

Seniors Busy Preparing for Class Play

"Growing Pains" Is Title of Annual Offering of the High School—Very Capable Cast.

The seniors have been working very hard on their play "Growing Pains" which will be given soon. This year the play will be given in the high school auditorium. The committee in charge of the scenery is building a new set to suit the needs of the play.

The play has been written by Aurania Rouveral, who has written many outstanding plays. Her main topic in play writing is depicted family life—in "Growing Pains" she has taken children for her subject and once more she gives us an illuminating and authentic drama of life.

It is certain that anyone witnessing this comedy will emerge with a great degree of understanding tolerance and fuller measure of love and devotion for their children around them.

Laughs piled upon laughs as the play progresses and little shafts of genuine pathos are interspersed, making the play complete.

It tells the story of the McIntyres, Alice Hirz as Mrs. McIntyre and John Gayer as Prof. McIntyre, who see their boy and girl, Betty Kalina and Earle Taylor, tossed into the catacombs of adolescence. The mother and father give the children advice but the children reject it.
