Resettlement Leaders Address Commercial Club

Jean Spangler and R. L. Leonard Explain Work of Office in Cass and Sarpy Counties.

Jean Spangler of the local resettlement office told members of the Commercial club that the biggest problem of the office at the present time is the feed loan. He spoke following the regular club luncheon.

"Our work," he said, "is to establish the farmer who can't continue without feed and seed."

He explained that the office gave aid only after all local loaning organizations had been exhausted. He said that 35 feed loans had been made in the county ranging from \$100 to \$175 each to carry foundation stock through the winter.

Fifteen thousand dollars have been given to farmers and farm laborers in Cass county in the form of emergency grants this winter, said Mr. Spangler. This assistance is given for living expenses. In return the men sign voluntary work agreements to be used upon a local project set up locally. Mr. Spangler hopes to use some of the men for a bindweed survey along roadsides in the county.

R. L. Leonard, debt adjustment supervisor of Lincoln, said the fundamental principle of his department is an adjustment of obligations according to ability to pay. A study is made of the farmers situation and contact made with the creditor. The department seeks to settle obligations by conciliation rather than through courts.

The speaker explained that the two types of situations met are the farm mortgage and the chattel mortgage and store accounts.

He explained that many men had been tied up with failed banks or other things outside their control had put them back and if given help could again make good. The work of the department is to get the men back to their local loan institutions as soon as possible.

Discussion of the unit system in the feed loan followed. H. A. Schneider said that the bankers of the state are sponsoring a bill for the extension of the units to 20 rather than the present 14.

Mr. Spangler also gave the basis upon which the department works in estimating income for farms in the county. An average yield of 30 bushel per acre for corn; 20 bushel per acre for wheat is used and the estimated living expense of a family of five is set at \$275 a year on the farm.

E. H. Westcott was appointed secretary at the meeting today by President Carl Schneider. Correspondence was read from Senator Burke saying that he was working for the replacement of the reforestation camp at Plattsmouth.

FIREMEN HAVE SUPPER

Wednesday evening the members of the Plattsmouth Volunteer fire department had a very pleasant social evening at the Eagles hall.

The members of the department had arranged a waffle and country sausage supper that was a real treat and to which all did ample justice. The sausage was prepared by Fred and Henry Nolting for the occasion and was the country style that they have made famous.

After the fine supper the members of the department spent the evening at cards and in which a great deal of pleasure was derived.

The fire department has had a fine record the past year and the members rejoiced in the fact that the fires that have visited the community have been small and without great loss of property and no lives.

N. Y. A. workers have completed a good deal of repair work in the public schools of this city during the first three months in which they have been employed.

Fifty folding chairs have been made ready for use by the workers. A number of storage cabinets have been built for the various offices. A step ladder and coat rack for the Central building are among the additions built from used lumber. The men have also made bulletin boards.

Playground equipment has been added to the grounds by the workers. Four horizontal bars have been set up at Central building and one at Wintersteen. A pair of parallel bars is under construction.

Men working on the project use the old high school building as a work shop. They are now building protectors for trees on the grounds.

Women on the project are relieving the teachers of noon duty. By being at the school during the lunch period, the girls give the teachers an hour relaxation period. Women also assist in running the mimeograph and hectograph machines and printing material to be used in the classroom.

MURDOCK CHURCH MEETING

The Woman's Missionary society of the Callahan Evangelical church met for its monthly meeting Sunday, Jan. 17. Mrs. Henry Backemeier had charge of the devotionals. Mrs. Gus Stock read a letter from Mrs. Brandauer who is a missionary in China. Mrs. William Rueter presented the missionary lesson in a very interesting manner. The lesson was taken from "Congo Crosses" featuring The Cross within the Heart. Some of the points brought out were that the African woman marries too early, slave and trial marriages are practiced universally which is a very deplorable condition. The president, Mrs. Martin Bornemeier conducted the business meeting. It was decided that on Feb. 7 a public Day of Prayer program will be held. The work for 1936 was very encouraging and is expected to go forward in the coming year with a greater determination to do the Master's work.

So in these words let us go, Forth in thy name, O Lord I go, my daily labor to pursue; Thee, only Thee, resolved to know, in all I think, or speak or do.

HAVE A HOT BATTLE

The Plattsmouth spearhead of attack was Elmer Newton who massed fourteen points for his teammates and with Donald Wall featured the Plattsmouth playing. Wall played a fine game on the defense as did York. The game was in its dying moments with the Nebraska City team leading when Joe York dropped in a field goal to give the Platters a one point lead but which Kastner tied up. Don Wall in a free toss secured the point that was to spell victory. The last few seconds was a wild battle on the floor with both teams going strong.

Platters Win from Oteans by 32 to 12 Score

Locals Play Brilliant Game That Gives Their Foes But Little Chance of Victory.

The Plattsmouth high school basketball team, paced by Ray Wooster as scorer, set a pace so fast Friday night in the local gym, that the Nebraska City quintet was unable to get anywhere in their offensive plays. The Platters were the winners of the game by the score of 32 to 12.

In the opening quarter the Platters started to go places when from near the free toss line Wooster looped the first field goal and from then on there was plenty of fireworks. McCarroll followed Wooster in a neat under basket shot and Wooster came back with another that was matched by McCarroll in their scoring duel. Miller added a free toss for a total of nine points for the Platters. Berthold made the lonely Nebraska City score in a gift shot, leaving the score 9 to 1 at the close.

With the opening of the second period play Wooster again started the bombardment of the hoop, slipping through the purple and gold defense for three field goals in rapid succession, while Falk and McCarroll each secured a gift shot. Berthold, who has been the Nebraska City triple threat this season, scored two field goals to bring the total at half time, Plattsmouth 17, Nebraska City 6.

Both teams started the third period in a fast offensive as Nebraska City sought to cut the long lead of the blue and white and the locals to add to their scoring. Miller opened the period with a nice side shot and was followed by Captain Falk who looped a nice one from the side. Gerber scored one for Nebraska City in a sharp clean cut toss from the side of the court. Wooster then sped down the court and had cut the hoop for two field goals before the visitors were aware of what was happening. Gerber, hard fighting purple guard, secured a basket for his team and Falk closed the scoring for the Platters, leaving the score at 27 to 19 for the blue and white.

The last period saw the local guards, Miller and Falk each score a field goal and Wayne to annex a free toss, while Berthold for Nebraska City took an additional two points. Coach Borgess substituted freely in the last half of the game and the veterans received a great hand as they left the game in which they had showed real class.

The Plattsmouth team played heads up ball all of the way through the game and if they maintain this standard of basketball it will be a real team that will stop them. The game was undoubtedly the most classy that the local kids have demonstrated.

The box score of the game was as follows:

Plattsmouth	FG	FT	PP	TP
Wooster, f	7	6-0	1	14
