Subscribers living in Second Postal Zone, \$2.50 per year. Beyond 609 miles, \$3.00 per year. Rate to Canada and foreign countries, \$3.50 per year. All subscriptions are payable strictly in advance.

## GREENWOOD

Turner McKinnon, of Alvo, was at the Leesley home and procured one hundred baby chicks, which he took home with them and will raise them into early fliers.

Margaret Leesley was sick with an attack of flu a number of days during the past week, but by the latter part of the week was feeling considerably improved.

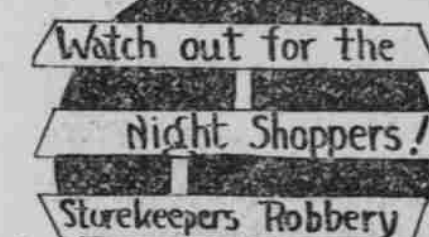

Frank Welton and family, who have been making their home in the country during the past season, moved to town last week and are occupying the Laughlin property.

William Leesley, son of Mr. and Mrs. W. H. Leesley, was confined to his bed for a number of days last week with an attack of flu, but is reported as being much better at this time.

C. H. Gibson, receiver of the Greenwood State Bank, was in town one day last week making settlement with a number of those owing the bank and looking after some other matters that come within the province of the receiver of a failed bank.

Arthur Reese and Herman Brunck were looking after some business matters in Weeping Water Tuesday of last week, driving over in their car and taking advantage of their brief stay in the neighboring town to call on a number of their personal friends.

During the past week, Harry Leesley was not feeling the best, but as he had a thousand chickens coming into hatch, which would have to be cared for, he stayed on the job and by the end of the week was feeling considerably better. He now has a thousand little chicks, mostly White Leghorns and some Plymouth Rocks, which require a lot of attention. He has not been anxious to dispose of this early hatch, but since he was not feeling any too well, he did sell a number last week.

## Three Simple Steps to Ease a Sore Throat in Three Minutes

1. Crush and stir 3 BAYER Aspirin Tablets in 1/4 glass of water.

2. Gargle Thoroughly—throw your head way back, allowing a little to trickle down your throat. Do this twice. Do not rinse mouth.

3. If you have a cold, take 2 BAYER Aspirin Tablets. Drink full glass of water. Repeat if necessary, following directions in package.

### Modern Scientific Method Wonderfully Easy

#### REMEMBER PICTURES HERE

Here's a safe, modern and effective way to relieve sore throat. A way that eases the pain, rawness and irritation in as little as two or three minutes. Many doctors advise it and millions are following this way. Try it. All you do is crush and stir 3 BAYER Aspirin Tablets in 1/4 glass of water and gargle with it twice—as pictured here. (If you have signs of a cold, take BAYER Aspirin and drink plenty of water.)

Get real BAYER Aspirin Tablets for this purpose. They disintegrate quickly and completely, making a gargle without irritating particles.

BAYER Aspirin prices have been decisively reduced, so there's no point now in accepting other than the real Bayer article you want.

## D. A. R. to Hold State Meeting at Omaha March 19

Large Number of Distinguished Visitors Expected at Meeting, Including National Officers

The thirty-third annual conference of the Daughters of the American Revolution of Nebraska will open Tuesday, March 19, in Omaha with headquarters at the Blackstone Hotel. It promises to be an outstanding conference, for the three Omaha chapters, Omaha, Major Isaac Sadler and Mary Katharine Goddard have joined forces and will present many attractive programs.

Two national chairmen will be present, Mrs. William H. Becker of New Jersey, national chairman of the national defense committee and Mrs. W. H. Pouch of New York City, national chairman of the approved schools committee. Mrs. E. H. Westcott of Plattsmouth, past state regent, will be in attendance at the meeting.

Registration will begin Tuesday morning at ten o'clock with a board meeting and luncheon at noon. The opening business meeting will be Tuesday afternoon when state officers and chapter chairmen will make their reports. That evening there will be a Dutch Treat dinner at the hotel followed by the formal opening in the ballroom. An innovation this year will be the following of the plan of the national organization when chapter regents will make their reports in the evening. After the meeting there will be an informal reception.

Wednesday morning there will be breakfasts for chapter regents, chapter treasurers, and chapter registrars with their respective state officers. At noon Wednesday the Past State Officers club will meet for luncheon when Mrs. E. H. Westcott, past state regent, will preside.

The Memorial Hour will be held in the Joslyn Memorial Wednesday afternoon, followed by a tour of the building. This event will be in charge of Mrs. Carroll Orr of Wayne, state chaplain.

From the Memorial the delegation will go to the new Union station where the handsome bronze plaque, placed by the three Omaha chapters to commemorate the completion of the Union Pacific railroad, will be dedicated by the state regent, Mrs. H. J. Cary. There will be a tour of the Mount Vernon Gardens in the south part of the city, and the group will return to the home of Mrs. Anna Cornish Metcalf for tea.

At seven o'clock Wednesday evening there will be a banquet at the Blackstone Hotel, when Mrs. Becker and Mrs. Pouch, honor guests, will talk on "National Defense" and "Approved Schools." Mrs. Becker will have the former subject, and Mrs. Pouch the latter one.

Thursday morning there will be the election of officers, and final committee reports with installation of the newly elected officers. At noon there will be a Dutch Treat Luncheon. Immediately following the luncheon the executive committee and the state board will hold a meeting.

### SEES RIVER MONEY AHEAD

Washington.—Confidence that funds will be made available under the federal work relief program for continued improvement of the Missouri river channel was expressed by Senator Burke, altho the \$4,800,000,000 work relief bill still has to run gauntlet of senate insurgents.

Altho rivers and harbors work was not listed in the group earmarking of funds proposed by the senate appropriations committee, Burke said the 350 million dollars set aside for erosion, forestation, flood relief and miscellaneous projects clearly covered the navigation field. Missouri river boosters have asked President Roosevelt to allot 35 million dollars to complete the navigable channel to Sioux City.

### FUND TO WAR ON BINDWEED

Washington.—Representative McLaughlin of Omaha said Secretary Wallace has recommended a \$100,000 appropriation for a weed eradication program. McLaughlin said the recommendation was sent to the budget bureau and if approved there, probably will be sent to President Roosevelt to congress with a favorable recommendation. The proposal was put up to Wallace early this week with a favorable report after weeks of effort by midwestern congressmen. The Nebraskan sought funds particularly to combat bindweed.

Advertising expense yields a far bigger dividend than any form of investment.

### LIFE GUARDS ORDERED OUT

Los Angeles.—Life guards were ordered out in rowboats in a low section of Long Beach as rain, snow and a slight earth shock visited southern California. Altho the rain was not unusually heavy, the homes of about 500 families between Peterson and Rose ave. near State st. in Long Beach were washed by about two feet of water.

"We have ordered the lifeboats into the area because of the numerous calls coming from persons there who found their homes surrounded by high water," said Police Chief McClelland. None of the residents of the area, however, had planned at a late hour to evacuate their homes.

Compton, Long Beach, Los Angeles and South Date reported a slight earth tremor at 12:17 p. m. Damage was confined to a few broken windows.

## Shrine Circus at Omaha to be a Gala Event

Most Elaborate Indoor Circus That Has Been Offered in the West to Be Seen Soon.

Omaha.—The most elaborate indoor circus ever seen in the middle-west, with Clyde Beatty and his world-famous wild animal act as the principal feature, will be conducted in Omaha, the week beginning Monday, March 11th, when the Tangier Shrine—Ak-Sar-Ben Combined circus will be staged at the Ak-Sar-Ben Coliseum.

Night performances will be held on each of the six nights, at 8 p. m., with matinees Wednesday and Saturday at 2 p. m.

Combining in this joint enterprise, Tangier Temple of the Shrine and the Knights of Ak-Sar-Ben, each of whom have staged separate circuses in Omaha in recent years, have spared no expense in bringing to Omaha a great spectacle. Hundreds of performers, both animal and human, have been secured from the leading circuses of the world. In addition to the famous animal act, in which Beatty enters a steel cage alone and unarmed to pit his skill and daring against a score of fighting lions and tigers, there will be herds of elephants, horses, ponies, dogs and even trained seals.

The show will be staged in the commodious Ak-Sar-Ben Coliseum, permitting circus fans to enjoy their favorite entertainment in solid comfort, relieved of the dust and discomfort of the "big top." Furthermore, many acres of free parking space at the Ak-Sar-Ben grounds will be available for auto patrons.

Prices have been set at an extremely low scale, with 4,000 general admission seats available at 40 cents; 1,500 choice reserved seats for an additional 25 cents, and a few box seats for 60 cents. All prices include the federal tax.

Officials of the joint enterprise urge everyone to come to the circus early in the week, as with Clyde Beatty as a magnet, a heavy advance sale indicates that large crowds will attend all performances.

### MELLON HEARING HELD UP

Pittsburgh.—The government's attempt to introduce evidence supporting its claim the 300 million Union Trust company of Pittsburgh "regularly was engaged in the practice of evasion" brought a temporary halt in the hearing of Andrew W. Mellon's \$3,089,000 income tax case.

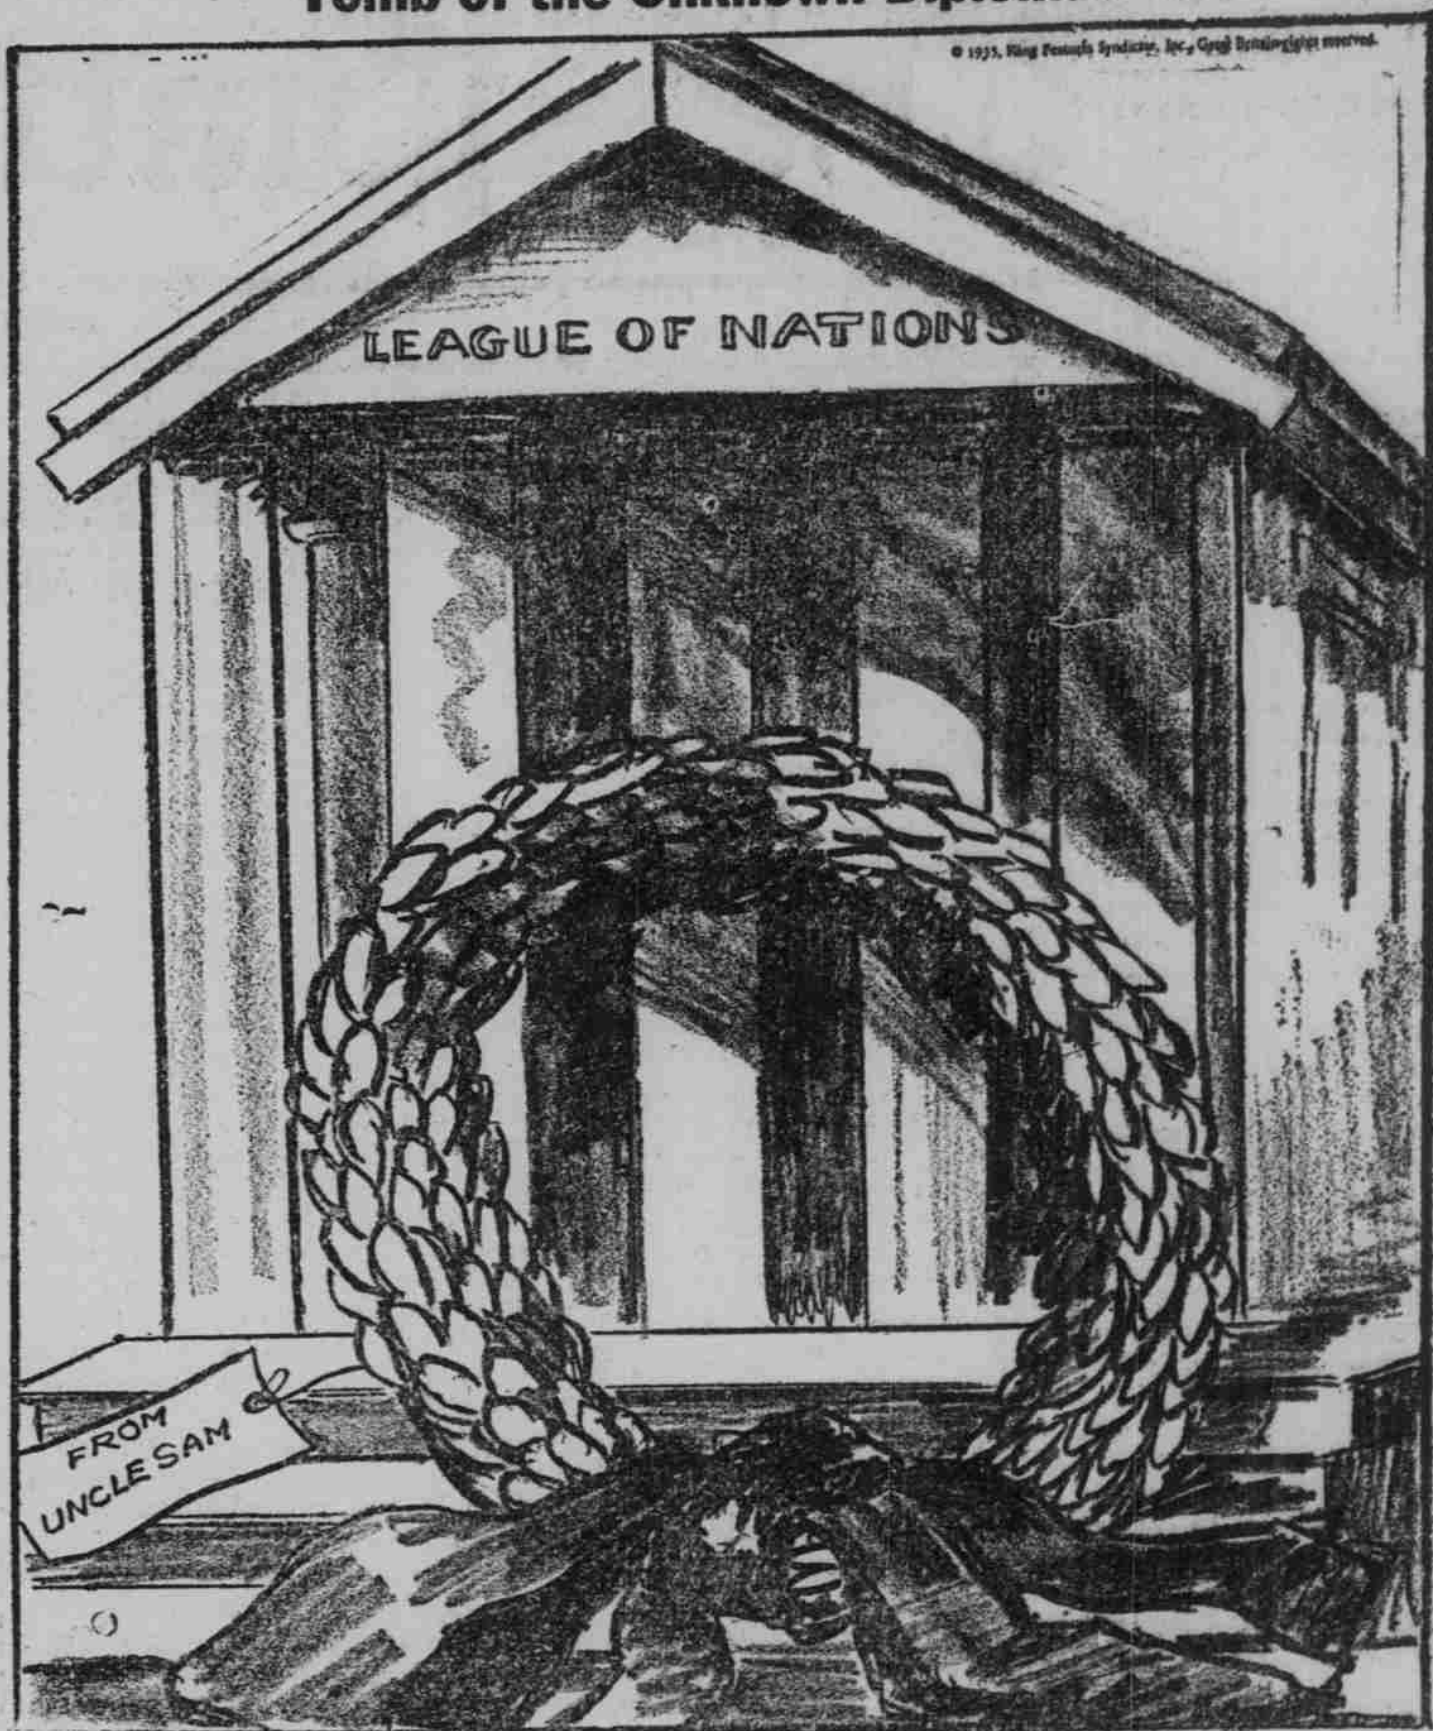

Carl R. Korb, dapper young vice president of the bank, was asked by Robert H. Jackson, government counsel, if he hadn't prepared in November, 1930, a list of stocks held by Union trust at a cost price above the market price at that time. The inference was Korb had selected some stocks which Jackson said he will prove were sold fictitiously for income tax reductions by the bank.

Frank J. Hogan, chief counsel for Mellon, objected on grounds that "what the Union Trust company did a year before the taxpayer (Mellon) is accused of underpaying his tax has nothing to do with this case." "I am attacking the credibility of this witness, and his bias," replied Jackson. Presiding member Ernest Van Fossan of the tax appeals board, which is hearing the case, adjourned the hearing an hour earlier than scheduled and said the arguments and briefs in the dispute would be heard Friday.

### SCHOOLS ARE CLOSED

Big Springs, Neb.—Because attendance was so small due an epidemic of measles, both grade and high schools here were closed Thursday for one week.

## Tomb of the Unknown Diplomat

### FIND YOUTH IN GULLY CAVE

Falls City, Neb.—A young man who gave his name as Frank Brooks of Hammond, Ind., was held Wednesday for observation after he was found in a grass-lined cave in a gully bank near here.

Brooks, who had long, matted hair and a beard, was found after Mrs. Joe Albin of the Honey Creek vicinity reported to Sheriff Gates that a strange man had been seen in the neighborhood. The young man's legs were ulcerated and he said he had eaten nothing for three days. He was unable to give a rational account of himself, authorities said. Brooks apparently had dug a hole in the bank, lined it with leaves and grasses and crawled in.

"See it before you buy it."

### PROCESSING TAX OPPOSED

Washington, March 7.—The cattlemen's committee of twenty-five recommended further consideration be given a proposal to control livestock production through control of feed grains but western cattlemen made it clear they were unalterably opposed to any processing tax plan.

Meanwhile, rough sledding ahead was indicated on Capitol hill for proposed amendments to the agricultural adjustment act which would make the program possible. The amendments would permit levying of processing taxes on cattle, sheep and butterfat without benefit payments to retire feed grain acreage.

Chairman Jones of the house agricultural committee near the close of hearings on other amendments to the

adjustment act said he was sure the committee would not want to include the feed grain amendment in the bill to strengthen licensing powers of the farm administration. Some friends of the feed grain amendment privately said they doubted whether it could be passed by congress.

### MANAGED CHINA CURRENCY

Shanghai.—Widespread rumors that China is planning to abandon her silver currency standard and establish a managed currency, linked either to the British pound of the United States dollar, caused sharp fluctuation in the exchange rate. The Chinese ministry of finance and other authorities refused to discuss the alleged project.

# Drawings For Tournament

The drawings were made Friday evening for the play in the regional basketball tournament to be opened on Wednesday night, March 6, at the Creighton Prep gym at Omaha. In the opening round Plattsmouth drew a bye and will face either Tech or Tekamah in the second round to be played Thursday evening at 7:15. The pairings are as follows:

Wednesday	Thursday	Friday	Saturday
Benson (67)	Bye	Benson (20)	Benson (23)
Valley (8)	Bye	Louisville (9)	Benson
Louisville	Bye	Tech (10)	
Bye	Bye	Flattsmouth (9)	
Tech (31)	Bye	North (47)	
Tekamah (18)	Bye	North (30)	
Plattsmouth	Bye	Blair (5)	
Bye	Bye	North (19)	
North (49)	Bye	South (23)	
Hooper (10)	Bye	South (28)	
Blair	Bye	Central (21)	
Bye	Bye
