The Memorial day was observed here under the supervision of the members of the American Legion and Auxiliary, with a gathering at the community building where a program

was presented and the members of the two orders marched to the cemetery where the decorations were made and decorated with the poppies which remained over after the sale of last Saturday and with a flag the graves of the soldier dead were marked and suitable exercises had. The firing squad of the Legion fired salutes in honor of the dead.

**Know Good Place for Part.**  
Messrs. Fitch and Lorenz, two active realtors of Elmwood, suggested to the Journal man that Elmwood could find a place for the \$4,800,000,000 which is to be used by the U. S. government for the rehabilitation of the country in an endeavor to re-establish good times. Well, we are hoping that those in charge find a way to get an allotment of a portion of the sum for Elmwood and in fact all of Cass county.

With the passing of the years some fifty have slipped away and on Wednesday of this week he was in Omaha where his lodge conferred on him the degree of member for a half century and gave him a badge as a distinction. They then retraced their path coming on to Auburn where they had a fine dinner and later continued on north, arriving home after having enjoyed a wonderful day.

**Nearing Completion.**  
That is the Maxwell House, the airplane which has been under construction by three young men of Elmwood, which on the first of this week had the motor so far completed that the wings all applied and adjusted and were at the time of the last report placing the propeller on the machine. Mr. and Mrs. Perry formerly resided near Wabash, but for the past 28 years have made their home on the Pacific coast and are always welcomed most heartily when they return to the home community for a visit.

**Cass county is one of the finest agricultural centers in the state. Improved farming conditions and better prices for farm products will react to the advantage of every town in this territory.**

## Governor Has Good Words for Legislature

Commends Lawmakers for Their Efforts in the Long Session and in the Laws Passed.

Governor R. L. Cochran Sunday congratulated members of Nebraska's last bicameral legislature, which adjourned early in the day, for "the work they have done so faithfully and well."

"In spite of the fact that they have long since passed the limit of time for which they were paid, they continued to work faithfully and zealously without extra compensation to complete the task given them," Cochran said in his weekly radio address.

In this weekly talk to the people of Nebraska, Cochran reviewed some of the legislation enacted, and said:

**"Faith Kept"**  
"The ninety-eight men and two women who composed the house of representatives and the 33 men in the senate kept their faith with the people of Nebraska in this session of the legislature."

"The legislature fulfilled the party pre-election promises and kept their faith with you by refusing to pass legislation providing for new forms of taxation such as a sales or an income tax."

"They legalized the sale of liquor and have made it easily available without returning to the old saloon; they made provision for a liquor commission whose business it will be to see that the bootlegger in Nebraska is a thing of the past."

In regard to the new liquor law, which he signed Friday, the governor also said, "although this bill is not perfect, and probably will need to be amended to a certain degree in the future, it is by far the most satisfactory bill that was written."

**Session End at 1:24 A. M.**  
The session actually ended at 1:24 a. m. Sunday.

Speaker W. H. O'Gara (dem.) of Laurel sounded the death knell of the house with a gavel made personally by Robert Furnas, Nebraska's second governor, and Senator Arthur L. Neumann (dem.) of Oakland, who Saturday was named president pro tem to succeed Senator Cloyd L. Stewart (dem.) of Clay Center, banged the gavel to end the senate's session.

Stewart will resign from the legislature immediately to take a post with the shelterbelt organization.

**Acted on 12 Cochran Planks**  
The legislature in session for 110 days, acted favorably on 12 of the 13 recommendations made by Cochran in his inaugural message.

Only on the question of transferring custodianship of the 10 million dollar state capital from the commissioner of public lands and buildings to the governor did the democratic-controlled legislature balk completely. The senate passed a bill carrying out this recommendation after 1937, but the house did not consider it.

Cochran recommendations followed by the legislature were:

No new forms of taxation—rejected both income and sales tax proposals.

Creation of a compensation court of three judges to administer the workmen's compensation law.

Extension for two years of the moratorium on real estate mortgages.

Legalization of liquor.

Legalization of pari-mutuel betting.

Establishment of machinery for one house legislature which meets in 1937.

**Local Receivers Voted**

Action for abolition of the land commissioner's office through submission of a constitutional amendment to the state's voters in 1936.

Law to permit majority of the depositors in a failed bank to have a local receiver instead of liquidation by the state banking department.

State relief appropriation of four million dollars for the biennium, raised by an additional 1-cent tax on gasoline and the earmarking of 700 thousand dollars of anticipated liquor revenue.

Appropriation for defense of Nebraska North Platte river rights in pending litigation with Wyoming—appropriated a total of 65 thousand dollars for this purpose or 10 thousand dollars more than recommended by the governor.

Continuation of a "pay as you go" system of highway construction and legislation to require the state to maintain all roads constructed with federal funds.

Strengthening the present state sheriff's force by correlating it with the traffic regulation force in the department of roads and irrigation. Appropriated 100 thousand dollars for this act.
