

MANLEY NEWS

Mrs. Louis Krecklow, who has been in poor health for some time, is reported slightly improved.

John A. Stander and wife were enjoying a trip to Omaha one day last week, where they were visiting with friends.

Ernest Pankonin was in Omaha last week and while there bought a Chevrolet truck, which he will use for general farm hauling.

Father Hennessey, pastor of St. Patrick's Catholic church, is enjoying a vacation in Colorado. He was there most of last week and will remain the balance of this week.

Mr. and Mrs. Walter Mockenhaupt and the children were in Plattsmouth Saturday of last week, where they were looking after some business matters and shopping as well.

Messrs Clayton and Richard Dower, sons of Mr. and Mrs. Oscar Dower, of Manley, were visiting for a number of days last week at the home of relatives at Hooper, Nebraska.

Miss Anna Rauth, daughter of Mr. and Mrs. John C. Rauth, who is employed in Omaha, was a guest at the home of her parents over the week end, returning to her work in the city on Sunday.

During the time Father Hennessey is taking his vacation in the west, his housekeeper, Miss Dorvo, is visiting friends in Rulo. She will return to resume her duties when Father Hennessey returns home.

Peter A. Mockenhaupt, of near Greenwood, was a visitor in Manley at the home of his parents one day during the past week. He said the grasshoppers have done considerable damage in that part of the county.

Richard Deles Dernier of near Elmwood made the purchase of a trailer from Aug Krecklow and in one afternoon with his Model A Ford car delivered to market 717 bushels of wheat which he considers as doing very well.

William Newman, Jr., who lives near Ashland, was over and purchased a trailer from Aug Krecklow, which he had equipped with new tires all around and now feels that he is ready to haul anything and everything in the farm products line.

Arthur Edwards, Jr., of Tilden, is visiting for the week at the home of Mr. and Mrs. H. J. Rauth, he being a cousin of Mr. Rauth. He is staying here while his mother, Mrs. Arthur Edwards, Sr., is visiting with friends and relatives at Cedar Falls, Iowa, where she will remain for another week.

Visited Here from Chicago Mr. and Mrs. A. B. Hill of Chicago arrived in Manley last Sunday evening and visited a number of days with Mr. and Mrs. Harry Haws and the many friends they have in Manley. They had expected to go to Clay Center, Kansas, to visit with the Virtus Haws family while here, but thought they would have to return to Chicago sooner than expected and so are putting off their visit to Clay Center until the next time they are out. They did go to Omaha, however, to spend an evening at the home of a niece.

Home from the West John Crane and Bobbie McDonald and wife who have been in Colorado, spending a week or more in the mountains, where they found the air cool and refreshing, arrived home last week. En route, they were struck by a truck in Lincoln and somewhat shaken up, while their car was damaged considerably. They were well pleased that no one was seriously injured.

Tempting the Hoppers Herman Rauth and father, John C. Rauth were busy combining the balance of their wheat and rye last week, finishing up on Wednesday. Herman is putting in a strip of oats which he hopes will prove tempting to the grasshoppers and keep them from going into the corn field as the new oats coming up will be tender and nice for the hoppers and may result in their leaving the corn alone for the present, at least.

Won Hundred Dollars John F. Rauth, of York, who is one of the Juniors enrolled in the Fisher body building contest, was first winner in the Junior class and was awarded the sum of \$100 for his winnings. This was very pleasing, as he was working against numerous odds, but proved clever enough to win. This was the second prize, as the winner in the Senior class was awarded a trip to Detroit with all expenses paid. John is feeling highly elated over his winnings, and rightfully so, for it means a lot to be selected at the top of the list among the Junior, and second in the entire nation among the adult group. He is a grandson of J. C. Rauth and a nephew of Herman Rauth.

Does Grasshopper Poison Kill Birds?

Condensed from an Article in Western Farm Life Issue of April 15, 1937

"Not infrequently reports of birds being poisoned from grasshopper bait receive considerable publicity.

"F. E. Whitehead, of the Oklahoma agricultural college, conducted experiments to establish facts concerning the effect upon birds of arsenic as used in poisoning grasshoppers.

"Domestic fowls and quail were confined in pens and left without food for 24 hours. Poisoned bran was then scattered in the pens at the rate of 100 pounds an acre and the fowls were left another 24 hours without other food. No indications of poisoning appeared. From this it was concluded that birds will not be injured by picking up well scattered poisoned bran.

"In this connection it is important to note that to poison grasshoppers the bait is scattered at the rate of only 20 pounds to an acre. Dr. C. R. Jones of Colorado experiment station found that no ill effects resulted from poisoning hog and chicken pastures at this rate.

"Again referring to the Oklahoma experiment: "The arsenic obtained thru eating the poisoned grasshoppers does not have a cumulative effect, even though the fowls were fed for a period of 66 days.

"Nestling robins, and presumably other species of a similar size, can consume as many as 134 poisoned grasshoppers and still mature normally.

"Last summer L. J. Bennett of the United States Biological survey, co-operating with the Iowa State Conservation commission, kept more than 600 Iowa farms under observation. There were 400 farms moderately to heavily baited with grasshopper poison. Numerous reports of wild and game birds and animals being poisoned were traced down and only two of the reports had a basis of truth.

"On one farm two young English sparrows may have been poisoned by a quantity of bait in a farm yard. On another farm a few white-footed mice were reported as poisoned where a large amount of bait was scattered around a hay stack. On not a single farm where poison bran had been used according to directions did Bennett find a domestic or wild animal poisoned.

"On the other hand, nearly all birds, except the mourning dove and the wood-pewee included grasshoppers in their diet. Grasshoppers made up from 50 to 90 per cent of the food of the crow, bluejay and some other birds.

"In much of southern and western Iowa, food and cover for game birds and mammals, were destroyed by grasshoppers and the drouth. In 18 counties, quail and pheasants had difficulty in finding food and cover this winter.

"In no cases have domestic stock been found poisoned by properly scattered grasshopper bait. However, carelessness with bait will frequently cause livestock losses. Sacks that have been used for poison bait should be burned, since they carry a large amount of poison. It is not necessary to use more than 20 pounds of wet bait to the acre. Bait should never be scattered in lumps."

Chappell as assistant hostess. Virginia Pollard, president, conducted the business meeting. "Helpful Hints for Making Jelly" were given at roll call. In our "4-H news" Ruth Ann Sheldon stated that a new 4-H building will soon be erected at Crete, Nebraska.

1500 pints have been canned by the girls who were present. Every girl plans to have all work completed by August 4 when our achievement will be held.

Ruth Ann Sheldon, Imogene Pollard, Irene Tyson, Dorothy Tyson placed 1st, 2nd, 3rd and 4th on peas judged at the meeting.

COMMISSION GRANTS LOWER SAND AND GRAVEL RATE

LINCOLN, July 24 (UP)—The state railway commission today granted authority to the Missouri Pacific railroad to establish a rate of 50c per ton on sand and gravel from Louisville to Julian. The former rate was 60c a ton.

DENIES REPORT

ROME, July 21 (UP)—A spokesman of the culture ministry, formerly the propaganda ministry, denied emphatically today reports published in Paris that Premier Benito Mussolini had offered to send 10 divisions of troops to aid the Spanish Nationalists if Germany sent five.

"It is utter nonsense of the harmful type," said the spokesman. "Such lies evidently are published with the intention of affecting the work of the non-intervention committee at London. The regretful thing about such lies is that many foreigners believe them."

Plattsmouth offers a splendid market for farm produce. Local dealers always pay top prices.
