OBSERVE CHURCH FESTIVAL

From Thursday's Daily
Today was observed in the Roman Catholic and Episcopal churches of the city as All Saints' day, set aside by the church as a day of memory of the dead of the faith. Masses and prayers were offered at the churches for the memory of the departed, the services at the St. Johns, Holy Rosary and St. Luke's churches being largely attended by the members.

OMAHA PARTIES WEDDED

Wednesday evening at the office of Judge A. H. Duxbury at the court house, occurred the marriage of Miss Stasia Jeanne Sedlacek and Mr. Frederick Francek, both of Omaha. The wedding party were accompanied by Mary Francek, sister of the groom and James Arthur Sedlacek, brother of the bride. The marriage lines were read by Judge Duxbury.

VISITS IOWA STORE

R. W. Knorr of this city was at Villisca, Iowa, Wednesday where he was called to look after some matters in connection with the variety store that he is operating in that city. The store is being moved to a new location where a large modern store room with one of the latest fronts and equipment will be occupied. The change is being made at once and will give the store a much more desirable location.

SOME FINE RAIN

From Saturday's Daily
This community last evening and today has had an excellent rain that will prove of untold value to the soil which has been a severe sufferer from the drought of the past summer. At 8 o'clock this morning the rainfall had registered 1.06 inches and came down nicely, all sinking into the parched soil.

Buy Farmsteads in Loup County

Federal Government Acquires 160 Acres Near Loup City—Total Purchased Up to 571.

L. A. White, rural rehabilitation director for the Nebraska FERA, announced purchase of 160 acres near Loup City for development of another farmstead subsistence project. It is the sixth in the state and brought the total acreage purchased in Nebraska to 571.

Ten homestead units with house, barn, chicken shed and small acreages for individual farmers will be established this fall there, white said. More may be possible, but some of the land is uplands, fit only for pasture and White said until more complete surveys are made it could not be determined whether additional units could be included.

The units will be irrigated from wells and a community building for a cannery or other small industrial purposes to supplement the farmers' incomes probably will be built.

The state relief committee is in session at the capitol to make the November allotments. Figures on September show that every county except Douglas put more than 50 percent of its relief load to work during September. Douglas county, Haynes said, made little progress that month but in October was getting underway.

In September Nebraska's FERA cared for 34,411 relief cases to some extent of whom 6,244 were listed as non-employable. Of the remainder, 21,191 did work relief or about two-thirds of the employable relief cases. The Nebraska administrator said this gave Nebraska a high ranking, when the general average over the nation was only about one-fourth of the relief cases at work.

With 5,000 Nebraska farmers already obtaining feed thru federal relief agencies as a result of reducing their livestock to ten animals or less, three state relief officials prepared to go to Kansas City for a regional conference on the federal feed purchasing program.

Rowland Haynes, federal relief administrator; L. A. White, rural rehabilitation director, and L. W. Chase, director of the feed buying program in Nebraska, will make the trip. They will confer with representatives of other states and Lawrence Westbrook, federal administrator in charge of drought relief, about present and prospective feed demands and policies in feed purchasing.

Haynes said Nebraska has been purchasing feed only for farmers on the ten unit or less basis who are entitled to relief while in some states purchases have been made for all farmers. He said this state has enough funds to continue to meet the farmers' feed needs.

BOBBY AND THE SQUIRREL

Bobby sat on his grandfather's knee, Watching a squirrel skipping with glee, Frisking his bushy brown tail in the sun, While Bobby laughed and thought it was fun.

He watched him scamper with a nut, To the roof of an old log rickety hut, Sinking his teeth into the hull,

To get the kernel while there was a lull.

Little Bobby leaned over the rail To get a view of its soft brown tail, When old Touse soon sniffed the air, Chasing the squirrel into its lair.

The squirrel then turned and barked at Touse, Thinking he surely could arouse, The squirrels in the neighborhood or those passing by, To drive Touse away, he hoped they would try.

Soon, old Touse with his tail between his legs, Sneaked away home and hid behind the kegs, While Bobby cuddled down on his granddad's lap, And soon sank away in his afternoon nap.

—J. R. Tremble.

HERE FROM COLORADO

Mr. and Mrs. John Ramsey of Loveland, Colorado, are in the city to spend a short time visiting at the home of Mr. and Mrs. H. A. Schneider. Mrs. Ramsey and Mrs. Schneider are sisters and the visitors are enjoying the opportunity of visiting the many old friends in this section of Cass county.

MANLEY NEWS

Mr. and Mrs. Walter Mockenhaupt and daughter, Anna Marie, were Omaha shoppers last Friday.

John C. Rauth and Walter Mockenhaupt attended the Community sale in Syracuse on Wednesday.

Frank Rhoden has been visiting at the home of his brother, Grover C. Rhoden, for the past few days.

Harry Hawes was looking after some business matters in Plattsmouth last Tuesday, driving over in his car.

Adolph Steinkamp is feeling somewhat improved after a prolonged illness and it is hoped he will continue to gain.

John Gakemeier, of Murdock, was a visitor in Manley on last Tuesday, where he was looking after some business matters for a short time.

Grover Lauretzen has been putting in his spare time at the overhauling of his auto, so it will function the very best during the coming winter.

Mrs. R. Bergman was a visitor in Omaha on last Tuesday, where she was a guest of friends and as well was looking after some business matters as well.

Harold Krecklow has been busy during the past week painting at the home of Mr. and Mrs. Fred Stohman, Sr., which is being painted on the outside and redecorated inside.

Fred Fleischman, who has been kept from the barber shop of late, has been getting along better the past few days, but it will be some time before he is able to resume his work again.

Father Patrick Harte, pastor of the Manley church, was a visitor at Elmwood one day last week, calling on his friends there and looking after some business for the church as well.

August Pautsch, of Louisville, was a visitor in Manley and was looking after some business matters for a short time, being in consultation with W. J. Rau of the Manley State Bank.

Mrs. John C. Rauth accompanied her friends, Mr. and Mrs. Frank Bergman to Lincoln, where they were looking after some business matters, on last Tuesday and in the evening they attended the democratic banquet which was held at Weeping Water.

In a paper which R. Bergman received from Mission, Texas, where he has land holdings, there is an account of the striking of five new oil wells. Naturally, he considers this very good news, as the oil was struck in close proximity to his land.

While at work about the house, Mrs. W. J. Rau had the misfortune to cut her index finger severely and this has interfered with her work as well as causing her considerable pain, but we are glad to report that she is getting along very well at this time.

August Krecklow is kept very busy these days with the building of trailers for automobiles, for which he is finding ready sale. At this time he is engaged in the construction of a four wheel trailer on a Maxwell chassis, which will make a very good one.

Mr. and Mrs. Herman Rauth were attending the democratic banquet and rally in Weeping Water last Tuesday evening, along with many of the people of this vicinity who went over for the speaking program at which the benefits of the "New Deal" were highly praised.

Mr. and Mrs. A. B. Hill, of Omaha, were visiting with friends in Manley on last Tuesday, driving down in their new auto and enjoying a visit with relatives and friends, as well as attending the democratic rally and banquet at Weeping Water in the evening. Earlier in the day the caravan of political speakers and county candidates visited Manley for a short time.

Paul Fleming, while driving home from Louisville one night last week, had the lights on his car go out suddenly, with the result that the car ran into a bank and was overturned, damaging the car considerably and injuring Mr. Fleming about the hips. He is getting along very well, but finds it difficult to get around as yet. However, he is hoping soon to be entirely recovered.

Attended Meeting in Lincoln
Mrs. Frank Bergman, Mrs. Walter

**A REGULAR
BIG CITY MARKET
For Your Dressed**

*DUCKS *GEESE
*TURKEYS

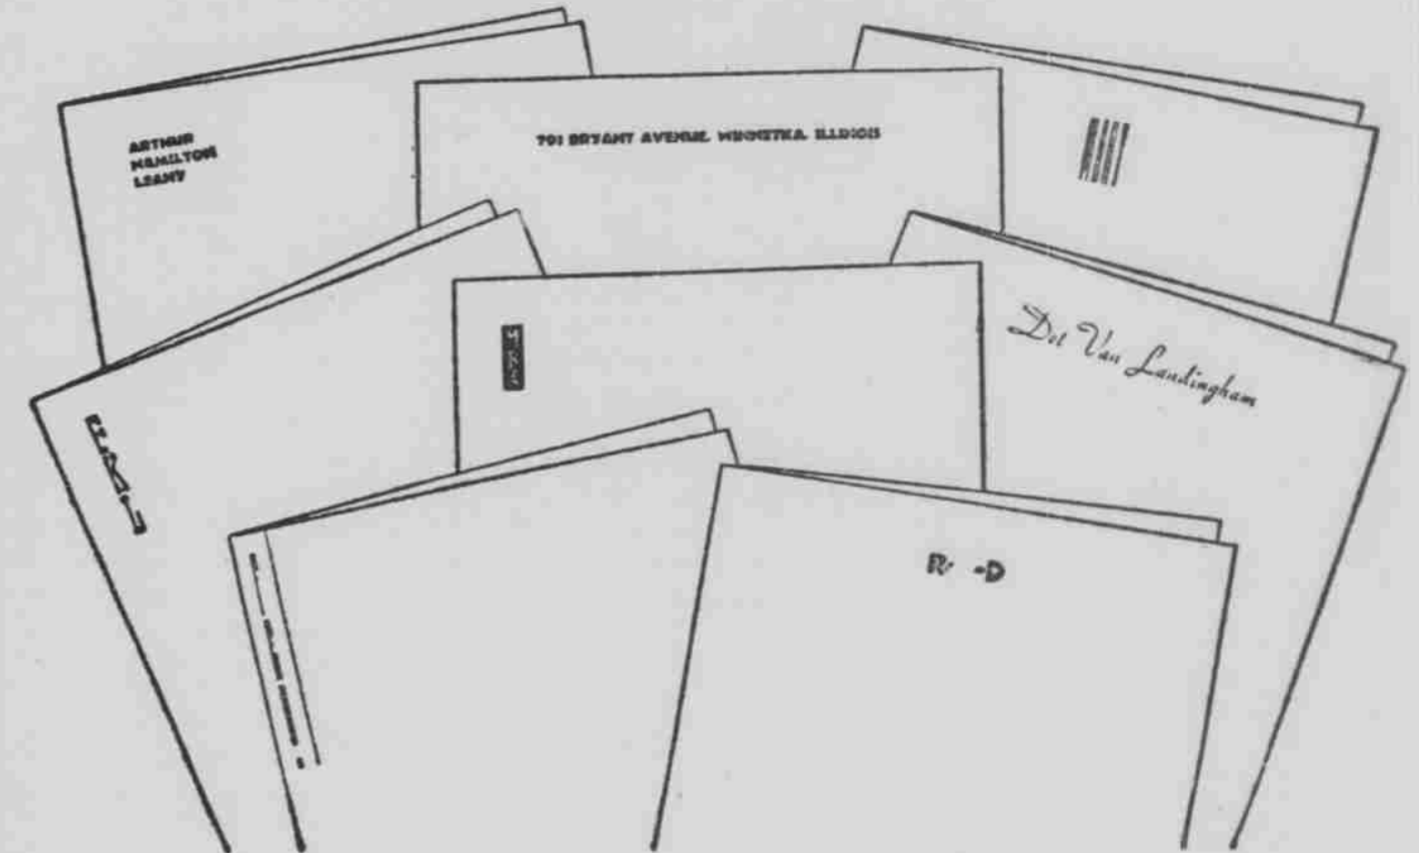

Good, fat, clean, well dressed birds bring home the bacon every time. We have an exceptionally good outlet for Thanksgiving trade. We can use any amount. Have them ready to deliver to us about Nov. 15. We also buy live poultry of all kinds. If you sell to us you will be another satisfied customer.

Ideal of Buckeye Collegians

Hanna M. Daugherty

Students at Ohio State university, Columbus, have an ideal. She is lovely Hanna M. Daugherty, above, who has been selected as the "Ideal Co-ed" of the institution. Besides being a favored candidate for homecoming queen, Hanna also is said to be quite an "ideal" of Luddy Rogers, orchestra leader and movie actor.

The **TIRE SENSATION of '34**

**THE NEW
Firestone
CENTURY PROGRESS TIRE**

Beyond Comparison
IN QUALITY AND PRICE
WITH ANY FIRST-QUALITY TIRE MADE

As the millions of World's Fair visitors saw tires made in the Firestone Factory and Exhibition Building, we asked thousands this question: "What do you value most in a tire?" Car owners from every state in the Union were interviewed—drivers of automobiles, trucks, busses—out of it all came one composite answer: "Give us Blowout Protection, Non-Skid Safety, and Long Wear, at a moderate price."

Firestone engineers used every conceivable resource in the development of a tire embodying these qualifications and selling to the public at a price within the reach of every car owner. Answer—the new Firestone Century Progress Tire.

COMPARE QUALITY—CONSTRUCTION—PRICE

This new tire is equal or superior to any other first quality tire, regardless of brand—name—or by whom manufactured, or at what price offered for sale. Call on the Firestone Service Dealer or Service Store and examine it. You will be sold on the rugged quality and will want to equip your car with these new tires.

REMEMBER—you save money buying today, as rubber has advanced 442% and cotton 190%, and tire prices cannot remain at these low levels.

Now A TRIPLE GUARANTEE

- for Unequaled Performance Records
- for Life Against All Defects
- for 12 Months Against All Road Hazards*

*Six months in commercial service.

See how Firestone Tires are made at the Firestone Factory and Exhibition Building, World's Fair.

Why did the Century of Progress select only Firestones among all tire manufacturers to exhibit the scientific development of rubber in the Hall of Science?
