Car with One Light.

A car driven last Saturday night which had one light, caused a collision which wrecked two cars but did no special damage to the occupants of the cars. Say why not keep both lights burning and as well have your brakes working good and a good horn to sound. Don't you think you could make driving at night a little safer?

Visited at Norfolk Sunday.

Engine oil too, squirms through

TEENY WEENY HOLES

Quicker Oiling - Quicker Starting with WINTER OIL-PLATING

You know that your engine must be oiled instantly throughout, or be tortured at every cold start.

You can imagine trying to rush cold oil everywhere at once, through scores of tiny oil-holes and passages.

How long before lubricant gets to where it is badly needed?

Less than no time at all!... with Conoco Germ Processed oil—patented.

This is the Winter oil that gives you far greater surety than mere fast flow. It OIL-PLATES your engine.

Before any other oils can even start to go where needed, exclusive OIL-PLATING has already arrived! In fact, it's been there all the time, because Germ Process action on all moving parts leaves them lastingly OIL-PLATED.

OIL-PLATING cannot drain down. It smooths and speeds the first turn of your ice-cold engine. Saves battery juice. And you save quarts of oil this Winter, by changing now to Germ Processed at your Conoco Mileage Merchant's.

Write for "The Story of Oil-Plating", Dept. 1, Conoco, Ponca City, Okla.

GERM PROCESSED OIL

"I am a local independent merchant. My living depends on you people right here. I want you coming to my place steady. I want to be able to look you in the eye. That's why I've got Conoco in the eye. That's why I've got Conoco Products and Service for you. You'll get mileage that tells you I've got a right to be called Your Mileage Merchant."
