Government Credit to Build New Homes

National Administration Backs Program to Put Billion of Capital to Work

Washington.—The Roosevelt administration plans to place government credit back of a home building program which is expected to put more than a billion dollars of cautious private capital to work.

He told newspapermen the measure in view would enable the treasury to guarantee the interest and perhaps the principal of long-term mortgages that would be issued on new homes.

"It has been the feeling for a long time," Walker said, "that the mortgage market needs support. The proposal I am outlining is tentative but it contemplates establishing requirements for a standard type of mortgage, maturing in fifteen or twenty years.

"The mortgages will carry low interest rates, comparatively speaking, and we feel they will be unusually safe investments. We are attempting to stimulate capital goods industries but this is not a relief proposition. It is sound business, we believe."

Walker said one agency would direct the home program and that various related activities including slum clearance and subsistence homestead activities would be under this organization. The council director hinted the federal home loan bank board might be chosen as the central agency.

NEMAHA RIVER FUNDS SOUGHT

Falls City, April 16.—Problems of raising \$70,000 to enlarge the lower end of a drainage ditch will be solved at a meeting of land owners in district number 1 here Saturday. The action was made necessary by a Nebraska supreme court order.

The court decided the carrying capacity of the Nemaha river from Preston to the Missouri river should be increased to 20,000 cubic feet per second. The district comprises about 31,000 acres along the Nemaha river from the Dawson vicinity to the Missouri river, about 30 miles.

The ditch, the court decided, must be made larger to give protection against flood waters to owners of approximately 5,000 acres at the east-end of the district. Henry Wyatt of Falls City, chairman of the directors, believes it will be necessary to issue bonds to pay for the improvements, and the cost spread over 10 years, and thus working less hardship on the landowners.

ANTI-LONG MAN OUT AHEAD

Baton Rouge, La.—With only twenty-three precincts missing in the sixth district congressional primary, J. Y. Sanders, jr., anti-Huey Long candidate, held a lead of more than 1,700 votes over his nearest opponent, Harry D. Wilson, commissioner of agriculture in the Long-Allen state administration, but complete returns will be necessary to determine whether a second primary must be called to settle the contest.

SALARIES RESTORED

Seattle.—Restoration of approximately 50 percent of last spring's salary reductions was in store for the University of Washington staff. About 700 persons, from the school's president down, will benefit by the increase, made retroactive to April 1 by the board of regents.

They were pleased with the thrifty and neat looking business houses here, passing very flattering comments on the town.

Two Burials Sunday

The funeral of the late Mrs. John Chriswiser was held from the M. E. church here last Sunday afternoon, while at the same time the funeral of the late Julius J. Krecklow was held at the United Brethren church with interment being in the Lutheran church cemetery southwest of Louisville. Obituaries of both these parties appear elsewhere in the Nehawka department.

Pascings of Julius J. Krecklow

Julius J. Krecklow was born in Plattsmouth June 2, 1873, where he resided with his parents and with them moved to the vicinity of Manley, only there wasn't any town there at that time. They resided there for a good many years, and he attended the public school and also the parochial school of the Lutheran church of that neighborhood. Later he went

to Greenwood to reside and also lived in Waverly, making his home for a time at Stevens Creek, where he resided at two different times. Later, he returned to Greenwood, conducting a broom factory there, also being employed by the Burlington as a track worker. After that he engaged in farming, coming to Nehawka some fifteen years ago. He was engaged in making brooms here as well as farming a part of the time and as a laborer. Early in life he was united in marriage to Miss Augusta Bauer, who passed away some 40 years ago, and after some twenty-five years he was married to Mrs. Edith Buck, who survives his passing. He leaves by the latter wife a daughter, Florence, eight years of age, a baby son eight months old and a step daughter, Miss Mary Buck.

Mr. Krecklow had been ill for some time with a cancer of the stomach, and passed away on last Friday, April 13, 1934. The funeral was held from the United Brethren church and conducted by the Rev. Theodore Hartman, pastor of the church southwest of Louisville, the remains being taken there for interment.

While Letha was still a child, her parents removed to a farm near Union and it was on this farm and on another farm nearby to which they later moved that Letha May grew up, attending district school and then Union high school. When Letha was only fourteen, her mother died, leaving her to keep house alone with her father, her little brother having died in infancy.

As a young girl she joined the Methodist Episcopal church at Union and all her short life was a sincere Christian. Her friends in the church love to recall that the first little song Letha learned and the song she sang when a baby to every visitor at her home was: "There's not a friend like the lowly Jesus, no, no, no!"

She married John R. Chriswiser, of Nehawka, October 31, 1923. To them two children were born, a girl, Elleen, now eight, and a boy, Robert, now only four years old.

At the time of her death, she was living in the house her father built in Nehawka many years ago, the house where she played as a little child. Husband and children and father survive.

Letha was a happy, friendly straightforward girl and a faithful wife and loving mother. In the darkest of clouds she always saw the sil-

ver lining. She was never happier than when with friends. How fortunate that her last birthday was brightened by a surprise visit from a large party of old friends from Union and the old farm neighborhood. She was passionately devoted to the memory of her dead mother and when she finally realized that her own death was not far, requested that her own funeral be arranged like that of her mother, and even that her body be brought home at ten in the morning as her mother's had been and dressed for burial like her mother's. Letha's strongest trait was generosity; she was always helping where help was needed, or else just giving for the sake of giving, and always giving cheerfully.

The funeral was held from the M. E. church Sunday afternoon at 2:00 o'clock, conducted by W. A. Taylor, of Union. A large number of the friends were present and a profusion of flowers bore testimony to the high regard in which she had been held. Interment was in the Mt. Pleasant cemetery near Nehawka.

The pall bearers were cousins of the deceased, being George Copenhagen, Clyde Porter, Walter Porter, Carl Snavelly, Chester Shrader and Howard Porter.
