Are Seeing the Fair Messrs. D. Roy Fraus and William A. Ost departed last week for Chicago, where they spent the week and were still there at the beginning of this week. Things must be looking good to them and sure there is a lot to look at. They will have a good time and not miss any of the important sights, we are sure.

Occupying New Home Miss Pearl Banning, who has had a new home built during the past summer, has the edifice entirely completed and moved into the new home during the early portion of this week. She has a very fine modern home and

one which will make her an excellent place of abode. She has accepted an offer from two of the teachers to make her home with them.

Mrs. Allison Slightly Improved Mrs. Mary B. Allison, who has been ill for so many weeks, but of late has been showing some improvement, is now improved to a point where her daughter, Mrs. John R. All are hoping that he may show a change for the better at any time. Mr. Hastings is a very likeable gentleman and has the sympathy and well wishes of a host of friends.

Kitten Ball Popular In three games of kittenball played between the high school team and a team composed of business men of Union, the lads were able to win all three contests. This does not mean the merchants cannot play the game, but it is evidence of the fact that the boys are skillful at it.

Providing Entertainment The Union Woman's club, ever on the lookout for something that will amuse and instruct the people of the community, are planning on a series of entertainments during the fall and winter and have secured Miss Marie Kautmann, of Plattsmouth, who a few years ago made a tour of Europe and took moving pictures of all points of interest she visited, to come here and show the same on Friday night of this week, as well as give an interesting talk on the places shown. Solve Housing Problem Jewell Cooper, an employee of the stone quarries near Union, and wife, have been building a house for themselves with the aid of Joe Bauer, only this house, instead of resting on a foundation of stone or brick, is built on the chassis of a car and has a set of pneumatic tired wheels under it, so it can be readily moved from place to place as occasion demands. It is very nicely arranged, has carpet on the floor and built-in furniture and is wired for electric lights, insuring the greatest of convenience. The new house has just been completed and is being moved to a point near the home of Jesse Dysart, where it will be numbered among the inhabited residences of Union until such time as the owners decide to locate elsewhere.

Walter Mansfield is another who is solving the housing problem in this

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the right dose of a properly prepared liquid laxative will bring a more natural movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It gently helps the average person's constipated bowels until nature restores their regularity.

You can always get Dr. Caldwell's Syrup Pepsin at any drug store, ready for use.

ingenious manner, having a house car built at the Union lumber yard. It is along the lines of that built by Mr. Cooper and will prove very convenient for the family as Mr. Mansfield's employment is shifted from one site to another.

Looks like this is a good way to beat the depression for those who do not have a home of their own and are scarcely able to find desirable rental properties without paying a high rate of rent for some.

An interesting program had been planned for the evening which consisted of piano solos by Ruth Westover and Edna Mae Peterson and a group of readings by John Kenneth Bestor. These were very much appreciated as the ladies always enjoy hearing from this group of young folks.

Mrs. Hayes, the parliamentarian, was present and under her leadership the club discussed various changes to be made in the Constitution and by-laws.

The guests for the evening were Mrs. V. E. McFarland of Lexington, Nebraska, and two high school girls, Miss Mary Lindeman, senior class representative, and Miss Aimee Jane Thomas, of the junior class.

At the close of the evening very delicious refreshments were served by the hostesses which was a very fitting close of the fine program of the evening.

Better Get Your Apples W. B. Banning, whose large apple orchard near town is always a scene of busy activity at this time of the year, has started picking and grading this year's crop. He states that the supply of apples is very short this year all over the middle west, and his orchard, like others, is yielding a greatly reduced crop, but of very good quality. Those who are wont to buy their apple supply at Mr. Banning's orchard each year, are urged to come early this year, as the supply will not be sufficient to meet the demand. He is grading them carefully and will be able to give his customers the usual high quality as long as they last, but says it will have to be a case of "First come, first served." Better get them now!

Buy now ALL the things you need. Prices are going higher, so don't wait longer.

Woman's Club Hears Discussion of the Movies

Miss Helen Farley Leader of Meeting—Fine Program Given in Movie Studies.

Last evening the Plattsmouth Woman's club held a very interesting meeting at the home of Mrs. J. C. Peterson, Jr. who was assisted by Mrs. Edgar Glaze, Mrs. Thomas Walling, Mrs. Fred Lugsch, Mrs. Wm. Swatek, Mrs. V. V. Ryan.

Mrs. L. W. Egenberger led the devotions, using St. Matthew chapter 11, verses 28, 29 and 30.

Two letters were read expressing appreciation for the part the Woman's club took in the Korn Carnival.

Mrs. Christine Kirkpatrick, who will be the leader of the next meeting on Oct. 15, reported she had arranged for Mrs. Archer of the Archer Travel Bureau of Omaha to be here to show pictures of Alaska. These pictures will be shown at the public library. Each member is urged to be present and bring a guest with her.

The topic for last evening was "Know Your Movies." Miss Helen Farley gave a very interesting and instructive report on this topic. She stressed the importance of the reaction of children in seeing the different types of pictures. The reactions of the adult are very different than that of the child. Therefore, it is well to be informed as to the type of picture your child is going to see.

Informing the local manager of your appreciation for the many good pictures he brings here would be a very good habit to form.
