# Rotarians Hear Report of Conference

Fred Haas of Omaha Tells of International Gathering at Nice, France—Mrs. Haas on Trip.

One of the most interesting meetings of the Rotary year was held Tuesday evening at the dining room of the Hotel Plattsmouth, the occasion being a Rotary Ann gathering as well as the regular meeting of the club.

The dining room had been especially arranged for the event by Mrs. E. P. Stewart and Stewart cafe that served the dinner of fried chicken and all of the accompanying good things, in a most exquisite manner.

The tables were handsome with the bright hued flowers of the late summer season and which added charm and attractiveness to the scene.

Arthur Troop, vice-president, presided owing to the illness of the proxy, E. H. Schulhof, while Frank A. Cloidt served as the leader of the meeting.

Guests of honor were Mr. and Mrs. Fred Haas of Omaha, who have just returned from Europe where they attended the conference of International Rotary at Nice, France, as well as a tour of the greater part of Europe and the north coast of Africa on their trip.

Mr. Haas discussed the conference itself at length and told of the many interesting facts that had been developed at the meeting that represented some fifty countries of the world.

Rotary has as one of its aims and objects that of developing better understandings among nations and which was in evidence at the meeting of people of many nations, mingling friendly in the common cause. One of the striking events of the conference was the fact that in nominating the candidate for international president, a representative of France, M. Duprey, was named by Herr Adam Fischer of Germany, and the French representative selected for the high honor. This had occasioned some dissatisfaction with the government of Germany and led to the order recently given that Rotary in Germany would be abolished. Other of the highlights of the meeting were discussed by the very capable speaker.

Mrs. Blanch Haas in her remarks took up the trip across the seas and the points of interest that they had seen on their summer sojourn in the old world. She detailed the life on the ship both in going and coming, showing the menus that were used on the boats and the interesting events that made the trip long remembered. They had found a hearty welcome on arriving at Nice after touching at Casa Blanco and visiting Gibraltar, the guardian of the Mediterranean sea and which has long been a British possession.

Mr. and Mrs. Haas had visited at Algiers on the trip and in this quaint North African city had the opportunity of seeing the life of the natives of that part of the world. Stops were also made at Naples, the beautiful Italian seaport and thence to Switzerland with its lovely valleys and grandeur of the towering Alps to northern France and Paris where they enjoyed a fine stay and also at London.

Mrs. Haas had many interesting remembrances of the trip with her and which was most thoroughly enjoyed and by the ladies of the party especially.

During the program George Jaeger gave two very beautiful violin numbers, with E. H. Wescott as the accompanist.

Mrs. R. A. Bates was a guest of the club.

# Facts About New Drivers' License Law

United Press Gives Important Information as to the Law and Its Operation.

LINCOLN, Sept. 1 (UP)—Facts about the new drivers' license and safety patrol law:

Q—When does the drivers' license law take effect?  
A—Today.  
Q—How may I obtain a license?  
A—Go to your county treasurer's office where you will be directed to the local examiner. You will be given an application blank to fill out describing your physical qualifications and details concerning driving experience.

Q—What is the next step?  
A—If you present a driver's license obtained prior to today, your task is comparatively simple. You will be given an eye test. Successful applicants are then certified to the county treasurer where payment of 75 cents entitles you to a permit good for two years. Those who fail to pass the visual test will be required to present a doctor's or optometrist's certificate stating that their vision is sufficient for operation of a vehicle on the highway with reasonable safety.

Q—Suppose that I am a new driver or lost my old drivers' license?  
A—You will fill out the standard application blank, take an examination on state motor vehicle laws (about 20 questions) and demonstrate your driving ability in an actual road test with the examiner. If successful, you will be certified to the county treasurer to whom you will pay one dollar for a license.

Q—When must I get my license?  
A—You have three months—September, October and November.  
Q—What use is made of the license fees?  
A—The money will be available for use of the Nebraska state highway patrol established by the act. The patrol, to consist of about 40 men, will appear for the first time on Nebraska's highways before January 1.

Q—Does the new law say anything about brake and light inspection?  
A—Yes, it requires brakes and lights to be tested annually beginning during a three-month period next spring in March, April and May. The fee will be 25 cents.
