**Celebrated Passing of Birthday**  
Louis Carsten, Sr., was passing his 74th birthday anniversary last Monday, July 19th, and was given a reception by members of the family. A very pleasant time was had by all.

**Vacationing in Indiana**  
Dr. and Mrs. J. W. Brendel and Miss Mattie Voyles and brother, Emery, departed early last Tuesday morning for Zionville, Indiana, the old home of the parties, where they will spend some two weeks visiting with relatives and also while there will visit at Indianapolis and Lebanon, having friends at both of these places. They made the trip via auto, leaving early in the morning and expecting to arrive at their destination by night.

**Will Visit in California**  
Mr. and Mrs. J. M. Kokjer took Mrs. Faye Allis of Omaha, who has been a guest at the Kokjer home for some time preceding the marriage of her daughter to Jordan Kokjer last week, to Lincoln to catch a train for the west coast where she will spend some months. The Allis family have disposed of their home in Omaha and are now looking for another to purchase, which they expect to have ready for occupancy by the time Mrs. Allis returns home from her visit on the west coast.

**Mrs. Marquardt Doing Nicely**  
Mrs. Harry H. Marquardt, who underwent an operation last week at

the hospital in Omaha, is getting along very nicely now. Mr. Marquardt and son John went over to see the patient last Sunday and found her progressing nicely. Her many friends are hoping for a speedy and permanent recovery of her health and that she may soon be able to return home.

**Accidentally Killed in North**  
Frank McDonald, of Crookston, who was formerly a citizen of Wabash, while out fishing recently accidentally shot himself with a rifle which he had taken along to use in hunting. He will be remembered by many of the people of this community and has a brother residing near Nehawka. Mr. McDonald was a butcher and conducted a market in the northern city.

**Participated in Swimming**  
Under the efforts of Myrtle Wood, who is a member of the Red Cross, acted as chaperone of a group of young folks from this vicinity who were able to take the Red Cross swimming instruction last week, being transported to and from the lake by Minton V. Wood. Others who assisted and had a part in the chaperoning of the group included Mrs. Gonzales and Alma Clements. The group of youngsters who were able to go included Clifford and Kenneth Browne, Jack Hadley, Paul Murfin, Elwyn West, Beverly Schmidt and Edward Cappen, of Omaha, who has been visiting here for some time at the home of Mr. and Mrs. Clifford Browne.

It was a fine thing to do and the kiddies enjoyed it very much.

**TO LET ROAD WORK**  
LINCOLN, July 22 (UP)—A. C. Tilley, state highway department head, announced bids estimated at \$440,000 for road work would be let in August.

One paving project, four-tenths of a mile on Nebraska No. 16 and U. S. No. 81 near Osceola, and ten bituminous mat projects are provided in the lettings. Gravel and gravel maintenance make up the rest of the August letting.

\$172,000 will come from federal aid, \$200,000 from state construction funds, \$3,000 from the WPA allotments and \$60,000 from the state maintenance fund.

Included in the proposed lettings is U. S. No. 75, Dawson to Kansas state line, grading, culverts and roadside improvement.

**WINDSOR IN WRECK**  
SALZBURG, Austria, July 24 (UP)—A mud guard of the Duke of Windsor's auto was damaged yesterday in a collision with a street car while a cheering crowd watched on. The duke did not leave the car and drove on to Franchel, twenty miles away.

## Wabash News

On the farm of Miss Myrtle Wood the wheat yielded 32 bushels to the acre, with the grain testing around 59 1/2 lbs. to the struck bushel. Not bad, at all, we'd say!

Mrs. Emily Gonzales, of Elmwood, Miss Alma Clements, of Elmwood and Miss Myrtle Wood of Wabash were supper guests last Wednesday evening at the cabin over near South Bend on the Platte river, which is owned by Guy Clements.

Thomas Ruby was a visitor in Wabash on Wednesday of last week, being accompanied by the Journal field man. Mr. Ruby carries the mail on route one out of Plattsmouth and came to Wabash to consult with Miss Myrtle Wood regarding some of the matters that were considered recently by the state convention of rural mail carriers, and especially one regarding allowance of a pension to the widows of rural mail carriers, which is being considered by the members of the organization.

Mr. and Mrs. W. L. Seybolt were also guests.

Marion Pittman and family, together with the family of Robert H. Chapman, and Mrs. Thomas Pittman, of Nehawka, were in Plattsmouth on Tuesday afternoon, where they attended the funeral of C. L. Pittman.

## Nice Reduction in Mill Levy for City Expenses

Cut of \$2.40 per \$1,000 Valuation is Provided in Ordinance to be Passed Monday Nite

City of Plattsmouth taxes for the fiscal year 1937-38 will be \$2.40 less per \$1,000 assessed valuation than last year, and \$4.00 less on the \$1,000 valuation than paid during the peak year of 1932-33. That year the combined city levy was 25 mills. Each year since then there has been a little reduction, as follows:

|         |             |
|---------|-------------|
| 1933-34 | 24.40 mills |
| 1934-35 | 23.80 mills |
| 1935-36 | 23.60 mills |
| 1936-37 | 23.40 mills |
| 1937-38 | 21.00 mills |

This year's reduction is by far the largest made in any single year and is made in spite of the fact that a new fund has been created this year, that of Unemployed Relief, carrying a one mill levy.

The reduction in total mill levy is made as a result of economies that have been effected by the council in the last few years, together with an increasing percentage of tax collections and some reduction in bond interest as bonds have been paid off. The levy is based on surplus balances in the various funds at the beginning of the fiscal year and contemplated revenue from all sources other than direct taxation. Such sums are deducted from the total appropriation made for each fund, and the mill levy figured on remaining balance. A complete table showing how the levy is arrived at is published for the information of Journal readers and taxpayers of the city.

Ample provision is believed to have been made in each fund for all ordinary expenditure needs that may arise during the year. No department can lawfully expend a cent in excess of the sum appropriated, as follows:

| FUND             | Amount     | Raise by   |
|------------------|------------|------------|
|                  | Approp.    | Taxation   |
| General          | \$6,000.00 | \$4,120.00 |
| Police           | 3,500.00   | 3,000.00   |
| Road             | 3,800.00   | 2,800.00   |
| Library          | 2,850.00   | 2,800.00   |
| Fire Hydrant     | 6,000.00   | 6,340.00   |
| Ref. Bonds, Int. | 19,000.00  | 13,700.00  |
| PD's 11-33       | 1,940.00   | 600.00     |
| PD 25            | 1,320.00   | 600.00     |
| Cemetery         | 2,500.00   | 800.00     |
| St. Sewer        | 600.00     | 600.00     |
| Fire Dept.       | 850.00     | 500.00     |
| Fire Equipmt.    | 200.00     | 200.00     |
| Parks            | 400.00     | 300.00     |
| Lights           | 3,400.00   | 3,400.00   |
| Unemp. Relief    | 2,000.00   | 2,000.00   |
| Gasoline Tax     | 2,400.00   | ---        |
| Business Tax     | 1,500.00   | ---        |
| Dog Tax          | 30.00      | ---        |
| TOTALS           | 57,200.00  | 41,700.00  |

Should emergency arise, requiring greater expenditure than permitted by the appropriation ordinance, it can be met in two ways, to-wit: Sanction of such additional expenditure by a vote of the people, or, in case of a bona fide emergency, borrowing of money to pay cost involved, and additional levy in the next fiscal year to repay the loan. Both of these methods—and only these—are sanctioned by statutes, so, barring a catastrophe, it is quite probable the appropriated sums listed above will be "tips" in the amount of money that may be expended during the current year by the various departments of city government.

The Finance committee has prepared a card index system of all the city funds, on which to base the accompanying table of expenditures, balances, surpluses, receipts from other than tax sources, amounts to be raised by taxation and the mill levy to produce same, based on the 1937-38 assessed valuation. Ordinary balances in the different funds to be maintained for safety from year to year are based on approximately 15 per cent of the total year's expenditures, except in the general fund, where the float balance is maintained at 25 per cent and in the Refunding Bond and Interest fund, where the irregularity of time of payment of bond principal and interest requires maintaining a float fund of approximately 40 per cent of the year's contemplated expenditures. From these "balances" current expenditures can be paid until tax collections for the year levied or other anticipated revenue comes in, in the table of levy, balances over

the amount considered advisable to carry are credited to the year's appropriation as surplus, while in two funds, the Road and Fire Hydrant Rental, where the balances are below par, deficiency amounts are charged against contemplated revenue—and from this the final sum to be raised through taxation determined, as shown by the accompanying table.

Taxpayers are invited to study the table, as it affords a complete picture of the city's financial condition. As will be noted, three other new funds have been set for levy this year—Paving Districts 11-33, Paving District 25 and Storm Sewer No. 1. In the first two funds are outstanding, while the last has been carried as an overdraft item on the city treasurer's books. Bond payments and interest coming due each year exceed the amount of improvement tax collected during the year, and heretofore this deficiency has been paid out of the General fund. Now, the arrangement as made simply puts these two funds on their own feet, and a direct deficiency levy is made, as provided in the statutes, to meet the shortage. The same is true in Storm Sewer No. 1, only there are no outstanding obligations, the deficiency being represented in an overdraft of \$4,264.62 shown against this fund for a good number of years back.

The only way the overdraft can be wiped out is through a small levy each year to take care of it. The appropriation for that purpose this year is \$600, involving a 0.3 mill levy.

The ordinance setting the coming year mill levy will be presented to the council for passage at its regular meeting Monday night.

## ASKS INVESTIGATION OF NAZI TRAINING CAMPS

WASHINGTON, July 22 (UP)—Representative E. W. Citron, D., Conn., today asked the state and justice departments to investigate reports that Nazi training camps have been established throughout the country. Cordell Hull and officials of the federal investigation department were contacted after Citron had received word of the establishment of a camp called the Nordland at Andover, New Jersey.

Previously Hull had advised Citron that the matter of citizens training camps is a matter for the department of justice to investigate.

In a letter, Citron said he had been informed of 17 camps of a military nature, in control by allies, and controlled indirectly by the German government.
