FUNERAL OF G. E. DOVEY

From Saturday's Daily The funeral services of the late George E. Dovey, pioneer resident of this community, was held this morning at the St. Luke's Episcopal church, of which he was for many years a member.

The beautiful and impressive Episcopal funeral service was celebrated by Canon W. J. H. Petter, rector of the church, who was assisted by Father Harris of the St. Thomas church, Falls City.

The service was simple and impressive, the music being the organ numbers, "Hark, Hark My Soul," and "Going Home," from the "New World

Symphony." The pall bearers were old friends of the deceased and family, R. W. Clement, J. A. Capwell, E. H. Westcott, Dr. T. P. Livingston, Dr. F. L. Cummins and Searl S. Davis. The interment was in the Oak Hill cemetery west of this city.

Cattle Buying Program at Elmwood Thursday

Part of Drought Emergency Program for Cass County to Be Started at Once.

Cass county has been declared an emergency drouth area and will have an emergency cattle buying program, Thursday morning, July 26th at Elmwood. The quota has been set at 200 head for that day. Cattle will be taken from any part of the county on this day. It will be necessary for farmers to register the number they wish to sell at the Farm Bureau office by telephone, in person, or by mail, before that date.

The first two hundred registered will be the ones accepted. This is to keep farmers from bringing cattle in after the quota has been reached and having to take them home.

Appraisals will be made and if accepted by the owners, the contracts will be signed and these cattle will then belong to the government.

It will be necessary to have both the debtor and creditor sign in cases of mortgaged cattle. The prices will be on the following basis:

Condemed: 2 years and over, \$12; 1 and 2 years, \$10; under 1 year, \$4. Edible: 2 years and over, \$13-\$20; 1-2 years, \$11-\$15; under one year, \$5-\$8.

Participation: Debtor, \$6, \$5, \$3; Creditor \$6-\$14, \$5-\$10, \$1-\$5.

Farmers with livestock in decent flesh are urged to sell on the open market rather than through the government buying program as it is more of a relief program for thin and distressed cattle.

HOLD FINE MEETING

The M. E. Woman's Home Missionary Auxiliary held their regular July meeting at the home of their member Mrs. Will Porter of Union. Altho the extreme heat continued, clouds covered the sun most of the day and the trip was not too uncomfortable to spoil the enjoyment of the meeting. Seven of the twelve members were able to attend and with two visitors from Plattsmouth and several at Union, a very interesting afternoon was spent.

The meeting was opened with devotionals led by the president, Mrs. Boynton, with a short business session followed mostly routine work and financial report for year closing with June. The lesson covered the review of the Woman's Home Mission Magazine for the month's study and several interesting items were discussed, one being the coming national meeting to be held at Harrisburg, Penn., in October. Plans are well made now not only by the hostess conference but by delegates and visitors who will attend. But the outstanding feature of the meeting was a talk given by Miss Alice Funk about the Kansas City national training school for young women, who plan to do any form of religious work. Miss Alice graduated from the four year course this past June and is now entitled to wear the deaconess garb and fully qualified for any work in this field. She has been doing some active work in our own midst and we are glad to have her among us again. After her talk we felt we had paid a personal visit especially at commencement time. The society until last year's national meeting had a similar school in Washington, D. C., also San Francisco and for a time at Des Moines, Iowa. The receipts to maintain all the schools fell off with the general economic conditions of our country, so all but the Kansas City school has been closed for the present along with some other lines of school work and hospital service.

Following Miss Funk's talk, one of the Home Guard members of the society, Helen Barkus, entertained the company with two violin solos, "The Trovatore," and "The Puppet Show," which pleased her audience very much. The meeting closed with a social half hour during which time Mrs. Porter served delicious refreshments, very much in keeping with the temperature, for nothing satisfies like the various ices that are made these days. It was voted to hold a call meeting of the Home and Foreign members next Wednesday evening at the church for purpose of discussing uniting the two societies for the next year. May all those who are interested attend.

Temperature Soars to 112 in Plattsmouth

Reaches High Spot of Ten Day Continuous Burning Heat—Crops Suffer Heavily.

The temperature in this city soared to 112 Thursday afternoon in this city to bring the hottest day of the ten day period that Nebraska has endured from the intense heat.

Over the state there were eleven deaths recorded as the result of the intense heat. In this city Roy Oterdorsky, clerk at the Fricke drug store, was overcome for a short time from the heat but was able later to continue his work.

Louisville and Ashland reported temperatures of 114 and Omaha was recorded as having 110 in the late afternoon, within a point of the record of the season.

The crop destruction caused by the heated period that we are now passing through, is without parallel in the history of the state.

A. E. Anderson, state and federal crop statistician, said Thursday that half of the state's corn crop has already been so severely damaged that it won't even make satisfactory forage, and that every day's blasting by the sun lessened chances for corn and forage in more favored parts of Nebraska.

T. A. Kiesselbach, University of Nebraska agronomist, said much of the crop may not even pollinate because of the extreme temperatures. Unwilling to predict that half of the state's live stock may have to be removed from the farms, Anderson admitted that the situation may become that serious.

Fifty-two Counties in the Drouth Stricken West to Be Placed on the List.

The number of certified emergency drouth counties was increased to 630 by the transfer of 52 counties from secondary classification, the Agricultural Adjustment Administration announced today. The transfer was made by the Bureau of Agricultural Economics and the Extension Service Committee. Two counties likewise were added to the secondary drouth list.

The counties transferred to the emergency classification included Orange and Ventura in California; Fremont in Colorado; Bernalillo in New Mexico; Cotton Jefferson and Stephens in Oklahoma.

Other transferred counties are: Missouri: Audrain, Bates, Benton, Boone, Caldwell, Callaway, Cass, Charlton, Clay, Cole, Cooper, Daviess, Dent, Henry, Howard, Lawrence, Lewis, Lincoln, Linn, Livingston, Moniteau, Monroe, Montgomery, Morgan, Newton, Pettis, Pike, Platte, Ralls, Randolph, Ray, Reynolds, St. Clair, Vernon, Warren, Webster, and Wright.

Nebraska: Cass, Dawson, Gosper, Hamilton, Hitchcock, Kearney, Lincoln, Red Willow. The new secondary counties are Denver in Colorado, and Blaine in Montana. This is the first certification in Montana in several weeks, the situation having shown some improvement in the northwest, although drouth areas in the southwest have spread.

The total secondary counties now is 596, and the total of all designated counties is 1,226.

Simmons Pays Visit to This City Friday Evening

Candidate for the Republican Nomination for U. S. Senator, Flays "New Deal."

Robert G. Simmons, one of the leading candidates for the republican nomination for United States senator, as well as a congressman for ten years from the sixth district, was in Plattsmouth Friday evening.

Mr. Simmons is making a tour of the state, giving street talks in the various places he visited. The address here was not heard by a large number as the greater part of the population was at the Athletic park and missed hearing the very able presentation of the view of this able statesman.

The speaker denounced the policies of the administration and the giving by congress to the executive department of extraordinary powers, which, in the opinion of the speaker, was a menace to the liberties of the people.

Mr. Simmons stated that he did not believe it possible to run all business from Washington, or to dictate to labor and agricultural interests what they must do.

BOYS GO TO CAMP

From Thursday's Daily The Cass county boys selected for the Civilian Conservation Corps camps in this state were chosen Wednesday and sent to Nebraska City on the 6:30 Missouri Pacific train last evening.

These young men will be mustered in the service at once and given their inoculations and made ready for assignment to their permanent location at some of the camps over the state.

Those from this county selected were: Glen Ashlock, Union; Floyd Fellows, Elmwood; Kenneth Hike, Plattsmouth; Homer Morris, Murray; Ralph Palmquist, Greenwood; Guy Coster, Alvo.

The alternates selected were Delvin Landis and Richard Goucheour of this city and who accompanied the others to Nebraska City.

GOES TO DAVID CITY

From Friday's Daily Carl J. Schneider, assistant cashier of the Plattsmouth State bank, drove to David City today, taking his sister, Mrs. Eugene Burdick and little daughter there where they are expecting to make their home. Mr. Burdick is cashier of a new bank just established there and the family expect to get settled at once in their new home.

From Saturday's Daily Walter G. Box, of near Elmwood, was in the city for a few hours today looking after some matters of business and while here was a caller at the Journal office.

To the Voters of CASS COUNTY

I deeply appreciate the confidence and trust placed in me during the past and hope that I may again receive your support in the primary election, August 14th. All my time and undivided attention have been given to the duties of County Superintendent and the welfare of the boys and girls of the entire county has always been my foremost interest. Your schools rank high, and with your approval, I shall continue to give my best thought and energy to the progress of the schools of Cass county. Yours sincerely, ALPHA C. PETERSON.

ANNOUNCEMENT

This is to announce my candidacy for the office of County Treasurer on the democratic ticket. You remember I was your candidate four years ago. Then you, my friends, were very loyal. I lacked only a few votes of being elected. I am asking just the same loyal friendliness at this time from my old friends and such help from the new ones. We are certain my election can be successfully put over. A word as to my qualifications:

I am a farmer, and all know the rigorous life they live and how we gain our knowledge of the value of the dollar and the way we should conserve them. For twelve years, I was accountant for the Union Pacific at Omaha and with the general education which years in business has brought has fully equipped me for the position I am asking at your hands.

Primaries, August 14th. I thank you for your support. JACK CANDIDE, Democratic Candidate for County Treasurer.
