The Nehawka elevator has so far shipped some thirty-eight cars of wheat to the market, each averaging 1500 to 1800 bushels. The first grain received brought over a dollar but later offerings and lower grade grain is not bringing so good a price. **Pleased with Business.**

The annual meeting of the members of the Sturm family which has been the practice for a number of years, was held August 8th at Pioneer park in Lincoln, where some sixty-five assembled to visit and enjoy the cool shade and especially the good cats. The fact that some could not be present on account of illness distracted somewhat from the enjoyment of the occasion. The officers were all re-elected, they being, A. F. "Closest Conveniences" were discussed. Each girl added to the lesson by showing a closest convenience at use in her home.

Ruth Ann Sheldon, who had charge of the program, asked Mrs. Young to tell the girls something of the type of clothing worn when she was a girl. This was made more interesting when Mr. L. C. Todd, Long Beach, California, added much interesting information. The girls extend a vote of thanks to these two guests.

**CLOSE COURT FIGHT**  
WASHINGTON, Aug. 11 (UP)—Without drama or fanfare, the house of representatives wrote the final chapter to the six months long judicial bill controversy by sending to President Roosevelt the lower court reform bill.

The house without debate or ceremony approved the conference committee report on the measure and approved the amendments of the senate. This ended the controversy that split democratic ranks and proved a major defeat to the president of his right to appoint six new supreme court justices as far as this session is concerned.

**Former Platts-mouth Boy is Electrocuted**  
James Arthur Boyer, 14, Dies While Playing With Companions in Cellar of Vacant House.

James Arthur Boyer, 14, a former Plattsmouth boy, was electrocuted Tuesday afternoon as he was playing with friends in a cellar of a vacant house near his home, 2025 1/2 Castelar street, Omaha.

James with several companions had gone to the vacant house where they were constructing a club house in the cellar, and in this work were enlarging the room by digging out a portion of the dirt wall. To furnish better lighting effect the boys had lowered a cord down through a hole in the basement ceiling.

The wire was old and frayed. James was standing in the damp dirt attempting to untangle the wire when he suddenly collapsed from the shock of the current.

The other members of the group of boys which included Robert Boyer, 11, a brother, called the mother, Mrs. Maude Boyer and water was thrown over the boy in the hope of reviving him but unsuccessfully. The rescue squad of the Omaha fire department was called and worked over the body but without success for over an hour.

The death of the boy is another in a series of misfortunes since the family left this city two years ago to reside in Omaha. The father, Isaac Boyer, died of pneumonia only a short time after the family had gone to Omaha to live. A year ago a brother, Joseph, then fourteen years of age died from injuries received from a fifteen foot fall from a cement mixer at 20th street and Poppleton avenue.

To add to the tragedy that death has brought to the home of Mrs. Boyer, who had been receiving a \$30 per month dependent children's pension, had it cut to \$12 and which has left the family in very hard straits.

There is surviving the mother, Mrs. Maude Boyer, three brothers, Melvin, 19, former WPA employe, Edrun, 17, now in the CCC, and Robert, 11.
