Can constipation be overcome? The right liquid laxative will bring "Yes!" say medical men. "Yes!" a perfect movement, with no dis-declare thousands who have followed their advice and know.

You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming catharlie. But you can overcome this condition just by gentle regulation with a suitable liquid laxative. Dr. Caldwell's Syrup Pepsin has

the average person's bowels just as regular as clockwork in a few weeks'

# Why Hospitals use a *liquid* lazative

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Will not irritate kidneys.

The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative, read the label. If it contains a doubtful drug. don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightfui taste, and delightful action. Safe for expectant
