HARLEM SCENE OF WARFARE

New York, October 4.—Fifteen hundred policemen doing extra duty, kept the Italian-Ethiopian war within bounds in Harlem. A policeman and an Ethiopian sympathizer were injured and another negro arrested before peace was assured.

Chief Inspector John J. Seery said disputes between negroes and Italians were so frequent and violent that one-tenth of the entire police force of 1,900 men would be maintained on overtime reserve duty.

RETURN FROM VISITS

From Tuesday's Daily.
Dr. H. G. McClusky returned last evening from Hickman, Nebraska, where he was the guest speaker at the annual mission festival of the Presbyterian church of that place. Mrs. McClusky also has been enjoying a visit at Craig with her sister, Mrs. Heislund family, returning home Monday.

Warner Has Praise for Corn Loan Plan

Republican Tells State Grange That Plan is Economically Sound and Practical.

Grand Island.—State Senator Warner of Waverly, minority leader in the upper house of the last legislature, said the corn loan plan of the federal government "ought to be preserved and made a part of the permanent policy of the American republic."

In an address prepared for delivery before the Nebraska State Grange, in annual convention here, Warner said loans on corn stored on farms "stand beyond criticism and were not only of assistance to agriculture, but economically sound and did injury to no other element of society in the United States."

The senator said using the average price of 57 cents a bushel for corn for forty years as a basis, he would have the federal government pay 35 or 45 cents a bushel as loans on the corn.

"In such a program would inhere none of the vices of attempted pegging of prices or arbitrary curtailment of production or limitation of acreage," Warner said, "but solely a recognition of the variation that exists in the volume of production from year to year measured by our own experience."

He recommended that "adequate up-to-date information compiled by authoritative agencies" be issued at intervals as an aid to farmers. He said the rural mail carrier, with the help of the farmer, could compile this information.

As a further aid to agriculture, the farmer-legislator suggested conversion of crops into power alcohol "to take the place of the 315,000 work animals gone from our farms." He said this would aid in holding down surpluses.

ARREST FRENCH ROYALISTS

Paris.—More than twenty French royalists and rightist sympathizers were arrested in the Palace de l'Opera and the Boulevard des Italiens for rioting and shouting for neutrality or pro-Italian action in the Italo-Ethiopian dispute. The rioting began when the city received word that the League of Nations had sided with Ethiopia in Geneva. The demonstration was broken up by repeated charges by 200 carbine armed gardes mobiles and 200 gendarmes.

RAVENNA MAN DIES

Ravenna, Neb.—Chester Scott, 25, Ravenna, died in a hospital at Omaha of pneumonia. For the past year he had been employed as a salesman in an Omaha store. He is survived by his wife, his parents, seven brothers and one sister. The body will be returned to Ravenna for burial.

CRASH KILLS FUGITIVE

San Francisco.—United Airlines officials announced the "Walter B. Crandall" who was a victim of the transport crash near Cheyenne, was Robert H. Renebome, 28, said by Inspector George Curtis to be a fugitive from San Francisco police on bad check charges.

JOHNSON OPENS OFFICE

Hastings, Neb.—George Johnson, engineer for the Tri-County power and irrigation project, established an office here and prepared Tuesday to go ahead with plans for project headquarters.

CLAIMS INDIANS STARVING

Minneapolis.—Representative Burdick declared he had found "actual starvation exists" on the Standing Rock Indian reservation in appealing to federal officials to aid.

Omaha Bridge is Dropped by Federal Bureau

But Governor Cochran Will Not Abandon Efforts to Have the Work Started This Fall.

Governor Cochran has received what appears to be an ultimatum against the federal government's participating in the building of the proposed Dodge street free bridge at Omaha, altho Nebraska and Iowa governors have joined in a statement in favor of state aid for such a project and have submitted a project statement to Washington. But Governor Cochran does not intend to abandon efforts to have the work started this fall before the deadline of Dec. 1.

Thomas McDonald, chief of the federal bureau of roads at Washington, telegraphed Governor Cochran concerning a proposed conference at Washington with Governor Herring of Iowa, Federal Engineer Shoemaker of Nebraska, and the governor of Nebraska, regarding the Dodge street bridge, saying he might meet with this delegation later in the month but that he cannot yet fix a definite date. McDonald's message closes:

"I am advising Shoemaker we cannot give consideration to this project."

"It is possible," said Governor Cochran, "that McDonald believes a project of this size cannot be got under way before Dec. 1, when all contracts of this kind must be made. Shoemaker had thought it could be. A project statement from the two states has already been submitted to the department at Washington. I will confer with Shoemaker to see if he has received definite reasons why the department cannot consider this

project. I think contracts can be let in time this fall. If the proposed conference is delayed till later in the month, it may delay possible starting of work. It is of such importance that we ought to do everything that can be done, and not give up without further effort."

Shoemaker had estimated the cost of the bridge proper, without approaches at \$1,000,000. Governor Cochran had proposed a conference at Washington Oct. 17.
