WILLING WORKERS MEET

The Eight Mile Grove Willing Workers held an all day meeting at the home of Mrs. Earl Iske, January 22nd.
Our lesson on "Handmade Rugs," was demonstrated by the leaders.
The next meeting will be held February 26th, at the home of Mrs. J. B. Kaffenberger.

NEBRASKA GIRLS VIE FOR STATE HONORS

A 1935 high school essay champion is to be crowned in Nebraska.
Miss Mary Ann Tompkins of Merna, 1934 state title winner, must yield her throne to another student of this state who will be selected within the next three months.

Full details of a contest, which again will be open to high school students enrolled in Home Economics courses, has just been received by teachers of this city. The contest not only is state-wide but national in scope, it is said. It is sponsored by the live-stock and meat industry through its organization, the National Live Stock and Meat Board. The topics for essays will deal with phases of the subject of meat.

University scholarships will be the goal of students who enter. They will be given the opportunity to compete against girls in other states for sectional and national honors. Last year the national championship went to Miss Anne Ozkewicz of Everett, Washington.

Prominent Home Economics authorities will select the winners, according to the contest announcement. In a similar event last year, Dr. Louise Stanley, chief of the bureau of Home Economics of the U. S. Department of Agriculture, was chairman of the judging committee.

Hundreds Take Part in Big Wolf Hunt Sunday

Six of the Coyotes Are Captured in the Big Drive Northwest of This City.

Sunday the wolf hunt, organized by the farmers west and north of this city was held and attended by some six or seven hundred of the farmers from this vicinity as well as many of the residents of this city who had driven out to enjoy the sport.

The drive was from the Platte river south to the Mynard corner and near the Sulser farm west of this city and the west boundary of the territory covered was west of Culom, the territory taken in embracing some six miles in diameter.

The hunters swung out in a great circle, gradually closed in to narrow the territory and one of the coyotes shot was routed out by the group from the Mynard community and several were driven in from the timber along the Platte river territory.

The hunt was such a success that it is planned to stage a similar event next Sunday which will start from the Mynard corner on south and take in about the same amount of territory as the hunt yesterday.

Several of the coyotes bagged were quite large and the community is feeling relieved that these animals have been put out of commission and prevented from committing any depredations on the farms in this territory.

Mynard Club to Produce New Comedy Offering

New Offering Written and Directed by Raymond Cook Laid in the Texas Range Country.

The Mynard Community club has sponsored many clever and enjoyable entertainments in the past which have met with the highest public favor. The Mynard club has a record of presenting, thru the years, a series of plays all of which have been "big hits." So successful was last year's show, "Mynard Minstrels of 1934," that over a thousand persons paid admission to see it in the five nights it was presented.

Raymond Cook, the Mynard Maestro, who is now directing rehearsals for the 1935 show, promises that this will be the biggest, funniest and most musical of any Mynard show yet given. New and special scenery has been designed and built especially for this musical comedy. And in addition there will be an orchestra of nine pieces to add to the beauty and effectiveness of the musical numbers.

The plot of this comedy is laid in the Texas range country adjacent to Mexico. The action centers around the family and ranch hands of Ma and Pa Williams (Katherine Wiles and Richard Spangler) owners of the Lazy "Y" ranch, and a band of California gangsters. The real leader and "brains" of this gang is the famous Dr. Brewer (Jean Spangler) owner of a sanitarium located near the ranch. The doctor is a suitor of Nancy Williams, the daughter, (Lucille Wiles) as is also Bob Ford (Lawrence Leonard) Chief of the Texas Rangers. The doctor is eventually shown up by Marcheta, (Peg Hirt) the Mexican maid of the Williams household. The gangsters meet their Waterloo when Big Ike, the negro man-of-all-work (Homer Spangler) and Cookie, the bunk house chef (Ray Bourne) join forces with the Texas Rangers. Mary Deverage as Sally, the frivolous Eastern girl, after much indecision falls for Slim, the ranch foreman (Dick Livingston) who is "that way" about her and Lightning Joe (Art Hild) decides a Mexican wife is good enough for him. All ends happily when Cookie decides not to quit his job, Big Ike finally catches his horse and the hard-boiled gang of hoodlums (Eddie Wehrlein, Towner Livingston, and Chet Wiles) gets what's coming to them. A chorus of Texas Rangers composed of Chuck and Eddie Howard, Noble Kiser, Jack Valery and Stan Dreamer as the banjo artist, complete the cast. A guitar specialty will be given between acts by the Morris brothers, popular entertainers from Union.

This musical comedy will be given at the Mynard Community Hall Feb. 13th-14th and 18th-19th. Reserved seats are still available for the 18th-19th.

The "liquid test"
...It ENDS bowel worries for many people

This is a test that tells you whether the system needs a cathartic charge. If you have constant sluggish spells or bilious attacks, and laxatives seem to make things worse, it would be wise to try this:

Stop all use of any laxative that does not encourage variation from a "fixed dose" (which may be entirely too large a dose for your individual need). Use instead, a liquid laxative that you can measure and regulate as to dose. As necessary to repeat, take smaller doses, less and less often, until the bowels are moving without any help at all.

Doctors use liquid laxatives, and a properly prepared liquid laxative, containing natural laxative agents like senna and cascara is a joy and a comfort; a real help in establishing regularity. Ask your doctor about this! (Doctors use liquid laxatives.) You can get Dr. Caldwell's Syrup Pepsin, which is a most dependable liquid laxative, at any drug store.

John W. Lowther Former Resident, Dies in Wakefield

Aged Man Has Been Making Home With Daughter Where He Passed Away.

After a year's illness, John W. Lowther died at Wakefield, Nebraska, at the home of his daughter, Mrs. Irma Brown, on Thursday, January 31. Services were conducted at the home on Monday afternoon by Rev. Robert Wylie, and T. C. Hyspe funeral service was in charge. Burial followed in Coleridge cemetery beside his wife.

Mr. Lowther was born at Carpenter, Ohio, on November 4, 1852, and his marriage to Miss Agnes Mark took place at Carpenter in 1874. Five children were born. The Lowthers came to Nebraska in the year 1899, settling in Cass county in the Murray community. In 1918 the family moved to Wayne. Mrs. Lowther died that same year and was interred in Coleridge. A son, A. S. Lowther, died in Wayne last year. About eight years ago, Mr. Lowther went to Wakefield to live with his daughter.

The surviving four children were present for the funeral rites: Jesse Lowther of Coleridge; Mrs. Irma Brown of Wakefield; Andrew Jackson Lowther of Virgil, S. D., and Mrs. Audrey Root of Blair. There are 25 grandchildren and 18 great-grandchildren surviving. No brothers or sisters remain.

Pallbearers were James Mitchell, Charles Busby, Fred Hyde, Charles W. Longe, William Dotson and C. A. Samuelson.

ECONOMY ... becomes a much more simple matter when you get the daily Hinky-Dinky habit.

Plattsmouth Scouts Enjoy the President's Talk

While Gatherings Taboo, Individuals Hear Message—E. H. Wescott Veteran in Work Here.

Friday, February 8, marked the 25th or silver anniversary of the founding of the Boy Scout movement and was featured by a broadcast last evening over a nation-wide hookup, at which the president of the United States, Franklin D. Roosevelt, was the principal speaker.

Restrictions against public meetings being attended by youths of 17 years and under now in effect in this community, prevented the celebration of this silver anniversary by Plattsmouth Scouts as planned. However, a large number of local Scouts listened to the radio broadcast in their respective homes and were thrilled at the address, particularly that of their national honorary chairman, President Roosevelt.

The founding of the Scout movement originated in England, under the leadership of Lord Baden Powell, later spreading to the United States when an American traveler was impressed with the willingness of British Scouts to perform "a good turn daily" without the acceptance of remuneration for their services, and took the time to learn about this organization of youths that had sprung up in London.

Today the Scout movement has spread to all the world with by far the greatest enrolled membership of any single organization. It touches not only the lives of boys, but of a great multitude of men who are interested in boys and are registered as Scouters or adult leaders. Their slogan is "To lift a boy up, you must stand on a higher plane yourself" and so far as possible this slogan is made the requirement of selecting adult leaders. Another apt slogan of Scouting is that "No man ever stood straighter than when he stoops to aid a boy."

In Plattsmouth, the oldest Scouter in point of service is E. H. Wescott, whose interest in boys is too well known to require comment. The hours he has given to this work could not be computed nor could he be recompensed in dollars and cents. His satisfaction has come from the joy of doing and regardless of who may have been in active charge of the various troops that have functioned here in the past sixteen or seventeen years since Scouting was first introduced to Plattsmouth, "Hilt" has been the "spark plug" of the organization, always striving to keep alive the tenets of Scouting, aimed to elevate boys to a higher plane.

As a result of his leadership, numerous boys have gone forth from this community to accept positions in life far above what they might have realized without the advantage of a guiding hand in their youthful days.

The present troop, under sponsorship of the American Legion, has a most capable leader in the person of Scoutmaster Raymond Larson, who is ably aided by Assistant Scoutmaster J. R. Reeder, both natural leaders of boys, who have had their abilities along this line increased by attendance at training courses provided by the area organization.

Among the junior leaders are Aulton Roland, who has now attained an age that permits his being classed as a regular assistant Scoutmaster, and Stephen Davis, who has stepped into Aulton's place as junior assistant Scoutmaster, while John Rishel is the senior patrol leader.

During Anniversary week, now just beginning, many gatherings of Scouts over the nation will be held, and it is regretted that this will be impossible here due to the ban on attendance at public gatherings of those under 17, but it is pleasing to note that Plattsmouth has an active organization of Scouts and pay tribute to the men most actively behind the program, including also the Legion troop committee, composed of C. A. Marshall, John Turner, Robert Reed, Alex Geist, Dr. Taylor (temporarily absent from the city) and Elmer Webb.

OPEN LETTER TO LEGISLATURE

Mynard, Nebr., Feb. 8.
Gentlemen:
I have been thinking of writing for some time in regard to some of the extravagant legislation that is being introduced in regard to taxation.

There is introduced into the state senate a state police bill, and the method for financing is to soak the poor man. Why not have an income tax bill to finance this bill? There is to be another cent placed upon gas. Where in God's name is this tax plunder to stop? You were all elected upon a tax reduction program. And our governor in his address to both houses said there was to be no new taxes levied.

I have personal knowledge of two men in the same community, one a farmer, who owned a half section of land, his income was about \$3,500, his tax bill was around \$800. The doctor had an income of about \$7,000 a year and had five children in school, two in high school. He paid the measly sum of \$38.43. If it cost \$100 for the high school pupil, and \$75 for the elementary this doctor was getting \$425 worth of schooling for his \$38.43. This farmer was paying for the education of his children. Senators, this should not be. Is this fair? Do you know that the taxation has increased since 1912, \$184.89? Do you know that it cost the taxpayers in 1932 for the 8,607 political units in Nebraska \$89,806,306 dollars.

So many men when elected to public office have such good forgetters, forget all about the folks back home. The exploitation of the poor is what gave us Huey Long and carismism made or was responsible for communism in Russia. How long can the American people stand for this kind of legal plunder?

Men, women and children by the millions have been crushed physically, mentally, financially, socially by unbearable burdens of taxation. They say that the packing trust loses nothing but the squeal from the hogs. By taxation you have taken everything from the farmers but the squeal. Very truly yours,
REV. H. A. McKELVEY.

All kinds of commercial printing done promptly at the Journal office.

WILL RESCHEDULE GAMES

The athletic department of the city school have tentatively re-scheduled two of their games that were held up by a quarantine, Tarkio on February 26th and Auburn which will be played there on March 6th. The North game that was to have been played tonight will not be re-scheduled owing to the lateness of the season for both teams. If possible to practice it is hoped to stage the Schuyler game here next Friday night.

SUFFERS INJURED HAND

Mrs. Herbert Nelson is suffering from a very painful injury sustained a few days ago when she was engaged in the family washing. Mrs. Nelson had her right hand caught in the power wringer and as the result the little finger of the right hand was broken and it is necessary to wear the member in splints. The injury has made it very inconvenient for Mrs. Nelson in her daily tasks.

REPORT TRAVEL BAD

Visitors from Lincoln here Thursday evening to attend the American Legion meeting and luncheon, reported that driving conditions were extremely bad, the paving being slippery and the weather making the condition very much worse. The trip required some time as the drivers were forced to go very slow at many places.
