Nehawka

Miss Maxine Steffens is taking some ten days visiting the camp and enjoying the outdoor life it affords.

Harry Stutt of Avoca was looking after some business matters in Nehawka last Monday morning in connection with his insurance line.

The wheat grown on the farm of Ernest Ahrens was threshed and delivered to the Farmers elevator here on Tuesday. It is of good quality and the yield was very satisfactory.

Wheat grown by Elmer Stoll and delivered to the Nehawka Farmers elevator showed a test of 65 pounds to the struck bushel, the highest we have heard of so far, although there have been a number making 64, but this one is the highest.

Fred J. Franzen and family, of Omaha, daughter and son-in-law of M. S. Briggs, the Journal field man, are at present visiting at Stuttgart, Arkansas, where Mr. Franzen lived when a small boy and wrote that it rains there every day and everything is fresh and green. They expect to return home in a few days.

Mr. and Mrs. Herbie Kuntz and the children visited over Sunday at York, at the home of Mrs. Barr, a sister of Mrs. Kuntz. A most pleasant day was spent and two of the children, Orlah and Wallace, remained for a longer visit, expecting to return before time for school to reopen this fall.

Plenty of Water Here Now

The well that supplies water for the Nehawka waterworks is now in good condition again, following the correction of a clogged condition in the strainers which greatly impeded the water flow. Since this was done, the pumps are handling about 40 gallons per minute and the supply seems inexhaustible. As that is far above the ordinary requirements and much more than needed even in dry weather like this, except in case of fire, the system is considered in good condition and no water shortage in store, at least from present indications.

Heard Noted Speaker Sunday

Henry Gruber and John Wunderlich, both of whom are greatly interested in the plan of Dr. Townsend, of California, who was addressing a large crowd of men at the state fair grounds at Lincoln last Sunday, report that there was a large crowd of people on hand to hear Dr. Townsend and Mr. Smith from the state of Louisiana explain the workings of their proposed tax and the results which it would bring to the country at large. They were more than pleased with the explanation that was given of the plan and the manner in which it would operate to help restore prosperity and also provide for the aged people of the nation in ample manner.

Wheat, Wheat, More Wheat

That is the prime subject being discussed at this time, second in importance only to the prevailing drought which all are hoping will be broken before it is too late.

The Nehawka elevator has been more than busy taking care of the large volume of wheat that is being brought in from the different threshing rigs that are being operated in this territory. J. J. Pollard, manager of the elevator is being assisted in handling the grain and getting it

Weeping Water

Dennis Oldham was over to Omaha last Tuesday morning early with a load of produce for the produce station and after his return was hauling wheat from the threshers at the Joe Dietl farm to the Weeping Water elevators.

A. R. Dowler of Nebraska City, was a visitor in Weeping Water last Tuesday and was looking after some business matters for the company he represents selling cars and as well was meeting with his friends.

A. M. Pillsbury who has been at the hospital at Omaha for the past five months where he has been receiving treatment and cared for, was able to return to Weeping Water last Thursday and since returning has been showing good gains and is hoping to be entirely well in the course of a few weeks.

Mr. and Mrs. Elmer Michelsen were in Omaha Tuesday of this week looking after some business for the day and making purchases of goods for their store here.

The Rudge and Gunzel branch in Weeping Water under the direction and management of Mr. O. O. Kimber are to give an electrical cooking demonstration this Saturday afternoon and night. Better be around and see the demonstration.

Miss Agnes Rough was over to Nehawka last Sunday evening visiting with her brother and niece as well as grand nieces, remaining over night as guest at the home of Stuart Rough, returning Monday morning via the train.

Mrs. John E. Johnson while at her work about the home was overcome by the excessive heat and was prostrated for a time, having to keep to her bed for a number of days, but is feeling slightly better at this time, but kept to her bed the greater portion of the time.

Jack Quinn while working in the stone quarry was overcome by the heat and had to cease working for a number of days. While he is feeling much better at this time he is not yet as strong as before the time he was overheated.

Completed Summer School.

Miss Donna Lee Baker who was a teacher at the public schools at Reserve, Kansas, last year and who is to teach at Factoryville the coming term, who has been attending summer school at Peru, completed her work and returned home to Weeping Water today (Thursday). Her mother and Mrs. Harold Baker and the kiddies went down for her and were driven by V. O. Miller, brother of Mrs. Harold Baker.

Not Feeling the Best.

W. H. Frizell, the only Civil war veteran in Cass county and who has turned ninety-one years last spring, has not been feeling the very best during the past week, but is better now. He has had some sinking spells but is feeling some better and is hoping they will not appear again.

Celebrated 8th Birthday Anniversary.

Little Ruth Jean Gibson, daughter of Mr. and Mrs. Ben Gibson was passing her eighth birthday anniversary which was duly celebrated when she entertained a number of her little girl friends with games and a general good time. They were served refreshments by Mrs. Gibson at the proper time and sure enjoyed the excellent time provided by the mother.

Reports Say Married in Omaha.

The reports say that a certain young university student who often comes to Weeping Water and a certain young woman of Weeping Water were united in marriage and are to make their home in Omaha. We were told by a number of their friends that such was the case, but without the evidence to prove the matter beyond doubt we are not saying they were married.

Undergoes Operation at Lincoln.

On last Sunday night Naomi Ruth Rikil, daughter of Mr. and Mrs. Leo Rikil living east of Murdock, was taken suddenly with a severe case of appendicitis and rushed to the Bryan Memorial hospital at Lincoln where an operation was performed, and just in time, as the appendix was about burst. The operation was very successful and the little patient, who is nine years of age has been getting on very nicely since and promises a very rapid recovery.

Making Good Progress.

Earl Oldham of the Oldham Produce company who had so severe a struggle with an oil stove which was on fire and who was badly burned, has been showing improvement, and is able to be about. He had gauntlet gloves on which protected his hands but his arms and face were badly burned and while he called for the

aid of the fire department who made quick work getting there, Earl had the fire out before their arrival. He is getting on nicely now and will soon be entirely over his severe experience.

Water Not So Plentiful.

On account of the long continued hot and dry spell, the water supply of the Weeping Water system has not provided as an abundant supply as would be desired. Some reported only a week's supply, but then what can happen in a week? Good rains can come and the supply be over-abundant in that time which all are hoping will be the case. When the times are so dry and weather so hot it is quite natural to use more water when in truth the water should be conserved as much as can be and not deny oneself what is needed. Some way will be provided for the supplying of water for the consumers and the city, we are certain.

Station Changed Hands.

The Handy oil station which has been under the management and ownership of the Atlantic, Pacific and Gulf company has been changed to Pennsylvania Consumers Oil company and on last Monday the change was made to DX oil and gas. The present local force has been retained and are conducting the business just as in the past.

Canvassing for Fair Ads.

Wm. P. Sitzman, who has been assisting in the Weeping Water Republican office for the past few weeks was out in the county and visiting other towns in the work of gathering ads for the fair catalog which is to be put out in a very short time, setting forth the facts about the county fair which has been set for September 15, 16, 17, 18. Keep the dates well in mind and do not forget to have something which will show well for Cass county on exhibit.

Visiting at Colorado Springs.

Winefred Shields, who has been assisting at the clearing establishment of his father during the past number of months, departed last week for Colorado Springs where he will visit for a time and will, if something is offered, accept a position there. He will find the temperature there more agreeable than it has been here for some time.

VISITS AT OLD HOME

William Hill, of Brunswick, Nebraska, with his son, Clyde and daughters, Gladys and Margaret, arrived here Sunday for a visit at the home of Mr. and Mrs. L. A. Meisinger west of this city. Mrs. Meisinger being a sister of Mr. Hill. Mr. Hill was a resident here in his more youthful days when his father, George Hill, was a resident of this community, and has many old time friends that he had the pleasure of meeting. He has been engaged in farming for a period of years in the Brunswick territory. Mr. Hill lives not far from C. A. Miller, also a former resident of this city and who enjoys frequent visits with the Hill family and the talks over old times and old friends prove very interesting.

FIRE CAUSES ALARM

From Tuesday's Daily:
This morning a grass fire in the vicinity of the Joseph Lapidus home on North Sixth street caused the fire alarm to be turned in and the prompt response of the department put out the fire. The fire which had apparently originated in a small ditch, its thought was caused by a smouldering cigarette or match that was carelessly tossed into the dry grass. This is a very easy way to cause a fire in these extremely hot days and every care should be taken to avoid any unnecessary danger from this cause.

JOLLY STITCHERS

The Jolly Stitchers held their meeting July 9, at the home of our leader, Mrs. Donald Harris. They had their lesson on the aprons. They judged their laundry bags. Herta Potschels placed first, Bernese Halnes second, Kathryn Tschirren, and Virginia Bierl third.
