THIS MONTH'S SUGGESTED DESSERT

By Betty Barclay

No need to wait for fruits and berries to mature locally, in order to enjoy a light dessert. Apricots or shredded coconut in an eggless rennet-custard, made without baking or boiling—well, there's a dessert worthy of the place of honor on any man's table.

Lemon Rennet-Custard With Coconut

1 package lemon rennet powder
1 pint milk
Shredded coconut.
Make rennet-custard according to directions on package. Chill in refrigerator. At serving time, sprinkle a little coconut over the top of each dish of dessert and garnish with cubes of mint jelly if desired.

Maple Rennet-Custard With Sliced Apricots

1 package maple rennet powder
1 pint milk
Slices of apricot
Make rennet-custard according to directions on package. Chill. Before serving, garnish each dessert with slices of apricot arranged in wheel formation.

Stuffed Breast of Lamb

Breast of lamb
1 cup uncooked brown rice
1 onion, finely grated
1 chopped green pepper
Paprika
Salt and pepper

Have a pocket cut in the breast of lamb from the end. Cook brown rice in boiling salted water and season with chopped green pepper, onion, and paprika. Season the breast of lamb with salt and pepper and fill the cavity with rice stuffing. Sew or fasten the edges together with skewers. Place on a rack in an open

roasting pan. Do not cover and do not add water. Put in a moderate oven (300°-350° F.) and roast until done, about two hours. Serve with tomato sauce.

VISIT IN MISSOURI

C. A. Rosencrans departed Saturday night for a short outing in northern Missouri. He spent the holiday at Hunnewell, Missouri, where he was the guest of friends. The journey was very pleasant and took in many of the larger cities of the northern part of Missouri.

APPENDECTOMY

Miss Florence Kalasek was rushed to the hospital Tuesday after an acute attack of appendicitis. An operation was made at the St. Catherine's hospital at one o'clock in the

afternoon. She was reported to be getting along nicely last evening.

You'd think my living depends on your getting mileage

IT DOES

I'm no big company myself, just because I sell a good big company's oil, etc. This business is mine, and their oil has to show my customers a heap longer mileage and cool smooth operation, or I wouldn't make near as safe a living. I'd rather have my good trade on Conoco Germ Processed oil, than just getting people to change here once, and always be worried about new ones showing up. A lot of my trade comes from clear out around, because nothing but my Germ Processed oil will Oil-Plate their engines. You see, the patent Germ Process gets this oil to form a strong slippery Plating on every working surface. Mind you, Oil-Plating can't drain down while your car is parked. So it can't let your engine start up "dry," which engineers say is the greatest danger. And the way it's Plated on, Conoco Germ Processed oil isn't using up in a hurry. Then that's getting more mileage out of both your oil and engine—coming here to me for Oil-Plating.
