

### Merchants Win from N-C Boosters Here Sunday

Harley Streets Proves a Stumbling Block to Visitors, Allowing But Three Hits.

The Plattsmouth Merchants of the Southeast Nebraska Baseball League Sunday afternoon on the local lot took the Nebraska City Boosters by the score of 10 to 3.

The game was one in which Harley Streets, hurler for the Merchants gave a real exhibition of pitching and held the visiting team to three lonely bingles during the nine innings of play and also nicked the Boosters for three hits, two of these being for doubles. He had ten strikeouts to his credit.

The locals started the fireworks in the opening inning with three hits and two errors to give them a four to nothing mortgage on the game and they were at no time in danger from the visitors.

After the opening inning there was no scoring until in the fourth when Argenbright doubled and scored on the two sack smash of Streets, who however died on the sacks.

In the fifth Kell doubled and scored on the bingle of Crovonec, and the latter came home when Streets again doubled. The Boosters were able to register their first score of the game in the fifth when Peggemeyer was given a pass to first base, was able to pilfer second and tallied on the double of McIntire.

In the seventh inning both teams again scored when Chovonec hit safely and was in a scoring position when Streets again hit safely. For the Boosters McIntire hit for two sacks and was able to score on an error at shortstop, this ending the scoring for the visitors as they were held scoreless by Streets after that inning.

The Merchants scored in the eighth when an error placed Ault on first and he was able to race home with the tenth run of the game when Kell poked an offering of McCord for a single.

For the visitors McIntire showed the best as he secured two of his team's three hits, both for doubles and counted for a score.

Chovonec and Kell for the locals secured three hits apiece and Bill Smith two for the Merchants.

One of the outstanding features of the Merchants' game was the catching of Tom Kriskey, who played in big league style and was in the fight from start to finish.

#### TALKS OF HAWAII

Mrs. Edward G. Ofe, who has just returned from a visit of several weeks in the Hawaiian islands, was the guest speaker at the luncheon of the Plattsmouth Rotary club on Tuesday.

Mrs. Ofe had a very interesting story of her trip from Seattle to the islands and back to southern California. She gave a most interesting picture of the physical formation of the islands and particularly of Oahu, where the city of Honolulu is located and where climatic conditions make ideal living. She also touched on the people of the islands and gave many interesting facts as to the various nationalities that make up the population of Honolulu where there are a great many Japanese, these being the largest single group with many other smaller groups. The customs of the country, many of these taken from the ancient native races makes it very interesting for the visitor from the mainland.

The club joined in the singing of "Aloha" as the opening of the program of the day.

The high school boys, Robert Vallery, senior, and Robert Woest, junior, gave their farewell talks as they have served as honorary members of the club for May. The young men gave their impressions of Rotary and the fine spirit that they had found in the club and which they had enjoyed to the utmost.
