.—Elmwood Leader-Echo.

FLAG POLE DONATED BY MINOR—NOT WATER CORP.

The Journal was in error a few days ago when it gave credit for the donation of a flag pole at the Boy Scout camp to the Plattsmouth Water Corporation, as the pole, complete with flag rope, pulleys and ornamental ball at the top, was supplied and set in place as the personal contribution of L. O. Minor, superintendent of the Water corporation, instead of the company whom he serves. In addition to this fine donation, Mr. Minor is having made a set of any-irons for use in the fireplace at the cabin and will have them ready for use before the date of the formal opening.

The W. R. C. organization has arranged to present the Scouts with two fine flags, one of large size for outdoor use, and a smaller one for interior use.

At present there is need of a kitchen range or cook stove. It does not need to be an efficient baker, but should be in good shape for top cooking. Anyone having a stove that will answer to this description and which they would like to donate for use in the new cabin will find their gift greatly appreciated. A post card or telephone call to E. H. Wescott will bring members of the Scout committee to look at the stove and determine if it is of correct size to fit the space provided in the kitchen arrangement.

REMOVING TO OAK

C. C. Spangler, one of the well known residents of the vicinity of Union, was in the city Friday for a short time looking after some matters of business and while here was a caller at the Journal office to renew his subscription to the semi-weekly edition of the paper. Mr. Spangler and family are leaving Union to locate at Oak, Nebraska, expecting to leave about March 1st for their new home.

CWA Work is Continued at a Reduced Wage

Some Reduction in Force as Projects Consolidated—Rural School Repair is Approved.

Three out and out new projects, together with consolidations and continuations of all unfinished work and widening of the scope of projects at Louisville and Greenwood, comprise the task to which CWA workers in Cass county will apply themselves in diminishing numbers during the coming ten weeks.

Two major sized new projects, the paving of Sixth street in Plattsmouth and a proposed survey for location of corner stones and landmarks to cover the entire county, were not approved by the state CWA board.

Exclusive of twenty-nine men allotted to state highway work over the county and six employees to handle administrative work at the county CWA office here, the quota of men allotted to the various projects for the work week beginning today is 243—of which number 49 are classified as skilled laborers or foremen, drawing 60 cents per hour, four as qualified clerks at 59 cents per hour, and the remaining 199 as laborers at 49 cents per hour. The work week is continued at 24 hours for all employees in cities over 2,500 and 15 hours in rural areas and towns under 2,500.

Expressed in terms of dollars, the allotment of wages totals \$18,684. The former county quota of employees was 315, and the new quota (including state highway, 29, and administrative, 6) is 278—a cut of 37 in the total force. Some clerks (on M-1073) and a part of the administrative force comprise women, working under CWA regulations, but the CWS force of women employees so far is separate and distinct from the CWA, although late bulletins say it will be co-ordinated with CWA within the next two weeks and all payrolls handled through the office of County Disbursing Officer George R. Snyles.

As related in the Journal several days ago, the CWS force in the county is being cut from 34 to 25.

New Projects Approved

The largest new project allowed is that for repair of buildings and improvement of grounds in the rural school districts of the county. Seven skilled (60c) and 28 unskilled (40c) men are assigned to this work. The pay allotment approved totals \$2,310, and an estimated outlay of \$1,195 for material by the various districts to be benefited is carried in the application. No grant for material by the government. The number of this project is C-1051.

Next Largest New Project (C-1052)

Is for excavating and preserving historical relics in the Indian Mound sections of the county. Two skilled and ten unskilled men, total allotment, \$780. No material grant.

Third Largest New Project (M-1073)

Provides for re-indexing of the records in office of register of deeds. One at 60c per hour and 4 at 50c per hour. Total allotted, \$702. Estimated contribution for material (complete new set index books, etc.) \$1,032, to be provided by county.

Consolidate Local Projects

In Plattsmouth all existing projects with the exception of M-29, cemetery improvement (now completed) have been consolidated into a new numbered project XM-16, with an allotment of ten skilled and 57 unskilled men, and a total labor appropriation of \$6,912. Additional material allowance of \$102 will be provided from federal funds to carry on some of the street repair work in this consolidated project, which includes old M-16 (Sewer), M-17 (Athletic field), M-18 (Street repair), M-19 (Building wrecking and repair), M-96 (Boy Scout cabin), M-194 (Wintersteen school) and M-539 (Columbian school paint job).

Work on these projects will be under direction of the county CWA office, of which Bert Hickey is the head. The consolidation will enable the transfer of specially qualified men to the work they are best able to do, the ending of any old project as soon as completed and a more efficient control of the large force allotted to the work.

Projects of Other Towns

In Alvo, projects M-106 and M-111 have been consolidated into XM-106, street and park improvement, one skilled and three unskilled, total allotment for labor, \$270.

Eagles street and school improvement projects are consolidated into XM-403, with two skilled and four unskilled, allotment, \$420.

Elmwood, park and school improvement, XM-108, two skilled and seven unskilled, total, \$600.

Greenwood's consolidation in XM-

GIVES SHOWER FOR BRIDE

The country home of Mr. and Mrs. Glen Carneal was the scene of a very charming miscellaneous shower Wednesday honoring her sister-in-law, Mrs. William S. Wetenkamp, Jr., one of the brides of the last few weeks.

At a suitable hour the bride was showered with the beautiful remembrances of the occasion, these being presented by Katherine and Mary Ann Wetenkamp and the guest of honor requested to unwrap them and with the result that each new gift brought added joy.

ADDS TO FORCE

The Norfolk Packing Co. have added to their force here by the addition of O. A. Broman, an expert canner, who comes to the Norfolk Co. from Wisconsin where he has been engaged in this line of work for a great many years.

The increasing volume of business of the Norfolk company is making it necessary for expansions in all lines and in which Mr. Broman will assist.

The company is planning on their summer campaign now and the securing of acreage for the raising of vegetables for use in the plant will soon be taken up.
