Located just West of Ford Garage

### FIRM ON LAW ENFORCEMENT

State Liquor Commission Chairman Gass reiterated his determination to enforce the law to the letter in the Omaha road house situation.

Gass indicated the commission is waiting reaction of Douglas County Sheriff John Hopkins to a letter demanding closing of four establishments outside Omaha city limits. The road houses allegedly are dispensing liquor in defiance of law.

"We are not asking anybody to do anything unreasonable, but we have no choice but to enforce the law," said Gass.

Waterloo, Neb.—John Hopkins, sheriff of Douglas county, in reply to a letter from the state liquor commission demanding he close night clubs in the county alleged to be violating the state liquor law, said here it was not, in his opinion, the duty of the sheriff to enforce the liquor law. It was, he said, the duty of the commission itself. The commission has the facilities and the money, which, he added, he does not have. Hopkins was here attending the Douglas county fair.

### TUBERCULOSIS DEATHS RISE

Kansas City.—A recent tendency for both mortality and morbidity of tuberculosis cases to increase was attributed to inadequate diet by Dr. Benjamin Goldberg of the University of Illinois.

Speaking before the American Congress of Physical Therapy, Dr. Goldberg, formerly director of the Chicago municipal tuberculosis sanatorium, said: "Last year in the forty-two largest cities of the United States there was a 3 percent decrease in tuberculosis mortality, but within the last seven or eight months of this year, figures taken from reports of state health departments show a disturbing tendency for both mortality and morbidity of tuberculosis cases to increase."
