Wabash News

P. H. Clarke, who has in mind the raising of a new team for use on his farm, had the misfortune to lose one of his colts shortly after birth, and so does not have the contemplated two to start with.

L. R. Stanley, the merchant, was a visitor in Lincoln Tuesday of last week, going to secure a truck load of goods for the store, as he does every week, and sometimes has to go back after a second in order to supply his trade.

The Ladies Aid of the Wabash church met on Friday of last week at the home of Mr. and Mrs. Carl Reichart. After transacting the business matters before them, a social hour was enjoyed ending with the serving of a delicious luncheon by the hostess.

Mrs. Minton V. Wood and their little daughter have been visiting in Lincoln for the past week, during which time they were awaiting possession of the home which they recently purchased at Elmwood. Mr. Wood has been staying at the farm of his sister in the meantime.

John Gerdes, who recently purchased a farm tractor was using the same last Wednesday to assist with the work of getting the ground in readiness for the corn crop of Warren T. Richards. This modern power plant for farm work is proving a great asset when it comes to speeding up the job.

Miss Myrtle Wood, who some time ago had her barn transformed into a garage, is now having the same rebuilt in order that she may care for her two automobiles, one for use in carrying the mail in ordinary weather and the other when the roads are muddy. George Dennis, of Weeping Water, is doing the work.

Arrival of Fine Grandson

Mr. and Mrs. Clifford Besley, of Lincoln, are rejoicing over the arrival of a son which came to their home last Sunday morning. Mrs. H. T. Gerbeling, grandmother of the new arrival, hastened to Lincoln to assist with the care of her daughter and the baby. Grandfather Gerbeling

is also greatly pleased over the advent and wears a broad smile, and why shouldn't he be well pleased, with two fine little grandsons.

Suffers Very Severe Burns

A week ago last Saturday, as Carl Schlaphoff was engaged in making some repairs on a gasoline tank that had sprung a leak, the gasoline remaining in the tank became ignited and exploded, throwing the burning fluid over his clothing. He made frantic efforts to extinguish the flames and then, not succeeding, rushed to a partially filled water tank nearby, plunging in in this way, the burning clothing was extinguished, but not before he had suffered very severe burns.

He is suffering intense pain from the burns and much of the skin that was burned is coming off. The worst of the burns were about his hips, but his legs and hands were also badly scorched by the heat from the burning gasoline.

Carl is confined to his bed, but cannot find any position that affords him much comfort, so has to suffer from the pain, hopeful of a speedy recovery. He is being cared for by Dr. Lee, of Murdock, who has had a great deal of experience in treating burns and knows just what to do in such an emergency.

SUBMIT WITHOUT ARGUMENT

C. L. Kelly, county treasurer of Otoe county broke all known speed records Thursday for getting a case submitted to the Nebraska supreme court.

He filed an appeal last Saturday. Today both his attorneys and counsel for the county commissioners, whom he is suing, filed their briefs, and obtained permission to submit the case to the court without oral argument.

Usually, it takes several months before both sides file their briefs and submit the case to the court.

Kelly, in a friendly suit, is attempting to determine the legality of an attempt to transfer \$28,000 from a jail construction fund to a fund for repair of the Otoe county courthouse, in which the jail is located. The district court said the transfer was legal, so Kelly appealed to get a final and authoritative adjudication in order to protect himself and his bondsmen. The county has a federal grant of \$25,000 to assist in financing the new construction. The court house, built of adobe brick, is 60 years old, and the jail is a part of it. The question was whether funds set aside for the jail could be used in part of the courthouse. A contract has been let for \$55,000.

LAY NEW LINOLEUM

The Sweeney cafe on South Sixth street is having a flooring laid in the main dining room. The flooring is of a new and attractive pattern of linoleum and adds very much to the appearance of the room.

Attorney General Gives Opinion on Court Decision

Details How Joint Sale of Beer and Liquor on the Same Premises Can Be Handled.

Lincoln, April 23.—Attorney General William H. Wright Thursday issued an opinion clarifying results of the Nebraska supreme court decision permitting beer and liquor to be sold on the same premises.

He made these suggestions: 1. Persons wishing to sell both beer and liquor, both by the drink and by the package, may apply to their city councils, paying \$250 a year for a single license covering all four types of sale. Drink liquor can be sold, however, only in cities where the people have sanctioned it at an election. The license fee goes to the city school fund.

2. Persons wishing to sell both beer and liquor by the package only should apply to the state liquor commission, paying a single license fee of \$150, which should go to the schools in the county where the license holder will do business. It will not be necessary, as in the past, to apply to the city council for a separate beer license.

3. Persons wishing to sell both beer and liquor by the package and in addition beer by the drink should apply to the state commission for the joint package license and to their city councils for the beer drink sale license.

4. As in the past, persons wishing to sell liquor by the package only should apply to the state commission, and persons wishing to sell beer only within a city should apply to their city councils. The state commission also controls beer licenses in rural areas.

DEATH REPORT UNTRUE

The report of the death of John Bajeck, at Lincoln, received here early Friday afternoon, has fortunately proven untrue, later reports received from the hospital state.

The mother, Mrs. Paul Bajeck, with a daughter, Mrs. Joe Hunter of Casper, Wyoming, were at the Lincoln General hospital and were much pleased to note that he showed some improvement. While still in very grave condition Mr. Bajeck seems to be holding his own and it is hoped that the weakness caused by the loss of blood may be overcome.

The many friends are very happy that the first report has been untrue and that he has a chance to recover from the severe injuries.

Mr. and Mrs. Herman Rauth and Miss Rena Christensen were in Omaha last Monday, where they went to attend the funeral of Emanuel Sorensen, who died there the week before and whose funeral was held Monday of this week. Mr. Sorensen has been a long time friend of Mr. and Mrs. Rauth.

Rauth, who has one of the very fine farms and as well a very handsome farm home, nicely appointed, is having the home painted at this time, the work being done by Harold Krecklow, who is a hustler to work and who is getting on very nicely with the work in hand. The salvaged material was loaded into a car and shipped to Falls City, where it will be used by the company for various purposes in its shop yards there.

Normal Trainers Receive Teaching Experience

Given Opportunity of Working in Local Schools to Gain Practical Experience.

A small group of girls of the Senior class of our high school has spent at least an hour a day for eight months studying child psychology and methods of teaching.

As some actual teaching experience is required, these girls are testing their ability in real practice this week in our local schools. Several of the girls have gained a little experience by substituting an hour or so at various times in case of sudden illness on the part of a regular teacher. But this type of work is rather haphazard, and gives little opportunity to develop the best technique.

Wednesday each girl observed the work being done by the teacher in the room to which she was assigned. Then after careful plans were made, with the help of the teacher, each one returned to the same room on Friday to teach under supervision.

This procedure is expected to give each prospective teacher some idea of actual school practice and a little of the teacher's viewpoint rather than the pupil's.

The following teachers and pupils co-operated in this activity: Miss Marie Nolting and Rosemary Cloutier at Mercerville; Miss Helen Farley and Margaret Henton at Central; Miss Evelyn Lee and Mildred Wilson at Central; Miss Dorothy Downey and Marjorie Fitch at Columbian; Miss Helen Hall and Mildred Allen at Columbian; Miss Margaret Iverson and Sophia Bierl at Columbian; Mrs. Sutherland and Louise Rishel at Wintersteen; Miss King and Amber Bomer at Wintersteen; Miss King and Grace Louise Wiles at First Ward.

MARRIED AT COURT HOUSE

From Saturday's Daily
This morning at the court house occurred the marriage of Mrs. Agnes Burke to Mr. Chester Taylor, the marriage lines being read by Judge A. H. Duxbury in his usual impressive manner.

The bridal couple was attended by Mr. and Mrs. Marion Taylor, the former a brother of the groom. Both of the young people are well known here where the groom was born and reared to manhood and where the bride has made her home for the past years. They will start housekeeping at once as their home is awaiting their arrival.

The many friends of Mr. and Mrs. Taylor will join in wishing them all of the happiness that they so well deserve.

The bridal party were entertained at a charming wedding dinner at the home of the parents of the groom, Mr. and Mrs. Roy Taylor on Livingston Road.

NORTH WINS GAME

North high baseball team was here Friday afternoon to take a very much one-sided contest from the Plattsmouth high school team by the score of 21 to 4. Baseball is a part of the sport program at North and the team showed their training and had Coach Jackson with them to direct their playing.

Minnear did the hurling for the locals in the first part of the game and was found effectively by the heavy hitting Vikings, led by Luby, shortstop and Cheek, fielder.

Marion Wiles for the Plattsmouth did a nice job of fielding and his work in the left garden robbed North of many long drives that looked good for extra bases, he catching two smashes as they were ready to go over the bank into the avenue.

Cuthrell of the Plattsmouth smacked a triple in the fourth inning but was held on the bag and unable to score. Carey also secured a triple in the seventh to score for the locals.

GYPSIES LEAVE COMMUNITY

The colony of gypsies that have been encamped north of this city have decided to change their location from Cass county to some point in Sarpy and Thursday they moved their caravan on to the north. The tribe apparently was well supplied with money as they purchased several cars while here and paid over the cash without any difficulty and also made a great many purchases of the local stores.

Rid Yourself of Kidney Poisons

DO you suffer burning, scanty or too frequent urination; backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.
