

Nehawka

Mr. and Mrs. Frank Lemon were in Weeping Water last Monday looking after some business matters for a short time.

A. F. Hansen and wife and George Pollard and family were in Plattsburgh last Thursday enjoying the farmers parade at the Korn Carnival. Charles Hemphill who has been feeling rather poorly for the past few weeks is reported as being much improved at this time and able to be about again.

Oscar Brant, son of Mr. and Mrs. Wm. Brant has been feeling rather poorly with an infection in his throat and was in town to consult Dr. Walter last Monday.

Eugene Fitch is having a wind engine installed at his home by Clarence Hanson for the charging of his radio batteries and for the running of two electric lights.

Jame M. Dunbar and wife and son of Auburn were guests for the day last Sunday at the home of Mr. and Mrs. J. M. Palmer where all enjoyed a very fine day and an excellent dinner.

Joe Abrahams, manager of the Weeping Water telephone exchange which is the outlet of the Nehawka exchange, was in Nehawka last Monday looking after some matters for the company.

Mr. and Mrs. W. O. Troop and family were enjoying the Korn Carnival at Plattsburgh for a number of days the past week, and expected to attend Saturday, but the rain put an end to the carnival for the last day.

Laurence Kruger and family, Mrs. Lyle Kruger of Nehawka, Fred Guade and family of Unadilla and Mr. and Mrs. George Bucholds of Nehawka were guests for the day last Sunday at the home of Fred Bucholds of Avoca.

Grover Hoback and family were in Plattsburgh last week attending the Korn Carnival and with each visit they were better pleased with the very fine parades and other attractions which was making the Carnival so popular.

Sees Good Corn.
R. C. Pollard and wife were over to Brownville last Sunday looking after some apples for the winter and found as well as they were driving along some good pieces of corn, and one especially which after making a very careful examination, Mr. Pollard was satisfied would make as high as sixty bushels to the acre. Of

DO YOU KNOW—

That in the early days in the American colonies—especially in New England—profranity was punished by pinching the offender's tongue in a split stick. Drunkards were also made to wear a red letter D suspended about their necks.

This piece there was not more than twenty acres, but it was good corn.

Hear From the West.

Cards from Idaho Falls, Idaho, where the party of potato pickers went last week is to the effect that they are all at work, with Lyle Kruger doing the cooking and are getting six cents per bushel for picking potatoes and are able to pick on the average about 100 bushels a day. The potatoes are yielding from 350 to 700 bushels the acre.

Wins Nice Premiums of Corn.

Clarence Peck, living on a farm of W. A. Ost east of Avoca, had some corn on exhibition at the Korn Carnival, ten ears of which brought him a premium of \$10 and one ear which seemed entirely perfect, won \$2.50. This is not bad for a year like this. In a spot which is shielded by some timber and being low near the creek, Mr. Peck had twenty acres of corn which he is sure will make 30 bushels to the acre. Another farmer near Nehawka says he thinks he will have some 600 bushels of corn on 35 acres of land, but said "do not tell my name, as I do not want some one to come and steal it."

Home From Cleveland.

On last Sunday at about 4 o'clock in the morning W. H. Kruger and wife, Mr. Kruger the district commander, and State Vice Commander Eugene Nutzman and Mrs. Nutzman arrived home from a nine day trip to the American Legion convention which they all enjoyed to the very fullest. They were at the convention for the full four days and started home the day following.

Speaking of the trip Mr. Kruger had to say that they found the country very fine and crops very poor through Iowa and half of Illinois, but after passing Galesburg they found the crops had picked up some and from there on they found the crops very good. During the greater portion of the trip they had good paved roads but in Ohio they found the roads very rough and rutty.

Mr. Kruger who drove the last fifty miles into Cleveland said they were making 65 miles per hour and a string of cars continually kept passing them. Returning they stopped in Chicago over night and waited for a time for the weather to clear up as it was raining and finally started, rain or no rain, and drove continually in the rain until they got to Osceola, Iowa where the storm stopped. They tell of whiskey straight selling at 40c per drink and highballs at 50c. They dropped in one restaurant and were to be served for dinner and when the bill of fare was examined they found the lowest price was \$1.40 for the meal, so they quietly got up and walked out on the waiters.

All in all they had a wonderful time. There was 750 from Nebraska and 500,000 in all at the convention.

Dwight Griswold Visits City Today for Meetings

Gives Short Street Address and Is Guest of Honor at Luncheon of Young Republicans.

From Tuesday's Daily.
Dwight Griswold, republican nominee for governor, was a visitor in the city today where he held two meetings, the first a street address at the corner of Fifth and Main streets and later as a speaker at the luncheon at the Jacobs cafe, arranged by the young republicans. 50 attended.

Mr. Griswold was met here by a group of the prominent republicans including Carl Tefft, of Avoca, county chairman, C. E. Jay, Frank E. Woods, C. E. Tefft of Weeping Water, O. A. Davis of Murray and others.

In his street meeting Mr. Griswold was presented by Searl S. Davis and gave a short address over his public address system.

Mr. Griswold attacked the state handling of the highway department, the old age pension and assistance departments, maintaining that local management was much better than that of state or nation wide control. He also demanded a full report of the findings made of the state institutions by eastern experts and which the speaker claimed had been withheld by the present state administration.

Griswold pointed out that the present governor had a two-thirds democratic majority in both houses and that there was every reason to believe that the work of the session would be carried out efficiently and quickly.

"But what kind of a record did they make?" he asked. "The 1935 legislature dragged on and on through five long months until the people thought they never would adjourn. It was the longest and most expensive legislative session in the history of Nebraska. Later the legislators were called back for a special session which was to last only ten days. That session lasted for a month and was the longest and most expensive special session of the legislature in the history of the state."

"I feel that these facts speak for themselves and that the present governor has shown a complete inability to cooperate with and lead the legislature. Because of the coming first session of the unicameral legislature a virile, common sense leadership in the governor's office is of the utmost importance."

Griswold pointed out that in one instance alone the amazing lack of leadership on the part of the governor cost the taxpayers more than half a million dollars because of the delay of four months in passing a liquor law. Meanwhile liquor was being sold throughout the state, he said, without payment of any tax.

Turning to the tax reduction issue Griswold charged that Cochran and his supporters are misleading the people when they give the impression that reduction in the property tax levy has been caused by a corresponding reduction in state operating costs.

Mr. Griswold spoke Monday night at Louisville, first at a dinner attended by some fifty-six guests at the Hotel Louisville and later to an audience of 200 at the Louisville city hall.

Visitors in Praise of the Flower Show

Sponsored by Plattsburgh Garden Club, Event Proves to Be Great Feature of Festival.

The Flower Show created much interest, and it was visited by people from every town in the county, and from every part of the county. In fact it might be said that there were visitors from coast to coast and from the Gulf of the Great Lakes. There were visitors from thirteen states—from California, New York, Florida, Michigan, Illinois, South Dakota, Wyoming, Kansas, Iowa, Missouri, Colorado, Idaho, and Washington. In all there were some 2,000 visitors from 73 cities and towns widely scattered over the country, and a very pleasing thing about it was that every one had a word of commendation for the wonderful display of flowers and plants most beautifully arranged. One man said he had traveled 200 miles to visit the flower show; and another man said it was the best flower show west of Chicago.

More than 100 flower growers contributed 340 entries of flowers and plants, vases and baskets, to make possible such a splendid exhibit. The committee and the garden club express their sincere thanks to each and every one who contributed their flowers, plants, vases, baskets, garden furniture and equipment, all of which made the flower show a great success. The committee and the garden club express their sincere appreciation to the visitors for their manifest interest and pleasure in the exhibition. The chairman of the flower show committee, Mrs. E. H. Wescott extends her sincere thanks to the committee for their faithful and conscientious work in preparing and so tastefully and beautifully arranging the many displays.

The garden club has proven that as an institution it is worthy of the support of the business interests of the city as well as of every home owner, and invites every citizen to become a member.

The public is invited to attend the next meeting of the Garden Club on October 21, at 7:30 p. m., at the public library. Mrs. A. C. Nelson has served nine years as president of the Lincoln Garden club. She has frequently served as one of the judges at the Omaha flower shows, and elsewhere. She was general chairman of the National Iris Show in Lincoln in 1934. Mrs. Nelson is particularly well qualified to give very valuable instruction of the planting and growing of the spring flowering bulbs.
