

MANLEY NEWS

Oscar McDonald was a visitor in Manley for a few days during the past week, having business matters to transact there.

Mr. and Mrs. Harold Krecklow were enjoying a visit over the week end from their friend, Miss Laura Gates, of Nebraska City.

Will Patterson of near Murray was visiting in Manley a short time last Wednesday morning and was meeting his many friends here.

A. H. Ward, of Murdock, was looking after business matters in Manley last Wednesday and enjoyed meeting his many old friends here.

David D Brann and wife were in Plattsmouth last Saturday, where they visited with friends and looked after business matters for a short time.

Mrs. Antone Auerswald and daughter, Millie, departed last week for points in Oklahoma, where they will visit relatives until about the first of August.

Harold Andrus of Falls City, was a visitor in Manley last Sunday and on his return home was accompanied by his mother, Mrs. Emma Andrus, who will visit with the son for some time.

Misses Mary Alice and Betty Ault, daughters of Mr. and Mrs. Charles Ault, of Plattsmouth, were guests for two days last week at the home of their uncle and aunt, Mr. and Mrs. O. E. McDonald. They enjoyed their stay here very much.

August Krecklow, who has not been feeling the best for some time, is reported as somewhat better at the time this was written and has been rustling with his work as usual. He and William Sheehan were in Omaha with a truck load of stock for the latter, which brought very good returns.

Wm. J. Rau and wife, George Rau and Miss Sue Mockenhaupt were in Omaha last Sunday, where they were guests for the day at the home of Mr. and Mrs. Claude Breckenfeld. As they came home via Plattsmouth, they were attracted by a large crowd of people at the Holman beach just south of the Platte river and stopped when they learned that a young girl, 15 years old, Wauweta Miller, of near South Omaha had been drowned.

Attend Services at Beatrice

A party of some twenty young folks of the St. Patrick's parish were at Beatrice last Sunday, where they attended the morning services at the Catholic church where the Rev. Patrick Harte is now located as parish priest. They were taken over in the school bus of Albert Theil, of Murdock. A very pleasant trip was had and all enjoyed the excellent visit with their former pastor, Father Harte.

Receives Severe Head Cut

Last week while Glen Miller was cutting some wood at his home, a clothesline which was stretched above his head was caught by the axe, deflecting the blow of the same in such manner that the blade caught Glen on the head and inflicted a very severe scalp wound that has proven most painful.

Get Your Pardon

The Journal news reporter is advised of an error in our statement of last week that the Junior baseball games between the Weeping Water and Louisville teams would have to be played over, and hasten to correct the same. Louisville won both of the two games that were played and is in line now to meet the Otoe county champions. After that comes the district and state meets.

Eating Everything in Sight

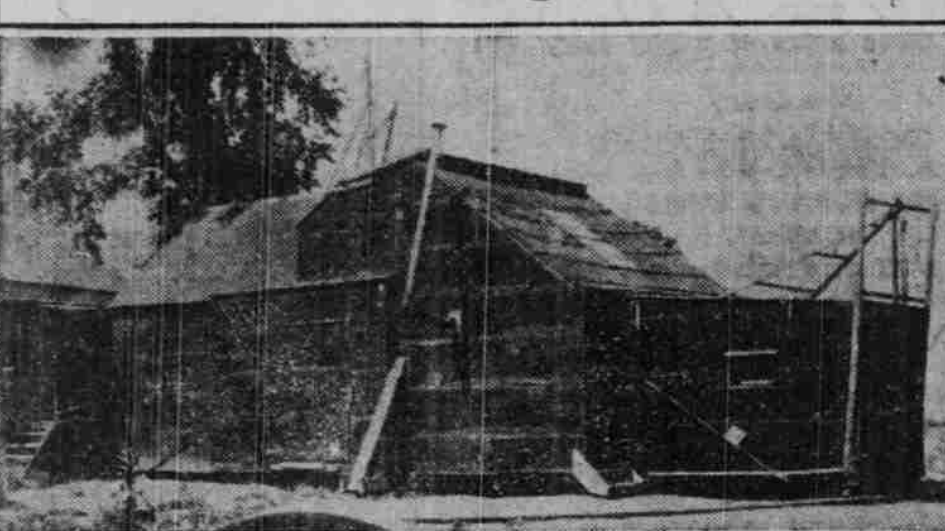

Ernest Pankonin reports the grasshoppers as being very bad at his farm, where they have destroyed a good deal of his alfalfa and corn. He made a trip to Weeping Water to see if he could secure aid from the CCC boys in fighting the pests, but they are not prepared to fight the hoppers. Ernest reports ten acres of red clover and twenty acres of alfalfa have been destroyed.

Boys' Club Active

The recently organized boys' 4-H club, that has for its main objective the receiving of instruction in farm shop methods and machinery maintenance, met with their instructor, Herman J. Rauth, last week and completed the making of their nail boxes, as well as laid plans for other lessons to come. Their meeting this week on Tuesday, July 21st, will be held at the home of H. Wite, one of the members.—Kenneth Lorenson, News Reporter.

Miss Ila Kirker is enjoying a few days visit with relatives in the vicinity of Greenwood and Ashland, expecting to return here the first of the week.

World's First Moving Picture Studio

The Old "Black Maria" Where Edison Made the First Thrillers.

It was in this tarpaper shack that Thomas Alva Edison made the first real moving pictures nearly 50 years ago. If it had not been destroyed it would now be in the Smithsonian Museum, if Henry Ford had not given it a home at Dearborn, Mich., where he established the great shrine of Edison.

One of the most curious facts concerning this first studio, which was known by Edison's assistants as the "Black Maria", was that it cost the trifling sum of \$637.67 to build. When this is contrasted with the millions spent on modern movie studios it is easy to realize how the picture industry founded by the great inventor has grown in importance.

One of the most interesting, although amusing incidents connected with the birth of the movies, was when Edison decided to use James J. Corbett, the pugilist, in a feature film. Naturally a combat had to be shown and "Gentleman Jim", who was champion of the world at the time, had to have an opponent. A notorious boxer was secured from Newark, N. J., who was to face the champion before the camera. The plan was good but when this bruiser climbed through the ropes and saw Corbett, he had a bad attack of fright and left the scene as fast as possible.

Lambert Lister Dies at Home in California

Former Resident Passes Away at Burbank, California, Where He Has Lived for 12 Years.

Friends and relatives here have received word of the death of Lambert Lister, 73, former Plattsmouth resident, which occurred at his home in Burbank, California, the early part of the week.

Mr. Lister has many old friends here who will regret to learn of his passing and share with the family the sorrow that the event has brought. The Lister family made their home here for a number of years and some twelve years ago they removed to the Pacific coast and located at Burbank, where Mr. Lister has, for the past eleven years, been connected with the Burbank Public Service department.

He is survived by his widow, Mrs. Lucy Lister, several sons, Theodore, Frank, James and Glenn of Burbank, R. E. Lister of San Pedro, California, three daughters, Mrs. Estella Rummel, 1824 Keelen street, Burbank, Mrs. Alice Wilson, Long Beach, and Mrs. Dorothy Stoehr of South Gate, California.

The funeral services and interment were held at Burbank.

TRYING TO SAVE TREES

From Friday's Daily This morning representatives from the U. S. camp and rifle range north of this city, were in to interview the city officials relative to securing aid in saving the large number of small trees planted last fall and this spring in the plans for beautification and landscaping of the U. S. park.

Mayor Lushnisky arranged that the old water wagon that has been out of commission for several years, might be loaned to the camp officials to be used in hauling water as well as a small section of hose to aid in providing moisture to the trees that so badly need it at this time.

It is feared that the intense heat and lack of moisture may cause the loss of a large number of the trees if some immediate relief is not provided.

OVERCOME BY HEAT

Earl Lesley, who is employed at the rock quarries south of this city, was a victim of the extreme heat Wednesday afternoon and it was necessary to have him brought on into the city. He was treated by Dr. R. P. Westover and given relief. The case fortunately was not severe and it is hoped that he will be able to resume his usual activity in a short time.

possible. However, a substitute was found and the picture was taken.

There were a number of curious features about this first studio. It was set on a pivot so that it could "follow the sun" and the roof rolled back to allow sunlight to be used on the action that was being shot. There was no scenery and the whole thing was a far cry from the luxurious and highly scientific sets and equipment now used.

Some time later Edison established a fine studio near Bronx Park in New York and for a number of years pictures were taken there that were seen all over the world.

Edison's creative ability backed by his refusal to ever "take a licking" was what made modern movies possible. It is in the hope of finding some one who will go forward with his indomitable spirit that The Thomas Alva Edison Foundation, of which Owen D. Young is National Chairman, is establishing a living memorial to the great inventor. This will take the form of one hundred Edison Scholars each year, who will be selected from all the country and given the opportunity to secure the scientific training needed to develop their talents.

Fire Destroys Threshing Outfit Thursday

Machine Used to Thresh at the Home of Jack Wagner South of Louisville Destroyed by Fire.

While Bobbie Vogler was threshing at the home of Jack Wagner, some two and a half miles south of Louisville on Thursday afternoon about 1:30, he was overheated and suffered severe burns when the threshing machine caught on fire.

A loud report came and the threshing machine as well as the rack load of sheaves which were being fed into the machine, caught fire, frightening the team which ran away and scattered burning sheaves over the stubble which also ignited, adding more trouble.

Bobbie Vogler fought like a true warrior to extinguish the flames and save the threshing machine, straw and wheat being threshed. Others helped, but only after considerable damage had been sustained. The machine was practically ruined. The alarm was given and the fire department and many citizens from Louisville were soon on the scene and assisting in extinguishing the fire.

Bobbie Vogler was hastened to town and Drs. Worthman rendered aid in restoring the young man to his normal condition. He was very much overheated and also suffered severe burns, but after persistent treatment was feeling better.

Besides the machine and the grain, both threshed and unthreshed, an automobile and trailer were burned.

DIES AT MASONIC HOME

The death of Curtis W. Ribble, 80, occurred Thursday afternoon at the Nebraska Masonic Home, where since May 14, 1929, he has made his home. He has been in failing health for the past few years and his feeble condition gave but little hope of his recovery.

The deceased was born at Fountain Green, Illinois, November 13, 1856, and in his younger years came west to Nebraska, where he was located for a number of years at De Witt, later moving to Lincoln where he made his home over a considerable period of years. He was a member of Lancaster lodge No. 54, A. F. & A. M. of Lincoln. Mr. and Mrs. Ribble were both residents of the Home here until June 29, 1931, when Mrs. Ribble was called to the last rest.

There is surviving two daughters, Mrs. Lena Parsons, Lincoln, and Mrs. Maude Mitchell, Itawa, Kansas, as well as several grandchildren.

Wabash News

Henry H. Gerbeling completed the plowing of his corn for the last time on Wednesday and has it laid by.

Will L. Murfin is now employed at the government operated quarry east of Weeping Water, going to work the middle of last week.

Phillip Coatman, of Alvo, was looking after some business matters in the vicinity of Wabash, calling on a number of farmers during the day.

Ralph Richards completed threshing his grain last week, the wheat being of high quality and returning an excellent yield, while the oats were rather light, but nevertheless will produce good feed for his stock.

Bill Patterson, of west of Murray, was looking after business matters in Wabash last Wednesday. Mr. Patterson is well acquainted here and was pleased to meet many of his friends during the short time he was in town.

Mrs. Henrietta Lawton was very sick at her home in Wabash last Sunday and had to have the services of a physician, but with good treatment and good nursing she was feeling better during the week and was able to be up and about again.

P. H. Clarke has been the feeder of the company threshing machine, and while it was a very warm job and required long hours every day, he stuck to it until the last job was completed and the machine hauled to the shed, where it will remain until the harvest of next year.

Emil Bauer and family were guests at the home of Mr. and Mrs. H. H. Gerbeling last Sunday. Mrs. Bauer is a daughter of Mr. and Mrs. Gerbeling. Mr. Bauer is employed with the Burlington as a track worker at Waverly. A son remained to visit for the balance of the week at the home of the grandparents.

Joe Rudolph and family, of Eagle, were in Wabash last Tuesday, coming over for the night in order that Mrs. Rudolph might assist at the home of her daughter, Mrs. Fred Weyers, where they were threshing, and say it was hot and the work was heavy. They are all glad that the threshing has been completed.

The company threshing machine has been kept plenty busy getting the work done for the farmers of this vicinity. Last Thursday the machine finished up threshing at the home of Albert Poole, having then but two more jobs ahead of it, for J. E. Golden and Frank Ohms, both of which have now been completed.

Health Better Now

With a little rest from the arduous task of working nearly night and day in caring for the wheat that has been coming to the Farmers Grain company, which he manages, John C. Browne has recovered rapidly from his brief illness, and is again back at the elevator looking after business. He has retained help to look after the work, however, so the duties will not fall so heavily on his shoulders. The grain has been coming in steadily for some time, in trucks, wagons and trailers pulled by autos, and a good deal of work is required to take care of it, get it loaded into cars and ready for shipment. Frank Reese is putting in part of his time there repairing the cars before they are loaded to prevent even small leaks, as \$1 a bushel wheat is much too valuable to have spilled out along the right-of-way.

BLUE BIRD STITCHERS

The Blue Bird Stitchers held their meeting at the home of Doris June Wiles, July 11th.

Due to the absence of the president and vice president the meeting was called to order by Margaret Fricke. The roll was called by the secretary. Twelve members were present.

Ruth Farmer gave a demonstration on gauge for marking a hem.

We talked about our picnic we are going to have July 18th.

Our hot pads were judged. Jean Hobbs was best. Instructions were given for our next project. The next meeting will be held at the home of Margaret and Miriam Fricke, July 25.

At the close of the meeting seasonal refreshments were served by the hostess. The rest of the time was spent in playing games.

MIRIAM FRICKE, Club Reporter.

TO VISIT AT YELLOWSTONE

Misses Estelle and Carolaine Baird and Miss Amelia Martens are en route to the Yellowstone national park where they are expecting to enjoy a short visit and inspect the many places of interest in this great natural wonderland.

Scoring Spree is Staged in the Buds-Brex Game

Beverage Dealers Have Best of a 19 to 17 Game in Twelve Innings of Hits and Walks.

Friday evening at Athletic park the fans were treated to some unusual ball in the local softball loop, when the Budweisers were winners over the BREX in a twelve inning battle by the score of 19 to 17.

The game started out in a closely contested event and continued so until the fourth inning when the Buds proceeded to start to town and massed eight runs before the BREX were able to get them out, one of these being a home run by Rolf and who also repeated in the fifth inning. Gib Hirz also drove in a circuit run in the fourth.

The BREX in the sixth ran in twelve scores or rather some of these were walked in, six passes being given, five hits and three very costly errors on the part of the Buds and placed the BREX out in front. In the eighth inning William Patrick O'Donnell electrified the fans with a home run on a grounder and while Bill made it around the bases he failed to get a case of Wheaties on the grounder.

In the twelfth inning Newman hit safe and with two down, Rolf was walked and both scored on the double of Gilbert Hirz who advanced on the hit of Timm but they failed to register as Turner was out third to first.

The box score of the game:

Table with columns: Team, AB, R, H, PO, A, E. Rows include Budweisers and BREX with individual player statistics.

UNDERGOING REDECORATION

The room in the Kunsman building occupied by the Petersen recreational parlors is being given a thorough cleaning and redecoration that will make it a very bright and attractive spot. The room is being decorated in tones of light green and makes it very bright and restful to the eyes. The work is being looked after by Charles Fulton and his assistant, Albert Sedlak and is a very attractive piece of work.
