John G. Wunderlich, of Nehawka, and Don Switzer, of Weeping Water, arrived home on Saturday from Lincoln, where they had been serving on the federal grand jury, having completed their work there at that time.

**Meets with Bad Accident**  
Mrs. John O. Yeiser, daughter of Mr. and Mrs. A. F. Sturm, while returning to her home in Omaha after a visit of a week at the Sturm home here, met with a bad accident that but for a great amount of luck, would undoubtedly have caused the death of both herself and little daughter, who was in the car with her. She was

driving an almost new car and proceeding with due caution over the slippery pavement, with fog freezing on the windshield to cut down visibility. Suddenly the car skidded, sliding to the opposite side of the roadway into the path of an oncoming car which could neither stop nor veer its course. As a result her car was caught and rolled about half a block before the two vehicles came to a stop. The new car of Mrs. Yeiser was badly wrecked, but Mrs. Yeiser was uninjured except for a few bruises and the little girl received only a slight cut on her forehead. It was indeed a fortunate happenstance that neither she nor the little girl were killed, for the car is a mangled mass of steel apparently worthless.

**Entertained Dramatic Club**  
Mr. and Mrs. Harold Dodson on last Friday entertained at their home for the members of the Nehawka Dramatic class, which consists of some seven members and of which Mrs. J. J. Pollard is the esteemed president. A very pleasant evening was had and a delightful supper enjoyed by all the members.

**Had Excellent Meeting**  
The Brotherhood of the Methodist church of Nehawka held their November meeting at the church parlors on last Tuesday, enjoying a very delightful banquet that was served by the members of the Ladies Aid society. A very worth-while program had been arranged and the evening was one of greatest pleasure and enjoyment.

Outside of the work of the church itself, that accomplished by the Men's Brotherhood is undoubtedly the most uplifting and constructive influence for good in the community. If you are a member, be sure and attend the meetings. If you are not a member, do not lose any time in becoming one, joining in the good fellowship and the opportunity to do good that is shared by this body of men.

A most pleasant time was had, with all the members of the church pleased to meet her and to know that she and Rev. Morey are getting along so well with their work at Hooper.

Mrs. Morey had accepted an invitation from Rev. Burch of the Congregational church at Scribner to ride to Weeping Water with himself and wife, when they came to attend the celebration of the 75th anniversary of the founding of the Congregational church at Weeping Water, which accounted for her ability to be here at this time.

# V-8 LEADERSHIP

On October 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile

within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out in the United States alone, \$140,119,326.00 in wages and \$523,111,389.00 for materials.
