## IT WORKED FOR ME

Women should take only liquid laxatives

MORE people could feel fine, be fit and regular, if they would only follow the rule of doctors and hospitals in relieving constipation. Never take any laxative that is harsh in action. Or one, the dose of which can't be exactly measured. Doctors know the danger if this rule is violated. They use a liquid laxative, and keep reducing the dose until the bowels need no help at all.

Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why it should be a liquid like Syrup Pepsin. Ask your druggist for a bottle of Dr. Caldwell's Syrup Pepsin, and if it doesn't give you absolute relief, if it isn't a joy and comfort in the way it overcomes any sluggishness or biliousness, your money back.

## Platters Win from Malvern in a Hard Fight

Visitors Lead Until the Last Period When Fighting Platters Register Victory.

From Saturday's Daily:

The basketball fans last evening had a real thriller afforded them at the local court when the Platters turned back a fast breaking Malvern, Iowa, quintet to win 37 to 32 in a whirlwind finish.

Malvern had a fast breaking offense and perfect passing that checked the local team throughout the early part of the game, but in the final stages the Platters showed some real basketball to snatch victory from their opponents.

The first stanza of the game was a draw, 8 to 8, the Platters securing field goals by Wooster and Seitz and two by Hendrix, while for the visitors Jackson, McCord and Benton registered and Jackson and Milliken made two gift shots good.

In the second the visitors uncorked a fast attack that kept the ball in the local territory while Jackson, Myers and Milliken were able to account for field goals. Wooster, Hendrix and McCarrroll were the scorers for the blue and white warriors. The score at the half was 17 to 14 in favor of Malvern.

After the half the Platters started a faster offensive and the score was tied repeatedly and again broken, with Hendrix and McCarrroll each scoring four points while Joy Miller, substituting for Wooster made good a field goal, also wearing down the Iowa offensive. The shooting of Jackson kept Malvern out in front for a 27 to 25 score at the end of the third quarter.

The last quarter saw the Platters sweeping an attack that gave them the lead, on the field shot of McCarrroll and which they added to, to acquire a substantial lead. Wooster and McCarrroll led the scoring in this period with two baskets each, one by Wooster being a mid field loop that arched fast through the hoop. Hendrix also added his part with a field shot. The visitors secured four points to cut down the local lead and made a strong bid to tie up the score but the local defense tightened and held them, Seitz, Forbes and Wooster being in the hot of the defense.

The box score of the game was as follows:

## Springfield Has Experience with Blockade

Sarpy County Community Shut Off From World, Battle to Aid Sick Resident.

Springfield, in Sarpy county, a few miles north of Louisville, has had a stirring experience with the snow and cold which had them blockaded for several days.

The town, as the larger part in the country, depend on the supply of bread from the Omaha bakeries and when the storm struck last Saturday the town had a very good supply but which diminished as days went by and the roads remained closed. The siege revived the old art of biscuit making and corn pone.

The town dairy was able to supply milk for the need of children, hauling it on sleds for delivery to the homes and the William Kieck general store.

The first train arrived in Springfield on Wednesday and the road north to Millard is still a one track snow banked road.

In the midst of the storm and the huge drifts, the men of the Springfield community battled to dig out the roadway to the home of Frank Zimmerman, prominent farmer and stockman, who was suffering with bronchial pneumonia and medical aid unable to reach him. He had been taken ill Friday and had a call from a doctor from Gretna, but the storm Saturday closed off all chance for further treatment. A group of eighty-six men was organized and by man power shoveled out the four miles of road that led to the Zimmerman home and the sick man is now on the highway to recovery. The force worked from Monday morning at an early hour until late Monday night. Editor Frank Stibal, of the Monitor, was the only casualty, he suffering a frozen nose in the road opening expedition.

Small factories will find splendid opportunities to expand here. Among them, forthcoming river navigation with its resultant low shipping costs.
