By Far - NEBRASKA'S FAVORITE BEER - Today
JUST AS IT WAS BEFORE PROHIBITION

STORZ BEER—First
STORZ sells 36% more than the 2nd beer
STORZ sells 82% more than the 3rd beer

Those are facts, confirmed by 1936 official tax records. STORZ is the most popular beer sold in Nebraska.

Gottlieb Storz founded the Storz Brewery and has been making beer in Omaha since 1876. Storz was the leader before prohibition. During prohibition, while other Nebraska breweries were falling into decay, Storz was making Storz Products under the Storz Brand — keeping its

experienced staff together — keeping its equipment modernized.

Today new breweries have sprung up. Some have even bought the use of old Trade Brand labels to give an impression of age and experience.

But the public judges beer by its quality and quality requires skill, born of years of experience. Gottlieb Storz brews beer like the best European beers — choicest grain, malt and hops — plus Storz own natural Slow-ageing process. That accounts for the superior Storz flavor — and the reason why Nebraska drinks more Storz beer than any other.
