Old Age Pensions May be Paid in January

Governor Cochran Is Hopeful That Means Can Be Found to Start Payment of Claims.

Governor Cochran predicted actual payment of old age pensions in Nebraska will begin within a month. "Copies of the new social security laws passed by the special session of the legislature have been mailed to the county boards, application blanks will go forward within a few days, a state assistance director probably will be selected next week and it appears actual payments of pensions should start within a month," Cochran said.

He said he anticipated a federal appropriation for the national government's share of the social security cost to be made early in January, and pointed out the two programs—state and federal—will " dovetail closely " in getting under way.

He urged county boards of supervisors or commissioners, named in the new state laws as county assistance committees, to familiarize themselves with the laws pertaining to old age pensions, blind assistance, mother's pensions, child relief, direct relief and other phases of the program.

The boards were cautioned by the governor to exercise care in administering the funds, which are to be distributed to counties on a pro rata basis according to population. The program will cost about 10 millions in all its phases, with about half to be paid by the state from gasoline, head, beer and liquor taxes; and the other half by the federal government.

Cochran emphasized county boards are the heart and driving force of the entire program, with the state committee acting as a guiding hand. He cautioned counties against anticipating added federal relief money for the winter months, pointing out he has received notification of a "final" \$500,000 grant. He announced previously however, he intended to seek more funds.

CELEBRATE ANNIVERSARIES

The home of Mr. and Mrs. Henry Lamphere was the scene of a very pleasant gathering of the relatives and friends Sunday, celebrating the thirty-fifth birthday of Mrs. Lamphere as well as their fifteenth wedding anniversary.

The members of the party had a delightful dinner served at the noon hour that was enjoyed to the utmost by the members of the jolly party and served in most appropriate settings. The serving was by Misses Plossie and Loraine Lamphere, daughters of the guests of honor and Mrs. Florence Brittain.

The remainder of the afternoon was spent at cards and in which a great deal of pleasure was derived by all of the group.

In honor of the birthday Mrs. Lamphere received a large number of very attractive gifts to remind her of the two happy events.

CARD OF THANKS

We desire to take this means of thanking the neighbors and old friends in Plattsmouth for their sympathy and comfort in the hour of our bereavement. We especially wish to thank those who assisted at the funeral of our wife and mother—Emery Newland and Son.

PLAYS OVER RADIO

LEAGUERS ENTERTAINED

Last Friday evening twenty-five of the Plattsmouth Epworth Leaguers were entertained by the Nebraska City Epworth Leaguers, at Nebraska City. The party was a thrilling experience from the beginning, when each Nebraska City boy talked to a Plattsmouth girl and each Plattsmouth boy talked to a Nebraska City girl for three minutes to get acquainted, then each wrote a description of the other.

A "Treasure Hunt" made the party a grand success. It was very mysterious, the "treasure" being hidden all over the city. Among the places were: Arbor Lodge, Country Club, Burlington and Missouri Pacific depots, a dark cave, and many other interesting and exciting places.

The party was topped off by a large supper which was enjoyed by all.

Rotarians Hear of Trip to the Holy Land

Dr. Larimore Denise, President Omaha Presbyterian Theological Seminary Is Speaker.

The Plattsmouth Rotarians had a most pleasant treat accorded them Tuesday at their weekly luncheon in the visit of Dr. Larimore Denise, president of the Omaha Presbyterian seminary, who brought with him a very vivid story of his recent trip to the Holy Land. Dr. Denise is one of the active leaders in Omaha Rotary and the local club feels very appreciative of his coming here.

Preceding the address, Frank A. Cloldt gave the vocal offering, "The Holy City," the accompaniment for this beautiful selection being given by E. H. Wescott.

Dr. Denise in his talk covered very thoroughly the description of the physical characteristics of the Holy Land, where sections can be found that lie far below sea level, while mountains raise their heads in other sections many thousand feet. In many sections rainfall is abundant while in others, including the city of Jerusalem, there is very little rainfall in the course of the year. This city, sacred to the Jew, the Gentile and the Mohammedan, draws each year thousands of these faithful to worship there. Dr. Denise also told of the Jewish colonization plan that is gradually returning to Palestine members of the Hebrew race that once peopled its land. In the wake of these new residents from many nations has come more of the modern influence.

The speaker was introduced by Dr. H. G. McClusky, president of the club and an old time friend of the guest speaker.

BIG GAME HUNTER

Dr. F. W. Klusmire, of Omaha, who owns one of the large islands in the Missouri river southeast of this city, has two hobbies, one that of raising pure bred white face cattle on his island farm and also the hunting of big game.

Dr. Klusmire has just completed a fine hunting trip to Wyoming where he secured a deer and an elk that has provided material for a fine game dinner for the Omaha Ad Sell club. Glenn Vallery of this city, an old friend of Dr. Klusmire, was at Omaha Sunday and was presented with two roasts from the deer and which was a most appreciated present.

AN APPRECIATION

It is with the feeling of most profound gratitude that we wish to express to our many friends and good neighbors our appreciation of their tender sympathy and acts of kindness shown us in the illness and the death and funeral of our loved one. Especially do we wish to thank those taking part in the funeral service and to the Sons of Herman.—Mrs. George H. Meisinger and Family.

SUFFERS SLIGHT STROKE

From Monday's Daily: William Rice, Sr., residing in the north portion of the city, this morning suffered what seems to be a slight stroke which came on him shortly after he had arisen just before 6 o'clock.

Mr. Rice had gone to the cellar of the house to fix the furnace fire and after a short time Mrs. Rice called to him and receiving no answer investigated and found him apparently suffering a great deal. Mrs. Rice attempted to aid the husband but to little effect and he finally collapsed onto a pile of wood and from where it was impossible to remove him. Mrs. Rice ran to the home of neighbors and Dr. O. C. Hudson was called to the scene and gave him aid. With the arrival of the doctor the patient seemed to rally and was much better but had no recollection of going to the cellar or of his attack. At last reports he was resting much easier and it is hoped will soon be out of the effects of the attack.

DEATH OF NILEY R. WILES

Niley R. Wiles, 54, died on Sunday at his home at Weeping Water after an illness of short duration, although he has been in poor health for the past two years. The funeral will be held on Tuesday afternoon at 2 o'clock at Weeping Water and with interment there.

FIND TREES MISSING

Some residents of the city must be preparing for the coming of Santa Claus in a big way apparently, as a large number of the small trees that have been placed along the curbs in the business section are reported missing. These trees are purchased by the business houses and are arranged to add to the holiday festivities and their theft makes it very annoying and costly for those who have purchased the trees.

Keep in touch with Christmas merchandise values by reading the ads in the Journal.

Santa Claus to Hold Party at Legion Build'g

Next Saturday Afternoon Children of County Will Have Opportunity to Enjoy a Real Treat. Arrangements have been completed

for the big Santa Claus party next Saturday afternoon at 2:30 at the Legion Auditorium. Santa has positively agreed to be present at that particular time. He finds it difficult to make all his appointments, as there are so many boys and girls waiting to see him, but because the Plattsmouth bunch have always been so loyal he has made it a special point to be here next Saturday afternoon.

We do not know whether he is coming by plane, train, bus, auto or sled, but he will make a surprise appearance without fail at the Legion building next Saturday at 2:30 p. m.

Tickets have been sent to all school children in Cass county under 14 years of age. Santa would like to take care of the older ones too at this time but the capacity of the largest auditorium in the city will not hold them all, so we have limited it to the younger ones. Santa will present in person a treat to every child that comes. If any children have been missed in giving out tickets just apply to your teacher as she has them for all under 14 years of age.
