Wilma Pickard Has Close Call from Gassing

Overcome with Monoxide Gas Young Lady Found Lying on Floor at Her Home by Relatives.

Miss Wilma Pickard of this city had a close call from death Tuesday at the family home on Granite street when she was overcome by monoxide gas and while much improved today, is still suffering a great deal from the effects of the gas.

Miss Pickard had gone to the basement of the home Tuesday morning to start the washing for the family, the wash room being located adjoining the garage that is also located in the basement. The car had been running while awaiting Mr. and Mrs. John Alwin, parents of Wilma, evidently gas forming in the basement garage and as the door opened seeped on into the wash room.

The presence of the gas was not noticed by the young woman at the time and but for the ringing of the telephone on the first floor of the house she would probably have remained in the basement to absorb the poisonous gas. Miss Pickard had gone to the first floor to answer the telephone and reaching there had been taken with a fainting attack and fell to the floor in an unconscious condition and unable to reach the phone.

Shortly after the victim of the gas had fainted Mrs. W. A. Wells, an aunt, had come to the Alwin home at the same time that Mr. Alwin returned from taking Mrs. Alwin to her duties at the post office. They entered the house to find Wilma on the floor and unconscious. Dr. R. P. Westover was called and gave what aid was possible and the victim of the gas partially revived but could not recall her coming up the stairs.

This morning she had been able to throw off a part of the effects of the gas but was still confined to her home and under care.

C. D. OF A. MEETING

The Catholic Daughters of America held their joint initiation and installation of officers Sunday afternoon at the Eagles hall, a large number of the membership being in attendance as well as visitors from Nebraska City.

The new members received in the order were Mrs. Thomas J. Walling and Miss Lucille Case, the local officers carrying out the ritualistic work of the order.

Miss Veronica O'Connor, Omaha, grand state regent, was present and spoke on the work of the order as did Miss Elizabeth Kernan, district deputy and state chairman of the Junior Catholic Daughters.

Following the initiation the newly elected officers were installed in their respective offices and were greeted by the membership of the order.

The Nebraska City visitors were headed by Miss Margaret Meyer, grand regent and who brought with her a goodly number of the ladies from that city.

At the close of the afternoon dainty refreshments prepared by the committee were served by the members of the Junior Daughters in a very charming manner.

LITTLE BANK LEGISLATION

Washington.—President Roosevelt and Senator Glass, of Virginia, authority on banking, talked for an hour in a meeting which brought a declaration afterwards from the senator that he saw little necessity for new banking legislation at this session of congress. The Virginia senator declined to discuss the views of the president, but there is every indication that few changes will be sought in the banking laws. Secretary Morgenthau has said he wishes to hold banking legislation to a minimum.

"It is just as important to prevent evil legislation as to enact good legislation," commented Senator Glass, who was the author of much of the banking reform enacted by the last congress.

Glass, a conservative, has questioned many of the administration's actions.

APPEALS NRA CONVICTION

Philadelphia.—An appeal from a U. S. district court conviction on national recovery administration code violation charges was argued in the circuit court here by counsel for Harry Sley and the Sley System garages on grounds Sley is not engaged in interstate commerce and the national recovery act is unconstitutional.
