Freezing Caused Damage  
During the severe cold weather of

last winter, while Stuart Rough was spending the winter at the home of his son, B. S. Rough, at Los Angeles, much damage was caused to the plumbing. On the return of Mr. Rough he found it would be necessary to have considerable work done before the home would again be livable and restored to its former condition. The repairs have been under way the past week, with the work being done by Joe Hiber, Plattsmouth plumber, who has been driving back and forth to and from work.
