More Liberal Policy for Banks of the State

Plans for Handling Drouth Paper to Be Taken up With Bankers of the State.

Nebraska state banks, under the supervision and advice of Superintendent Luikart of the state banking department, are to embark upon a more liberal policy in carrying over notes during the season, the appraisal and classification of paper carried and extension of time and valuation of live stock.

How and when this policy is to be inaugurated is to be discussed by Luikart Friday forenoon with representative bankers of the state from each of the six groups of bankers' associations. The subject matter is to be discussed in a private meeting to be held at the capitol.

"We have been rigid in our enforcement of regulations," said Luikart, "anticipating difficult times. The drouth situation has come just as anticipated. Banks are now in good shape and they can well withstand a more liberal policy. Just how to handle paper under drouth conditions, with a more liberal policy of classification and appraisal and valuation of live stock are topics to be discussed at the conference."

Superintendent Luikart has just returned from a short vacation spent in Minnesota for the benefit of his health.

DEATH OF MARGARET KENNEDY

From Monday's Daily
The death of Miss Margaret Kennedy, of this city, occurred on Friday in Wisconsin, where she had been for some time undergoing treatment for an illness that covered the past several years.

Miss Kennedy was a daughter of the late Mr. and Mrs. James Kennedy and was born and reared in this community and where she had a very large circle of friends. She was of a deeply religious disposition and several years ago entered the seminary in Wisconsin to prepare herself for a sisterhood of the Roman Catholic church. Her studies were interrupted by her falling health and made necessary her giving up the training.

She was here with the brothers and sisters for some time but later returned to Wisconsin where she passed away.

She is survived by three brothers, James, William and Cornelius Kennedy, and one sister, Miss Nora Kennedy, all of this city.

The funeral services were held this morning from the St. John's church, the mass being celebrated by Father Patrick Harte, of Manley and the interment at the Catholic cemetery beside the father and mother. The funeral was in charge of the Sattler funeral home.

ENFORCE PARKING RULES

The members of the police department, especially the night force, has had a great deal of difficulty in handling the parking regulations in the business section as regards parking near the fire hydrants.

The law provides that the spaces adjacent to the fire hydrants be kept free from obstructions at all times owing to fire dangers and this had made the work of the police difficult in keeping auto owners in the congested traffic hours from parking there.

In case of fire the fire department must be able to get to the hydrants without delay and which is a matter of safety to the residents and property in the sections of the city where the hydrants are located.

Many have objected to the requests of the officers to remove their cars from the parking but they should appreciate the fact that the officers are but doing their duty for the safety of the public.

The habitual kicker is not always sure of how truthful may be what he is going to say. It's easy to "bawl folks out," but if the ranting is not true, it takes the good out of what you said.

HERE FROM CALIFORNIA

Milford B. Bates of the Journal, and family, is enjoying a very pleasant visit from an old friend, Frank H. Jones, of Los Angeles. Both Mr. Jones and Mr. Bates are members of Golden West commandery No. 43, Knights Templar of Los Angeles, in which they have had a very active part.

Mr. Jones was in attendance at the national convocation of the Knights Templar, held in San Francisco, at the conclusion of which he made a short boat trip to Alaska, visiting a number of the places of interest and charm along the coast country. He also visited the Jasper national park, thence on to St. Paul and Minneapolis, Minnesota. Mr. Jones is a native of Winona, Minnesota, where he spent some time in the old home town, which city President Roosevelt will visit on his eastward journey to dedicate one of the large water power projects. After the visit at the old home Mr. Jones stopped for a sightseeing trip at the Century of Progress exposition at Chicago and then on here to spend some time with the old friends before continuing on westward. Mr. Jones is an attorney at Los Angeles and active in the city government there.

ANNOUNCEMENT

This is to announce my candidacy for the office of County Treasurer on the democratic ticket. You remember I was your candidate four years ago. Then you, my friends, were very loyal. I lacked only a few votes of being elected. I am asking just the same loyal friendliness at this time from my old friends and such help from the new ones. A word as to my qualifications:

I am a farmer, and all know the rigorous life they live and how we gain our knowledge of the value of the dollar and the way we should conserve them. For twelve years, I was accountant for the Union Pacific at Omaha and with the general education which years in business has brought has fully equipped me for the position I am asking at your hands.

Primaries, August 14th. I thank you for your support.

J. L. STAMP,
Democratic Candidate for
County Treasurer.

DEMOCRATS
You won't make any mistake if you cast your vote for
Fred L. Carsten
of Avoca
for
State Senator
Second District
An active farmer, stock raiser and President of the Cass county Fair Board, this man is well qualified to represent the people of this section in the legislative chambers at Lincoln—a worthy successor to Senator Banning.
This Advertising Message to the Voters Prepared by a Friend of Mr. Carsten who knows of His Ability!

LADY CANDIDATE HERE

From Tuesday's Daily
Mrs. Maude E. Nuquist of Osceola, candidate for the democratic nomination for governor, was in the city today to visit with the friends and meeting the voters where possible. Mrs. Nuquist has been one of the active leaders in the women's work in Nebraska and has been very prominent in many of the organizations.

Mrs. Nuquist is the only lady candidate for the democratic nomination for governor and has been visiting a large number of the cities of the state in company with her son.

The views of Mrs. Nuquist is partially represented in two of the planks of her platform.

"People have had a sort of hopeless attitude toward politics. They have said it is a rotten mess, but what can you do about it? President Roosevelt's courage in driving out the money changers and protected interests that have corrupted national politics has given people new hope that perhaps there is something to do about it, after all."

"I am making a plea for political housecleaning in Nebraska and believe it could be better accomplished by my election than any other means. The women and the youth of the party who long for cleaner politics should be taken seriously. Many of you older men have longed for a cleaner party but have scarcely dared voice that feeling."

4-H CLUB MEETING

On Tuesday, August 7, Kathryn Armstrong was hostess at a meeting of the Sunnyside Girls room club which was held at the home of Mrs. Ernest Giles.

Roll call was answered by giving color combinations for rugs.

The club members are to attend the song contest at the county fair and the club is also to be represented at the judging and health contests to be held at Weeping Water on August 15. Questions on the reading and writing unit were discussed.

Achievement day, which is an important day to all club members because it signals the closing of the club year, is planned to be held at the public library within the next two or three weeks. All club members should have their work completed before September 1st.

At the close of the meeting the 4-H club songs, "Dreaming and Pleading Song," were sung by the girls.

The club was pleased to have Mrs. Fred Todd as a visitor at the meeting.

In the last report of the club the name of Eleanor Giles was omitted from the list of those who attended 4-H club camp at Bellevue.

To close a very delightful afternoon delicious refreshments were served by Kathryn Armstrong.

MOVE TO NEW LOCATION

The insurance office of Duxbury & Davis has been moved to the Rawls building, the first door east of the court house. They are occupying part of the office room used by Attorney Rawls, and formerly by Byron Clark during his practice in this city. The offices have been completely redecorated and remodeled for the new tenants and are now among the finest office rooms in Plattsmouth.

TO AVERT HIDE SURPLUS

Boston.—At simultaneous emergency meetings of leather dealers here and at Chicago plans were approved for withholding from the market a surplus of hides, created by government sponsored slaughtering of drouth stricken cattle.

G. E. PRICE
Democratic Candidate FOR CONGRESS
First District
● Officer United States Army
● Lawyer
● Teacher Law, College and University
● Long Experience Government Work
● 54 Years Old

My platform is:

FIRST: I will assist, not hinder, the recovery program of President Roosevelt.

SECOND: That the fundamental basis of all legislation is that prosperity of all vocational groups depends largely upon the prosperity of the agricultural classes.

THIRD: Legislation that will restore the purchasing power of the farmer, stabilize the market price of farm products, and narrow the spread between what the farmer gets for his product and pays for his supplies.

FOURTH: The enactment of legislation that will insure to the laborer and to the farmer a guarantee of the right to earn a living and to be protected in their controversies with other interests.

FIFTH: A uniform pension system for the soldiers of all wars, with provisions for hospitalization and domiciliary care for the veterans who are incapacitated.

SIXTH: Payment of the so-called soldiers' bonus. This is a debt acknowledged by Congress, and the payment will relieve many distressing cases and will distribute equally, in accordance with the population, a large sum of money which will benefit all.
