## Damian Flynn to Have Leading Role in Play

Former Plattsmouth Young Man Realizes Ambition in Dramatic Work in New York.

Damian Flynn, who in his school days here showed outstanding dramatic talent has apparently "arrived" in the realization of a career on the stage.

It was announced in the Journal several days ago that the young man was selected as a member of the cast of a Broadway production, but additional information received by his mother, Mrs. Catherine Flynn, 2714 North Fifteenth street, Omaha, discloses that Damian has been cast in the leading role of "Biography," a revival of the recent Broadway success.

The famous Theater Guild comedy opens in Philadelphia Monday night under the sponsorship of Wee and Levanthal, New York producers, who specialize in reviewing Broadway successes.

Flynn, in a letter to his family, said he expects the production to tour Boston, New Haven, Hartford, Baltimore and Jackson Heights, N. Y., for the next 10 weeks.

In Playhouse Product. Starred in the play is Irene Purcell, well known Belasco star and recent motion picture actress.

For seven years Flynn appeared in Community Playhouse productions at Omaha, and once he was selected by Director Bernard Szold to play opposite Miss Kathleen Conegys, New York actress, in the two character play, "Jealousy."

Flynn missed two other leading roles in New York shows before he landed his present part, made famous by Earle Larimore. The first time he lost a chance to play opposite Queenie Smith because of his youthfulness. The second play, "Shoe String," was postponed temporarily for rewriting.
