"In His Steps" was screened last evening at the Casé theatre. The picture, which will appear in Plattsmouth soon, is a story suggested by Sheldon's book by the same title. The book ranks second only to the Bible in numbers of copies sold in United States.

The story tells of two fathers who became so involved in business that they forgot to understand their children and of a mother whose devotion to her child made her selfish. Lack of companionship led to a reckless marriage which almost brought disgrace and disaster to both families. The situation was saved only by a plea to a higher power. The old minister and his wife and the old gardener are fine in their parts.

American Red Cross to Open Annual Drive

Red Cross Gave Disaster Relief in Thirty-nine States Last Year to Aid Thousands.

From Friday's Daily— The American Red Cross was called on for assistance to 131,000 families as a result of disasters in 39 states during the past year, Elmer Sundstrom, chairman of roll call of the Plattsmouth chapter of the Red Cross, declared yesterday in a resume of the year's work of that organization.

"On 105 occasions the Red Cross was called upon during the year to render aid in stricken communities," Mr. Sundstrom said. "This involved assistance as a result of floods, shipwrecks, earthquakes, fires, tornadoes, hurricanes, typhoons, forest fires, epidemics, explosions, bombings, landslides, and other types of disasters."

Mr. Sundstrom revealed that \$5,232,052.48 was spent by the Red Cross for this disaster relief, although at the close of the fiscal year relief work in the spring flood and tornado zones was not completed. Only nine states in the country escaped some type of catastrophe during the year, he said. Assistance also was given in disasters in insular territories.

"Since the Red Cross first began carrying out disaster relief 55 years ago," Mr. Sundstrom said, "assistance in the form of food, clothing, medical aid, shelter, and rehabilitation of homes and families has been sent to more than 1,900 scenes of disaster, and during this time a total of more than \$109,500,000 have been expended in this work of mercy."

During the year 256,988 ex-service men came to the Red Cross for some form of assistance. Mr. Sundstrom reported. Through the same period 222,093 persons were given instruction in first aid, bringing the total number of first aiders who have been trained by the Red Cross since 1910 to 1,172,494 persons. The life saving service also enrolled 89,961 persons as life savers after their completion of regular courses of instruction and examinations.

"The Red Cross carried out an extensive program for the improvement of health conditions throughout the United States," Mr. Sundstrom said. He reported that Red Cross public health nurses gave care to 233,616 persons and made 1,069,061 visits to or on behalf of the sick. In their school and pre-school work the nurses cooperated with doctors in examining 671,757 children. Of this number, he said, they found 342,861 with physical defects and arranged for curative treatment in 209,080 cases. Through courses in the care of the sick and home sanitation, 53,126 persons, including men and women, girls and boys, were awarded certificates upon completing the course prescribed and taught by Red Cross.

"Maternity and infant care was given by our nurses on islands off our coast, in isolated mountain communities, and in drought stricken areas," Mr. Sundstrom revealed. "Red Cross nurses were also sent into a number of epidemics this year, including serious outbreaks of typhoid, meningitis, bronchial disease following dust storms, pellagra, and scarlet fever."

During the year 133,468 volunteers were on active duty giving a total of 1,707,220 hours during the year. These volunteers produce 685,074 garments; 4,355,719 surgical dressings; 16,773 Christmas bags for soldiers, sailors, and Marines serving overseas; 342,274 pages of Braille printing for blind readers, and 8,136 pints of canned goods for the needy.

"The Junior Red Cross made another great jump ahead this year," Mr. Sundstrom declared. "The enrollment of school boys and girls in their Junior Red Cross increased greatly, reaching the impressive total of 8,351,298 children enrolled in 34,882 schools. Of this number, 1,340,726 are high school students."
