WRECKED TREE

From Saturday's Daily

This morning shortly after 2 o'clock one of the handsome dwarf catalpa trees growing in the park on Main street between Sixth and Seventh was almost torn from the ground by its roots when struck by a car driven by John Wondra. The car was coming down high school hill and apparently got beyond the control of the driver and instead of the car being turned to avoid the parkway it crashed straight for the tree, badly damaging it and then careened into the street on the north side of the parkway.

From Thursday's Daily

Rev. and Mrs. W. A. Taylor of Union were in the city today to look after some matters of business and visiting with friends.

START REHEARSALS

The school band and orchestra at the opening rehearsals this week have shown great improvement over the first week of rehearsals last year.

The band is still rather weak in clarinets and trombones, and would be improved by the added instrumentation of flutes, oboes and French horns. Another bass could be readily used.

Although the orchestra has several experienced violinists, it lacks horns, flutes, violas and cellos.

The Boys' Glee club had its first rehearsal today, due to the change of schedule. Several more tenors coming in with the Freshman class, should make a noticeable improvement in this club.

The enrollment of the Girls' Glee club is larger than that of last year. A fine group of well-balanced voices should make this a banner year for the Girls' Glee club.

Any parents interested in securing instruments for their children are urged to see Mr. Griffin about the choice of instruments. This would further the child's opportunity to become a member of an organization, depending on the need for certain instrumentation in the organizations.

Mr. Griffin expresses gratitude to members of the musical organizations and their parents for their fine cooperation and interest in making this a successful year for the music department.

From Friday's Daily

Mr. and Mrs. Louis Ottmatt of Nebraska City, were here today to look after some matters of business and visiting with the many old time friends.

County Fair Closes with Large Crowds

Rural School Parade One of Beauty and Reflects Great Credit on the Districts Taking Part.

Beginning with the dawn of Friday the crowds began coming to the last day's celebration of the Cass county fair at Weeping Water, and with a very fine day which kind of weather had prevailed all week.

Governor Cochran was presented at 1 o'clock and delivered a fine speech to the large crowd.

The feature of the day was the school parade at 1:30, which was participated in by the schools from all over the county. No special mention could be made of any of the floats, as they were all good and the number of them was such that it would be unending to go into their discussion. One which impressed us and we do not know from what school was a load of children with this on the side of the car, "Our Best Crop" which is the children of Cass county.

It was a merry crowd of happy people who elbowed their way along the streets and in the buildings where the exhibits were. They came for a good time and surely had it. The Cass county fair has gone into history for another year, with a record of one of the very best fairs which has been held in the county during its existence.

Most of the citizens of the county have been behind the move to make this the best exhibition which has been had and they did it. The occasion was used for the meeting of old friends for people from all over who once lived in Cass county were there to greet their friends.

Let all interested in the welfare of Cass county and its fair begin now for a greater fair the coming year.

In the nightcap of the evening the Nu Way Champs were able to nose out the Rowdies by the score of 9 to 6 after the Rowdies had held them six to three up to the sixth frame of the game, Porter weakening in the sixth to give two walks, which with three hits and an error allowed the beverage vendors to score a win.

Amateur Audition Draws Great Crowd Last Evening

Winners Last Night Will Compete With Winners of Previous Audition During Festival.

From Thursday's Daily

The second King Korn Amateur Audition was held last night and even more largely attended than the previous week's contest. The five winners selected last night are eligible to compete with last week's winners for the Korn Carnival grand prize.

Last night's best performers, in the opinion of the judges, were Elva Olson, pianist and singer; Morris

brothers, Union, guitar duet; Zella Brizendine and Doris Canterbury, adagio dance; Helen Slatinsky and Theresa Slatinsky, vocal duet and accordion; John Shered and Jim McCoy, rattlebones and guitar.

For those who were unsuccessful in both pre-Korn Carnival contests, there will be, as an added feature, a consolation contest held during the Korn Carnival, at which all previous non-winners and any others, not audition winners, may enter. Due to time limitations, however, only a few can be put on, so the committee announces it will be first come, first served.

Contestants should watch the News of King Korn's Kourt for details of the grand prize contest, which will give the amount of time to be allotted and other rules.

Phone the news to No. 6.
