MANY NICE IMPROVEMENTS

The betterment of conditions and the urge to add to the appearance of the city has led several of the residents of the community to make improvements on their homes and for the first time in a number of years there has been a definite trend toward building new homes.

In the improvements made is that of Arnold Johnson to his home on Wintersteen hill which has been given a new roof of the steel shingles and generally placed in first class shape.

The residence of Misses Emma and Elizabeth Hriz on west Pearl street has been re-roofed and the woodwork of the structure painted, making it one of the striking homes in that section.
