#### ON TRACK SQUAD

Tarkio, Mo.—Four former Platts-  
 mouth high school athletes who are  
 attending Tarkio college have reported  
 for track practice. They are:  
 Stuart Porter and Geo. Adam, letter  
 winners on Tarkio's championship  
 team last spring, Kenneth Armstrong,  
 sophomore weight prospect and Don  
 Cotner, promising freshman broad  
 jumper and high jumper.  
 Porter won second in the confer-  
 ence meet last year in the shot put  
 and is expected to make a strong bid  
 for individual championship honors  
 this season. Adam has been a mem-  
 ber of the crack quarter-mile relay  
 team for two years.  
 With a fine array of veterans re-  
 turning, Tarkio is rated to have a  
 good chance to retain the title which  
 it won in 1934, relinquished in 1935  
 and copied again last spring. James  
 McFarland, Blanchard, Iowa, pole  
 vaulter is the captain of the team.

#### AID CRIPPLED CHILDREN

Mrs. Evelyn Franks has been ap-  
 pointed to the Cass County Crippled  
 Children's committee, which will  
 carry out the program of the Nebras-  
 ka Society for Crippled Children.  
 A campaign for the sale of Easter  
 seals will be conducted over the coun-  
 ty, the proceeds being devoted to the  
 aid of the crippled children. The so-  
 ciety is endeavoring to give aid to the  
 children as early as possible to save  
 them from lifelong struggle.

### Moving Picture on Sound Waves at Rotary Club

Program Presented by Lincoln Tele-  
 phone & Telegraph Company at  
 School During Morning.

From Tuesday's Daily—  
 An interesting demonstration of  
 sound waves was given in moving pic-  
 tures today before the high school  
 assembly and following the Rotary  
 club luncheon. Tone qualities were  
 shown in frequency of vibration for  
 different instruments. Pictures were  
 also shown of the development of  
 radio and the network system in the  
 United States.

A short history of the telephone  
 brought the realization of the devel-  
 opment that has taken place in one  
 span of life. Pictures showed the  
 growth of the long distance system  
 until it now circles the world.  
 John Frady had charge of the pro-  
 gram which was furnished by the  
 Lincoln Telephone and Telegraph  
 company through Ray Misner. Sam  
 Jackson was the technician in charge.  
 High school guests at the meeting  
 were Dale Bowman and Harley Min-  
 icklear. The boys will be with the club  
 during March.

#### BODY TO BE BROUGHT HOME

From Wednesday's Daily—  
 The body of Stanley Caster, Exline,  
 Iowa, young man, has been recov-  
 ered from a lake near Fairbanks,  
 Alaska, messages received here state,  
 and the body will be started at once  
 on its long journey back to his home  
 at Exline for the interment.  
 Mr. Caster, who is known here,  
 was drowned when the tractor that  
 he was operating in the removal of  
 snow from the lake, broke through  
 the ice and carried him to his death.

#### SURPRISED ON BIRTHDAY

James L. McKinney, one of the  
 well known residents of the city, was  
 given a very pleasant surprise on  
 Sunday evening at the home of his  
 daughter, Mrs. Adam Marshall. It  
 was the seventy-second anniversary  
 of Mr. McKinney and the members of  
 the family circle joined in a deli-  
 cious remembrance of the event.  
 The centerpiece of the happy dinner  
 party was the large white cake with  
 its glowing candles.

#### OMAHA PARTIES MARRIED

Monday afternoon Judge A. H.  
 Duxbury was called upon to join  
 Panny M. Mantell and Dennis R.  
 Shaanon, both of Omaha, in marriage.  
 The young people were accompanied  
 here by Joe Stewart and Elaine Snell-  
 ing, also of Omaha. The groom is a  
 crane operator for the Union Pacific  
 at Omaha.

### Many Local Ladies Attend Omaha Meeting

Fourteen Enjoy the Short Course in  
 Gardening Held at the Hotel  
 Fontenelle Saturday.

Fourteen women gardeners of  
 Plattsmouth attended the short course  
 in gardening which was held at the  
 Fontenelle hotel in Omaha Saturday.  
 Mrs. E. H. Wescott, director of the  
 district, presided. 175 women from  
 the first district which includes 16  
 counties of southeast Nebraska en-  
 joyed the all-day session.  
 Mrs. Cummings Rawson of Des  
 Moines, Iowa, gave one of the out-  
 standing talks of the day upon flower  
 arrangement. She also judged the  
 flower arrangements which had been  
 prepared by various clubs. Lincoln  
 was awarded first place and two clubs  
 of Omaha received second and third  
 place. Favorable comments were  
 given upon the Plattsmouth display.  
 Mrs. E. E. Hahn of Lincoln gave an  
 interesting talk on the Winter Won-  
 der Garden.

Interesting individual exhibits  
 were also made by gardeners. Mrs.  
 P. T. Heiseman and Mrs. L. W. Egen-  
 berger exhibited pictures and Mrs.  
 E. H. Wescott took a baby tears plant  
 and Miss Sophia Kraeger, a coleus  
 plant. The Plattsmouth Garden club  
 scrap book was also on display. Mrs.  
 Luke Wiles gave the report for the  
 local garden club. She was appointed  
 as a member of the committee on by-  
 laws at the meeting.

Those attending the meeting from  
 Plattsmouth were: Mrs. Luke Wiles,  
 Mrs. George Mann, Mrs. Peter Carr,  
 Mrs. R. B. Hayes, Mrs. L. S. Devoe,  
 Miss Sophia Kraeger, Mrs. P. T.  
 Heiseman, Mrs. L. O. Minor, Mrs.  
 Elmer Sundstrom, Mrs. Freeman Mc-  
 Farland, Mrs. L. W. Egenberger, Mrs.  
 E. H. Wescott, Julius Pitz, and J. E.  
 Wiles.

#### RETURNS TO NAVY

Monday night Harvey Egelting de-  
 parted on the Ak-Sar-Ben for Chicago  
 where he reports this noon at the  
 Great Lakes training station, after  
 a ten days leave here with his rel-  
 atives and friends. Harvey is expect-  
 ing to be one of the next draft sent  
 from the naval station to the west  
 coast where he will be assigned to the  
 Arkansas, one of the battleships of  
 the Pacific fleet. He has spent the  
 time here with his parents, Mr. and  
 Mrs. Arnold Lillie and with his many  
 school friends and associates.

The cruise will take the navy men  
 to Alaska then to the Hawaiian and  
 Philippine islands. While in training  
 Harvey has been advanced to a sec-  
 ond class chief petty officer. He  
 hopes to soon become a first-class sea-  
 man.

During a short visit in Omaha last  
 week, Harvey visited at the home of  
 Lloyd Lane, a yeoman in the U. S. N.,  
 who told him a few of the experiences  
 he will encounter during his enlist-  
 ment. He also talked to the other  
 officers at the recruiting station  
 where he enlisted. Harvey's next fur-  
 laugh will be in nine months.

#### DO YOU KNOW—

THE AMERICAN FLAG AS  
 ADOPTED BY  
 CONGRESS  
 JUNE 14 1777

That the flag as a military  
 ensign, probably had its  
 origin from the field stand-  
 ards of the Romans and  
 other ancient nations who  
 fastened a square piece of  
 cloth to a cross-bar at the  
 end of a spear. It may also  
 be traced to the whip and  
 its lash symbolizing the  
 authority of a leader over  
 men.

### Nehawka

Glen Rutledge was looking after  
 business in Plattsmouth Monday.  
 D. C. West was looking after some  
 business matters at Otoe last Mon-  
 day afternoon.

Walter J. Wunderlich was look-  
 ing after some business matters in  
 Plattsmouth and Omaha last Monday,  
 driving over during the forenoon.

Robert McDonald was a visitor in  
 Nebraska City last Monday, where  
 he went to look after some busi-  
 ness for the amusement parlor that  
 is operated by Marius Nielsen.

Messrs. Thomas and W. O. Troop  
 and Ben Rikes were all over to  
 Weeping Water on last Monday  
 where they were called to look after  
 some business matters. They made  
 the trip in their car.

Mrs. Henry Sturml, who has been  
 poorly for a long time, is still kept  
 to his home and bed on account of  
 her poor health. Every attention is  
 being given to her care and comfort,  
 but she remains quite poorly.

Thomas Mason, the mail carrier,  
 together with his wife and their  
 little nephew were in Omaha last  
 Saturday afternoon and Sunday,  
 where they were enjoying a visit  
 with friends, returning home Sun-  
 day evening.

#### Operating Saw Mill

Forest R. Cunningham has just  
 completed the establishing of his  
 saw mill at the farm home of A. G.  
 Cisney, where he will do some saw-  
 ing for Mr. Cisney and as well re-  
 ceive and do custom sawing for all  
 who desire to have this work done.  
 Mr. Cunningham has had extensive  
 experience in the operation of saw  
 mills.

#### Enjoyed Very Fine Time

Marion N. Tucker, W. H. Kruger  
 and Mr. and Mrs. Eugene Nutzman  
 were at Grand Island Tuesday of  
 last week, where they attended the  
 conference of post officials and the  
 state officers of the American Leg-  
 ion. The meeting was attended by  
 prominent Legion dignitaries from  
 the National offices, including the  
 National Commander. There were  
 schools of instructions for the var-  
 ious post offices and a great deal of  
 benefit was derived by the visiting  
 Legionnaires as well as a good time  
 socially. All are loud in praise of  
 Grand Island as a host-city.

#### Celebrated Passing Anniversary

Last Sunday, February 28, marked  
 the passing of the twenty-fifth  
 wedding anniversary of Mr. and Mrs.  
 Carl M. Balfour, and the occasion  
 was celebrated by a fine family din-  
 ner which was attended by 119 of  
 the relatives, who gathered at the  
 Balfour home. Other parties in hon-  
 or of this event were held on Fri-  
 day, and Saturday afternoon and  
 evening, at which many of their  
 friends were present to wish them  
 continued years of married happi-  
 ness, about forty being present at  
 each of these meetings.

The Balfours have maintained a  
 happy home, which was always open  
 to their friends, and although they  
 have worked hard and have had a  
 fair share of sickness and misfor-  
 tune, they have met the vicissitudes  
 of life with determination. We join  
 their many friends in extending con-  
 gratulations and best wishes to this  
 very worthy couple for the splendid  
 example they have set their fellow-  
 men as they have come thus far on  
 their journey through life. Mrs. Bal-  
 four was formerly Miss Amelia Nutz-  
 man, and they were married in 1912.

#### Enjoyed Pleasant Evening

Mr. and Mrs. Albert Anderson and  
 their son Eugene entertained last  
 Sunday evening at their home a most  
 pleasant gathering of their friends,  
 serving a delicious dinner, followed  
 by the playing of pinochle and five  
 hundred. Those present included  
 Messrs. and Mesdames Nelson Ber-  
 ger, Frank Lemon and Herbie Kuntz,  
 all close friends of the Anderson  
 family.

#### Had an Enjoyable Trip

Olaf Lundberg, who was awarded  
 a free trip to Ponca, Oklahoma, as  
 one of the dealers making a sales  
 record on Conoco products, departed  
 for the southern city a week ago  
 Sunday, being one of 87 other deal-  
 ers over the country to be thus hon-  
 ored by being guests for a week of  
 the Continental Oil company. No ef-  
 fort was spared to show the visiting  
 dealers a good time, not alone in  
 the city of Ponca, where the com-  
 pany maintains headquarters but  
 in the oil fields of the state as well.  
 They were shown the various pro-  
 cesses of refining, from which come  
 many by products, even to medicine,  
 paraffine base for chewing gum and  
 many other things for the house-  
 hold. Another of the by products is

asphalt, some of which is sold for  
 commercial use, but the greater part  
 used for fuel in the refineries. Out  
 of the refining processes also come  
 lubricating oils and greases and a  
 great many other things far too nu-  
 merous to mention. Mr. Lundberg  
 says the trip proved a real revelation  
 and was most educational. He was  
 particularly impressed with the tests  
 the refined gasoline is put to in  
 order that it be pure and of highest  
 quality. When it fails to measure up  
 to these exacting requirements, it is  
 run back through the refinery—a  
 great deal different from the gaso-  
 line sold during the early days of

motoring, when after a few hundred  
 miles, it was necessary to clean the  
 carbon deposit from the inside of  
 the motor. Now cars go thousands  
 of miles with very little carbon de-  
 posit, thanks to the improved re-  
 fining methods. The oil and gas  
 business has come to be one of the  
 nation's major industries.

#### TWO DIE IN EXPLOSION

Thetfort Mines, Que.—Two men  
 were killed in a dynamite explosion  
 in the Asbestos corporation's king  
 mine while repairing a faulty switch  
 that had failed to set off a dyna-

### Custom Sawing WANTED

I have my saw mill at the  
 home of A. G. Cisney, where I  
 am prepared to do custom saw-  
 ing of logs into lumber of the  
 dimension desired. Call at the  
 mill—or see me.
