Apparently Showing Some Improvement Mrs. Walters Suddenly Stricken at 2:40 a. m.

From Thursday's Daily
Mrs. Emil Walters, 74, died this morning at 2:40 at her home in the northwest part of the city after a short illness that followed a general breakdown. Mrs. Walters had been apparently doing very well Wednesday until early this morning she suffered a sudden collapse and passed away.

The deceased lady, Catherine Smith, was born in Switzerland, May 26, 1863, spending her girlhood in the land of her birth and in 1881 came to the United States and located at Plattsmouth where she has since made her home and in her quiet and unassuming way has lived out her life in the pleasure of her home and the rearing of her family. To those who had the privilege of knowing her Mrs. Walters was a loved and respected friend and one who will be sadly missed by the members of the family circle and old time friends.

She was married at Plattsmouth in 1883 to Emil Walters and the family have made their home in this community since that time. There is surviving the husband, two daughters, Mrs. Marguerite Johnstone, Sheridan, Wyoming; Mrs. Helen Thompson, Los Angeles and Edgar Walters of this city. All of the children were present when the mother was called to rest. There is also surviving a half-brother, Matthew Sulser of this city. One son, Fred, preceded the mother in death some thirty years ago.

Mrs. Walters was a member of the Woodman Circle of this city for a great many years.

The funeral arrangements have not been completed. The services will be under the direction of the Sattler funeral home of this city.

Capture Chicken Thieves and Bandits at Omaha

Two Men Confess to Stealing Chickens and Corn in Cass County and Stickup at Lyons.

Sheriff Homer Sylvester and Deputy Sheriff Tom Walling were at Omaha and Tekamah Wednesday where they were interviewing two prisoners held there for a series of crimes and among these the stealing of chickens and corn from a number of farms in Cass county.

The two men arrested at Omaha were George Larson and Ed Yanachenk, who were charged with being the parties sticking up a filling station at Lyons, a stickup at the Yankton and Blair bridges and also several car thefts. When questioned the two Omaha men also confessed to having been the parties guilty of deceptions in Cass county in the last several months.

The two men confessed to stealing corn from the farm of George Ray, near Murray, as well as chickens from the farms of Ed Backmeyer, J. H. Rauth and Carl Balfour.

Sheriff Sylvester has been working on the Cass county cases for several months, and it is with much relief that the farmers of the county learn of the fact that the two men responsible for many of these cases are in custody.

With the two men at the Yankton bridge holdup was Walter Rouse of Sioux City, who is being held for that offense.

Owing to the fact that the Lyons job is the most serious offense, the men are being turned over to the authorities at Tekamah for prosecution at that place for the offense.

ANNIVERSARY OF WRECK

Twenty-six years ago today is remembered by many people of this county and particularly by residents of Union and vicinity, where, on February 14, 1909, a Missouri Pacific passenger train was wrecked at Union. In this accident Thomas G. Barnum, of Union, was instantly killed, and Amos McNamee, still residing at Union, was seriously injured. Gus King, one time resident of Union, was also injured, as well as several Omaha people who were passengers on the train. The coroner's jury that investigated the matter, found that the wreck was caused by spreading of the rails at the "Y" just above the village, and attached no blame to the railroad company. Thomas Reagan was conductor of the train, and was regarded as one of the most careful and efficient officials in the company's employ.

UNDERGOES OPERATION

Thursday morning Viva Palmer, daughter of Councilman and Mrs. C. D. Palmer, was operated on at an Omaha hospital for mastoid. The patient who is one of the popular girls of the high school, has been suffering from this affliction and it had become such that an operation was found necessary. The patient was doing as well as possible at the last reports and the family and friends are hopeful that she may soon recover and be able to resume her usual activities.

From Friday's Daily

Tidd, chairman of the Flower Show committee called the meeting to order and Mrs. Luke L. Wiles was selected as secretary. The chairman then announced the following committees:

Committee on Awards—Mrs. Lillian Freeman, Mrs. George B. Mann, Mrs. J. W. Crabill, Mrs. J. E. Wiles, and Mrs. L. O. Minor.

A number of letters from persons who had made donations for prizes were read. A number of commercial growers in different states have asked permission and suggested that they would like to exhibit flowers in the flower show. This matter was thoroughly discussed and it was decided to invite all donors to exhibit flowers at the flower show, but they would not be included in the contests for prizes, but that they would be furnished tables and their exhibits would be properly labeled and showing the name of the grower making the exhibition. It is felt that this will be of great advantage to the amateur growers for the reason that it will offer a comparison of the flowers grown in our own home yards and gardens with those of the commercial growers. At the same time it will afford an opportunity to make selections from actual view of the plants in bloom in making purchases for our own yards and gardens.

The Flower Show committee are very anxious that every one in the county be given an opportunity to exhibit their flowers in the flower show and an opportunity to win some of the beautiful prizes. The women's clubs in the various towns of the county and the extension clubs and all other clubs in the county are invited to participate and if they will send the name of a representative from their club to the chairman of the Flower Show committee or to the secretary of the Flower Show committee so that communications can be made, the representative will be kept informed of the progress of the arrangement for the flower show and instructions as to the care and entry of flowers in the various classes in the flower show contests.

LOCATE CARRIER OF MENINGITIS GERM IN CITY

Tests Made at St. Catherine's Hospital at Omaha Reveal Cause of the Few Cases Occurring.

The board of health last week had a number of persons examined at Omaha on the possibility of their being unwitting carriers of the germs of spinal meningitis that had resulted in five cases being developed here. The health board had Edwin Randall, who had contact with four of the cases, taken to Omaha for examination and the first test showed negative but later a test was made of another culture, which was reported to Dr. L. S. Pucelik, city physician, last evening as positive. The young man was released on the first report and now will be segregated and given a third test to ascertain if he is still a potential carrier.

The cases that have been at the hospital are all showing progress and two of the patients have been returned home and it is hoped that the remaining two will soon be able to be returned.
