### Pilot Given Blame for Crash in Missouri

Plane Flown Too Low Prior to Smash-up in Which Five Died, Coroner's Jury Declares.

Macon, Mo.—A verdict that the pilot flew too low "without turning on the landing lights" was returned by a coroner's jury which investigated the crash of the TWA air liner, sky chief, early Monday near Atlanta, Mo. Five persons were killed.

"Accidental" was inserted into the verdict two hours after it was returned—otherwise the panel declined heatedly to make revisions suggested by Manuel H. Davis, attorney for TWA.

"We are not going to change that verdict any more," declared Juror Charles Fowler, a flier himself. Davis protested as "ambiguous" and "an injustice" to Pilot Harvey Bolton the jury's comment: "We find that the pilot was flying said plane too close to the ground without turning on the landing lights."

Davis contended the evidence showed landing lights were in operation several minutes before the plane, fuel low and seeking a haven from fog and rain crashed in a muddy farm pasture near Atlanta, Mo.

Complying with a legal formality, the jury will meet Thursday to insert in its record the names of the persons who found the dead and the injured who died, Senator Cutting, Pilot Bolton, Co-pilot K. H. Greason and two women passengers.

"We recommend that the officials of the department of commerce make a full and complete investigation of the probable technical causes of this

### Rid Yourself of Kidney Poisons

Do you suffer burning, scanty or too frequent urination; backache, headache, dizziness, swollen feet and ankles? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly, for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

### State Police Bill Ruled Out for Time Being

House Solons Postpone Measure Indefinitely; Need for New Taxes Said Reason.

Expansion of the state sheriff's office into a semi-military state police system was decisively rejected Wednesday by the Nebraska house of representatives at Lincoln.

A bill by Senator John S. Callan (D.), Odell, originally intended to create a force of 100 men and later whittled to a maximum of 50, was indefinitely postponed.

Little opposition developed to the bill, but it was beaten because it required at least \$200,000 additional taxes. The measure proposed a 50 cents wheel tax on autos and trucks. Several attempts to eliminate this feature were rejected. The senate passed the bill.

The house advanced to third reading a bill passed by the senate to continue for two years the authorization to counties to levy an additional half-mill tax for relief. The law was enacted in 1933 as an emergency measure.

After another false start, the senate deferred until Thursday further action on the O'Brien old age pension bill. A plan to boost the present pension tax of 50 cents a year on all persons between 21 and 50 years of age to \$2 and to earmark the four million dollar state assistance fund for pensions is pending.

The senate advanced to third reading the Cone delinquent tax bill. Devised by the late Representative Tremmor Cone, Valley, principally to encourage taxpayers to catch up on their taxes, the bill proposes to cancel interest and penalties on delinquent taxes if they are paid under a 10 year installment plan.

**Consider House.**

The conference committee trying to reconcile the senate's 48-member unicameral legislature plan and the house's 50-member program scheduled its first meeting for Thursday.

Before discarding the police bill, the house rejected an effort by Representative Marion J. Cushing (R.), Ord, to take 50 cents out of each motor vehicle registration fee instead of levying an additional tax.

Representative Edward J. Dugan (D.), Omaha, attacked the safety arguments of proponents of the bill and cited figures on accidents in states which have state police systems.

"airplane crash," the jury's report stated.

See the goods you buy. Catalog descriptions are flowery enough, but how about the goods when you get them?

### 'Chain' Letters Deluge Residents of Plattsmouth

Many Solicited to Join Campaign to Share the Dime That Is Sweeping the Country.

Plattsmouth residents seem to be having their full share of the flood of "Prosperity Club" letters that have been sent over the west and central west by optimistic residents who are hopeful of realizing a neat sum from the dime contributions of their friends in the endless chain letter plan.

In several cases the ante has been raised in the letters from the lowly dime to the dollar and even at this time several have received the dollars enclosed in letters in which their names might have been included by friends.

The letter fad has been most noticeable in the increase of mail at the local office, altho not approaching the great quantity of mail that is received in the larger cities from the hopeful letter writers.

Mrs. A. D. Asch entertained the members of the party with several piano selections as well as guitar numbers that added much to the program of the afternoon.

In the flower contest Mrs. Fred Mumm was the winner of the prize. The club was delighted in having three new members with them, Mesdames Lagerstrom, Meisinger and Wheeler.

They voted to have a covered dish luncheon in the month of June and Mrs. Asch very kindly invited the club to hold this meeting at her home, Villa Asch.

There were seven visitors present, Mrs. Joe Martia, Mrs. A. D. Asch, Murray, Mrs. Ezra Albin, Union, Mrs. Ed Stava, Mrs. G. A. Lagerstrom, Mrs. John M. Meisinger and Mrs. Albert Wheeler.

### REJECT PLANT REOPENING

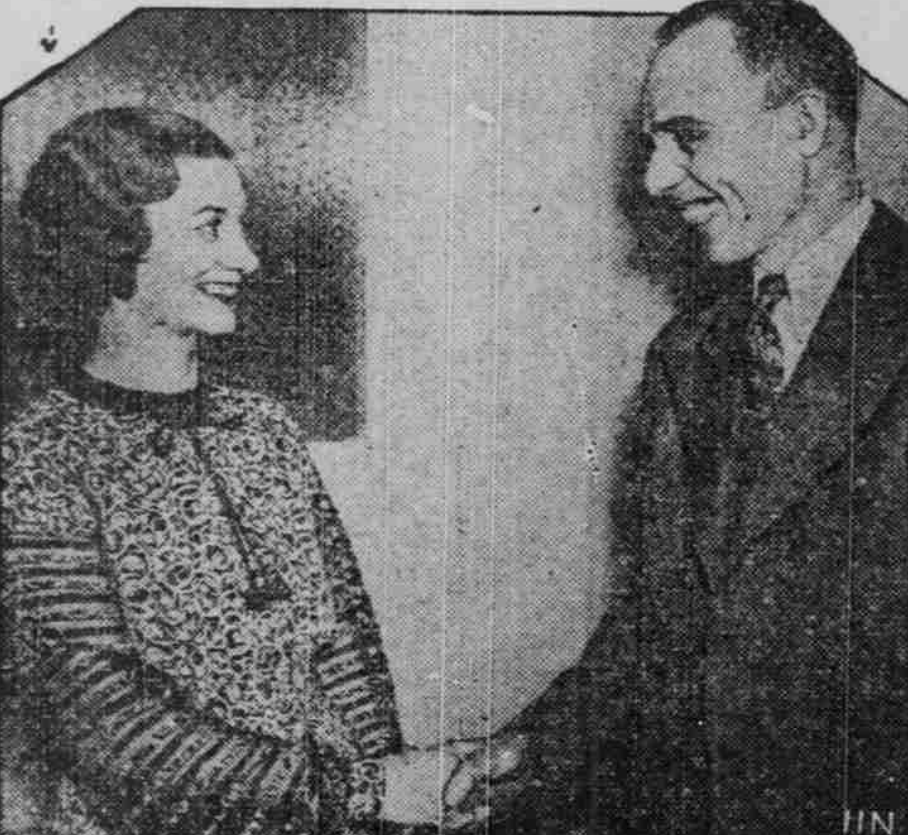

Toledo, O.—Production workers of the Toledo Chevrolet plant rejected the management's proposals for the reopening of the plant.

The vote was 1,251 rejecting the proposals and 605 accepting them. The result of an all day election, conducted in the federal building by the U. S. labor department, showed a victory for the United Automobile Workers federal union, which went out on strike April 23 and which opposed returning to work under the company proposals for a wage increase and working conditions.

As a result of the workers' decision and according to previous statements of Edward F. McGrady, assistant secretary of labor, federal mediators will attempt to resume negotiations between the management and union members immediately.

Advertising will stimulate business during so-called dull seasons of the year. The store that advertises regularly and persistently is seldom heard to complain about business conditions.

Edna Murray, left, "kissing bandit" from Kansas City, and Jess Doyle, against whom the federal government dismissed its abduction charges, are shown congratulating each other.
