Eagle M. E. Church Notes.

July 12, 1938
D. J. Schuyleman, pastor.
10:00 a. m. Morning worship period, led by the pastor. Everyone is invited to partake of Christian fellowship in this service. Let us be promptly on time in Christ's work.

11:00 a. m. Church school study hour. A challenging class for every age. Are you ready for that picnic? Come to Sunday school and hear all about it.

7:15 p. m. Young People's meeting. Christ has a job and a challenge for each of you. If you don't want to work, don't come to these meetings.

Tuesday evening at 8 o'clock, the choir will meet for practice at the church. Be punctual and ready to work.

Friday evening at 8 o'clock, the high school young people are having a party in the cool church basement.

Last Sunday afternoon the leaders of the church and Sunday school had a lunch and fellowship together in the church basement. To the surprise and delight of those present, the temperature inside was 30 degrees cooler than outside. An inspirational devotional and business meeting was held after the social hour. Those who could not be there missed a wonderful fellowship in what was rightly called the "coolest place in town."

Important: This Sunday morning we shall have the election of lay delegate and alternate. Please note that the time of morning worship is 10:00 and that of Church school is 11:00. We are trying this experiment to see if we cannot develop a more devotional attitude for our study of Jesus. A period of inspiration followed by a period of personal investigation. Is not this the ideal way? It can only be if you co-operate with us in making it so. Let us come right on time, enter into the spirit of worship, and then go to our classes with a new vision of what it means to live for Jesus.

Besides the style parade and the old customs parade held in conjunction with the Fourth of July celebration here, there was an old fashioned dance in the evening. The crowd would have been even larger but for the rush season of the farmers in getting their wheat cut and in the shock or through the combine and to the elevator.

Ray Chriswiser, who put out one hundred and fifty acres of wheat last fall was well rewarded as the wheat did fine and in many places over the large field yielded 40 bushels and upward to the acre, all of it of excellent quality. Ray has the crop all harvested and saved in good condition, which gives him a sense of real thankfulness.

Jerome St. John was in town on Monday making arrangements for the threshing of his hundred acres of wheat, which he had just gotten harvested in an readiness for the threshing machine. The farmer who is fortunate enough to have a goodly sized field of wheat this year is indeed fortunate, as all winter wheat is turning out well, and unless the rains come soon may be the only crop to amount to anything again this year.

After searching for him close to home, the alarm was given and people of the countryside gathered as well as many from Nehawka, going in various directions with flash lights and lanterns in search of the missing lad.

The search was carried on in ever

widening circles, extending into every nook and corner, and lasting up until about one o'clock in the morning, when he was found in a ravine some three-quarters of a mile northwest of the house. He was discovered by Edward Knabe. During the continued search he was called for by name repeatedly but only once and that shortly before his discovery was he heard to respond. Mr. Knabe carried a lantern, which shed a bright light in all directions about him, as he pressed forward and as a result was able to spot the lad, who had become tired out and lay down in a ravine.

It was very fortunate that the little fellow was found and did not have to remain in the woods overnight.

Properly Celebrated the Fourth

The Fourth of July, birthday of the nation, was celebrated in fine manner in Nehawka last Saturday afternoon and evening, with many amusements, under the auspices of the American Legion and the ladies of the Legion Auxiliary. The celebration drew large crowds here from all over the county and many from outside the county as well. There were many stunts and games which helped to amuse the people and the day went off very smoothly.

The parade was one of the interesting features of the day's entertainment and took the spectators back to the days when a real Fourth of July celebration was held in every village and hamlet in the country. The doll parade was another of the many amusing features. The one that drew much attention and was finally awarded first prize was that of Mrs. W. H. Kruger, who was dressed to imitate a little maiden with her doll carriage and doll therein. Another feature was the pet parade, which was a most interesting display of pets of all kinds. We were unable to get the names of winners, of whom there were several selected for their uniqueness or pleasing appearance. Floats representing many of the Nehawka business houses also had a place in the parade and were followed by many on foot. The business firms participating included the Sheldon factory, Sheldon's store, Herbie Kuntz, Boyd's cream station and the unconquerable Nehawka Fire Department. Herbie Kuntz's anvil could be heard ringing as he pounded out his living on it with a heavy blacksmith's hammer.

All in all, the celebration was a most successful one and everyone present is loud in praise of the fine time that was provided throughout the afternoon and evening.

preventing more serious injury. The clothes were ripped from his body so swiftly that he received some serious burns and cuts, also a spained back, but considers himself fortunate to escape as well as he did. He was rushed to a doctor and taken home and it will be at least two weeks before he is able to work again.
