George E. Nickles was looking after some business matters in Omaha last Thursday.

Mr. and Mrs. E. S. Tutt were visiting in Union last Sunday and were guests at the home of Mr. and Mrs. E. E. Leach.

A. D. Rhoden was shelling and delivering the rental corn on the place where he lives, the same being the property of Wm. Sporer.

Harry Albin, the proprietor of the Murray Cafe has had the entire front of the building painted, which has added much to the appearance of the place.

Fred Campbell was hauling corn with his truck for Harold Sacks who was shelling and delivering some 2,500 bushels to the Farmers Elevator of Murray.

A. G. Long was cutting his wheat on Monday of this week, and found it not so good but was pleased that it was as good as it was, for the weather did not justify the yield which came.

The Murray hardware store has one of the new Model A John Deere tractors which have been so much talked about which they now have on their floor for the inspection of anyone who cares to look at it.

R. E. Frederick and Babe Kell Phillip, Jr., were down to Kansas City last Monday with a quantity of popcorn which they were taking as samples for a contract of sale which they had on hand, they driving down.

Mrs. Gertrude Carper of Nehawka was a visitor in Murray last Sunday, being guest at the home of her son, Lucean Carper and family and her sister, Mrs. Harry Nelson and family, enjoying the visit very much.

Mrs. Hattie Royal of Plainview, as stressed by a card to her friends in Murray, tells of her being much improved at this time and that there is no affection of the heart and that she is making good improvement in her general health.

With the beginning of the coming week Rev. and Mrs. J. C. Stewart and son, Morgan, and Mr. and Mrs. Charles H. Boedeker, Jr., and wife will depart for Spirit Lake, Iowa, where they will spend some two weeks on a vacation.

W. G. Boedeker was over to Chicago with two loads of cattle which he and Victor Wehrlein have been feeding and by the way, which were fine looking cattle. The shipment was made on Sunday and the cattle were on sale last Monday.

Alvin Hoyt of Clay county, a few miles from Edgar, where he has been farming, with the family drove to Murray and is staying at the home of their daughter, Mrs. Harold Sack for the present. A son returned to Edgar to get the stock there which has no feed, and will bring them here where some pasture and feed can be secured. Mr. Hoyt says that the country out that way is excessively dry and that there is nothing for the stock to eat.

A new contracting firm has been organized in Murray and they have found a way to earn an honest penny. In the digging of a cistern by Dewey Hobson and Henry Kettleton, there remained a large pile of dirt which was needed to be removed. The contract was up for bids and was bid on by Messrs. Griffin and Stewart, the two bids being Will Griffin and Modgan Stewart, who with wheelbarrows distributed the dirt where people wanted it and thus by dint of hard work they were able to get the mountain of dirt removed.

Give Shower for Bride.
Misses Leona Mayfield and Dorothy Shrader gave a very pleasing shower in honor of Miss Dorothy Opp, who is soon to wed Enos Plunkett, when a most pleasant evening was spent and many gifts telling of the love and honor of the friends for the bride to be. The Murray Farmers Elevator, which has been a stock company for many years, ever since the building was constructed, which had been operated by a manager employed by the company for many years and during recent years was leased to the party who operated it. For the past few years to Ray E. Fredericks, was sold to Mr. Fredericks last Saturday for the sum of \$2,000. Mr. Fredericks in his operating of the plant has made a success of the business and has faith in this town in the grain business and this portion of Cass county which justifies him in making the purchase. With the purchase of this plant Murray is assured that a large warehouse will be erected for the storing, handling, grading and preparing for market of seed corn and seeds of various kinds and with additional room will also provide employment for a number of men.

Play Jacks on Walk.
The girls of Murray, and we expect of other towns as well, are enjoying the playing of jacks on the concrete walks. They have a rubber ball which when they throw it up comes down and bounces, allowing them time to make their selection of just how many of the jacks they are to pick up. They have been enjoying the game under the shade of a friendly tree, and a good game at that.

Spidell, catcher of the All Stars featured the game with a smashing home run that added three scores for the All Stars in the fifth inning.

The blasts of the refrigerator shop whistle late last night aroused the householders over the city and especially the employes of the BREX as it signified that there was a fire at the car shops.

A refrigerator car on the tracks at the shops was discovered to be on fire by the watchman and the alarm at once given for aid. The fire was extinguished without any damage other than to the one car where the blaze was discovered.

FILES FOR SHERIFF

From Monday's Daily
W. R. Young, or "Rex" as he is more familiarly known over Cass county, this morning made his filing for the republican nomination for county sheriff, subject to the wishes of the voters at the primary on August 14th.

Mr. Young has been actively identified with the office of the county sheriff in the past, serving as deputy for a short time under E. P. Stewart and later was made deputy sheriff by Sheriff Bert Reed and served in that capacity until after the death of Mr. Reed. In the discharge of his duties Mr. Young made an excellent officer.

The filing of Mr. Young brings the number of republicans in the race to four as Ed W. Thimigan, Robert Hart and Ray P. Becker have also filed in the contest.

A state highway official says repeal has reduced the number of drunken drivers on the state highways 50 per cent. This, together with the remaining 50 per cent's tendency to reduce its own number slowly but surely, ought to lead the way to complete safety on the highway some day, but statistics sometimes lead us astray.
